Don't Touch My Hair Dec 26 2021 Recent years have seen the conversation around black hair reach tipping point, yet detractors still proclaim 'it's only hair!' when it never is. This book seeks to re-establish the cultural significance of African hairstyles, using them as a blueprint for decolonisation. Over a series of wry, informed essays, the author takes us from pre-colonial Africa, through the Harlem Renaissance, Black Power and into today's Natural Hair Movement, the Cultural Appropriation Wars and beyond. We look at the trajectory from hair capitalists like Madam CJ Walker in the early 1900s to the rise of Shea Moisture today, touching on everything from women's solidarity and friendship, to forgotten African scholars, to the dubious provenance of Kim Kardashian's braids. The scope of black hairstyling ranges from pop culture to cosmology, from prehistoric times to the (afro)futuristic. Uncovering sophisticated indigenous mathematical systems - the bedrock of modern computing - in black hair styles, alongside styles that served as secret intelligence networks leading enslaved Africans to freedom, Don't Touch My Hair proves that far from being only hair, black hairstyling culture can be understood as an allegory for black oppression and, ultimately, liberation.

Tennyson Jan 15 2021 This is the only fully annotated and comprehensive selection of Tennyson's poetry. Acknowledged as a major achievement of editorial scholarship, it has established itself as the standard edition of Tennyson. The collection contains in full all four of Tennyson's long poems: The Princess, In Memoriam, Maud, and Idylls of the King. Other key works are included from Mariana, The Lady of Shallott, Morte d'Arthur, Ulysses, and Tithonus through Tennyson's middle life and the Ode on the Death of the Duke of Wellington, to his last years and Crossing the Bar.

War and Conflict Quotations Aug 10 2020 History is replete with pronouncements on war. Some reflect on man's warlike nature ("We are quick to flare up, we races of men on the earth"—Homer); others deal with the practical strategies of the combatants ("If Hitler invaded hell I would make at least a favorable reference to the devil in the House of Commons"—Winston Churchill); and still others offer advice for avoiding conflict ("The most disadvantageous peace is better than the most just war"—Desiderius Erasmus). More than 2,700 quotations on war and conflict are presented in this reference work. The quotations are arranged by more than 100 broad categories, from action to winning. For each, the quotation is first given, followed by its author, the work in which it appeared (when appropriate), and the date. The book includes numerous cross-references, and keyword-in-context and author indexes are provided for further utility.

Critical Thinking: The Art of Argument Nov 12 2020 With a complete, approachable presentation, CRITICAL THINKING: THE ART OF ARGUMENT, 2nd Edition, is an accessible yet rigorous introduction to critical thinking. The text emphasizes immediate application of critical thinking in everyday life and helps students apply the skills they are studying. The relevance of these skills is shown throughout the text by highlighting the advantages of basing one's decisions on a thoughtful understanding of arguments and presenting the overarching commonalities across arguments. With its conversational writing style and carefully selected examples, the book employs a consistent and unified treatment of logical form and an innovative semiformal method of standardizing arguments that illustrates the concept of logical form while maintaining a visible connection to ordinary speech. Without sacrificing accuracy or detail, the authors clearly present the material, with appropriate study tools and exercises that emphasize application rather than memorization. Wristwatch Annual 2019: The Catalog of Producers, Prices, Models, and Specifications Jun 07 2020 The essential guide for the collector of mechanical wristwatches, with complete information on over 1,400 models from some 130 international brands With *Wristwatch Annual*, collectors have at hand a wealth of information on the latest offerings from today's most important watch producers, from Swiss mainstays like Rolex and Patek Philippe to the maverick independent brands springing up across Europe and the U.S. The book is arranged alphabetically by producer, and the movement, functions, case, band, price, and variations of each pictured watch are fully described. This year's edition, like its predecessors, will feature a variety of additional articles on independent watchmaking, key personalities in the watch world, and the technical aspects of horology. An illustrated glossary and a primer on watch care help acclimate the reader to the world of fine timepieces.
