The Other Wes Moore Mar 05 2020 NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes

discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

G. E. Moore: Early Philosophical Writings Aug 10 2020 G. E. Moore's fame as a philosopher rests on his ethics of love

and beauty, which inspired Bloomsbury, and on his 'common sense' certainties which challenge abstract philosophical theory. Behind this lies his critical engagement with Kant's idealist philosophy, which is published here for the first time. These early writings, Moore's fellowship dissertations of 1897 and 1898, show how he initiated his influential break with idealism. In 1897 his main target was Kant's ethics, but by 1898 it was the whole Kantian project of transcendental philosophy that he rejected, and the theory which he developed to replace it gave rise to the new project of philosophy as logical analysis. This edition includes comments by Moore's examiners Henry Sidgwick, Edward Caird and Bernard Bosanquet, and in a substantial introduction the editors explore the crucial importance of the dissertations to the history of twentieth-century philosophical thought.

Believing God Mar 29 2022 “Is it working? Your belief system, that is. Is it really working? God’s intention all along has been for the believer’s life to work. From divine perspective toward terrestrial turf, God meant for his children to succeed. . . Are our Christian lives successful? Are they achieving and experiencing what Scripture said they would? In a recent sermon my son-in-law preached, Curt told us the only way we were going to impact the world and the next generation is to prove that our faith in Christ is real and that it works. For countless Christians I’m convinced it’s real. My concern is whether or not we have the fruit to suggest it works.”—Beth Moore; *Believing God*

The Undoing of Saint Silvanus Dec 26 2021 Exciting fiction premiere from beloved New York Times bestselling author Beth Moore. 2017 Christy Award finalist (General Fiction category) Only God knew why Jillian Slater agreed to return to New Orleans on the news that her father had finally drunk himself to death. It’s not like they were close. She hadn’t seen him—or her grandmother, the ice queen—in almost 20 years. But when Adella Atwater, the manager of her grandmother’s apartment house, called and said Jillian’s expenses would be paid if she’d fly in for the burial, a free trip to New Orleans was too intriguing to resist. What Adella didn’t tell her was that the apartment house wasn’t a house at all and, whatever it was, bore the dead weight of a long and painful history. As soon as Jillian meets the odd assortment of renters and realizes that her grandmother had no idea she was coming, she hatches a plan to escape. But the investigation into her father’s death quickly unfolds and Jillian is drawn into the lives of the colorful collection of saints and sinners who pass through Saint Silvanus. She soon discovers there is more at stake than she ever imagined. Who

is behind the baffling messages and the strange relics left on the steps? Is it possible that her family is actually cursed? Or is it just this crazy old house that holds them all under its spell? Jillian walks into a web of spiritual and personal danger borne out of her family's broken history, and despite Adella's wildest efforts, only God himself can orchestrate the undoing of all that is going on at Saint Silvanus.

Rhetoric, History, and Women's Oratorical Education Jul 09 2020 Historians of rhetoric have long worked to recover women's education in reading and writing, but have only recently begun to explore women's speaking practices, from the parlor to the platform to the varied types of institutions where women learned elocutionary and oratorical skills in preparation for professional and public life. This book fills an important gap in the history of rhetoric and suggests new paths for the way histories may be told in the future, tracing the shifting arc of women's oratorical training as it develops from forms of eighteenth-century rhetoric into institutional

and extrainstitutional settings at the end of the nineteenth century and diverges into several distinct streams of community-embodied theory and practice in the twentieth. Treating key rhetors, genres, settings, and movements from the early republic to the present, these essays collectively challenge and complicate many previous claims made about the stability and development of gendered public and private spheres, the decline of oratorical culture and the limits of women's oratorical forms such as elocution and parlor rhetorics, and women's responses to rhetorical constraints on their public speaking. Enriching our understanding of women's oratorical education and practice, this cutting-edge work makes an important contribution to scholarship in rhetoric and communication.

Marianne Moore and the Cultures of Modernity Jan 27 2022 Victoria Bazin examines the poetry of Marianne Moore as it is shaped by and responsive to the experience of being a modern woman, of living in the aftermath of the First World War, of being interpellated as a modern consumer and of writing in "the age of mechanical reproduction." She argues that Moore's textual collages and syllabic sculptures are based on the cultural clutter or debris of modernity, on textual extracts and reproductions, on the phantasmagoria of city life revealing something modernism worked hard to conceal: its relation to modernity, more specifically its relation to the new emerging and expanding mass consumer culture. Drawing extensively on archival resources to trace Moore's influences and to describe her own distinctive modernist aesthetic, this book argues that it was her feminist adaptation of pragmatism that shaped her poetic response to modernity. Moore's use of the quoted fragment is

conceptualised in relation not only to Walter Benjamin's philosophical history but also to William James's image of the world as a series of "partial stories." As such, this account of Marianne Moore not only contributes to a greater understanding of the poet and her work, but it also offers up a more politicized and historically nuanced understanding of poetic modernism between the wars, one that retains a sense of the formal complexities of poetic language and the poet's own ethical imperatives whilst also recognising the material impact of modernity upon the modernist poem. This book will appeal, therefore, not only to scholars already familiar with Moore's poetry but more widely to those interested in modernism and American culture between the wars.
