Times-bestselling author Craig Johnson. Full of Longmire's dry wit and good heart, Christmas in Absaroka County is a holiday must-have for every Longmire and Craig Johnson fan, and it also includes the first chapter of *The Cold Dish*, the first novel in the Longmire Mystery Series. Readers glimpse a softer side of Sheriff Walt Longmire as he grapples with the death of his wife, Martha, and his sometimes turbulent but ever-loving relationship with his daughter, Cady. In these four stories—"Ministerial Aid," "Slick-Tongued Devil," "Toys for Tots," and "Unbalanced" (three of which have been sent to Johnson's fans over the years in the

author's "Post-it" e-mails)—Walt is alternately at his best and his worst. He helps a somewhat delusional elderly victim of domestic abuse while sporting a bathrobe and a mean hangover on New Year's Day. He's sidelined by grief when his wife's obituary reappears in the paper and there's an unexpected knock on his door two days before Christmas. He strives to help even those who don't want it when he picks up a young female hitchhiker, and he's forced into some last-minute Christmas shopping by the Greatest Legal Mind of Our Time, during which he might just end up saving a young Navy chaplain's Christmas.

Killer Triggers Sep 25 2019

The most common triggers for homicide are fear, rage, revenge, money, lust, and, more rarely, sheer madness. This isn't an exact science, of course. Any given murder can have multiple triggers. Sex and

revenge seem to be common partners in crime. Rage, money, and revenge make for a dangerous trifecta of triggers, as well. This book offers my memories of homicide cases that I investigated or oversaw. In each case, I examine the trigger that led to death. I chose this theme for the book because even though the why of a murder case may not be critical in an investigation, it can sometimes lead us to the killer. And even if we solve a case without knowing the trigger, the why still intrigues us, disrupting our dreams and lingering in our minds, perhaps because each of us fears the demons that lie within our own psyche—the triggers waiting to

of your books in the future." Kerianns "Warned Off is the first book in the Eddie Malloy series. Eddie is a tough, angry former jockey enlisted to find the person responsible for a pair of grisly maimings and a murder, crimes so horrific that only someone with nothing to lose would take them on. This is a first-rate thriller set in the world of horse racing, but even someone like me who knows nothing about horse racing (or horses, really, except for which end kicks and which end bites) will be sucked in from the first page. I've read the first two books out of order, but I'd recommend starting at the first, with Warned Off. Can't wait to read the rest!"

The Legend of Colton H Bryant
Oct 26 2019 Colton H. Bryant grew up in Wyoming and never once wanted to leave it. Wyoming loved him and he loved it back. Two things helped Colton get through school and the neighbourhood bullies: his best friend Jake and his favourite mantra: Mind over matter-- which meant to him: if you don't mind, it don't matter. Colton and Jake grew up wanting nothing more than the freedom to sleep out under the great Wyoming night sky, and to be just like Jake's dad, Bill, a strong, gentle man of few words who can ride rodeo like nobody's business. When Colton started work as a driller on a rig, despite his young wife

His family received no compensation. The strong, sad story of Colton H. Bryant's life could not be told without the telling of the land that grew him, where there are still such things as cowboys roaming the plains, where it is relationships that get you through and where a simple, soulful and just man named Colton H. Bryant lived and died.

author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden—especially one like Joe who won't take bribes or look the other way—is far from popular. When he finds a local hunting outfitter dead, splayed out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the "outfitter murders," as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate,

uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the

endangered species and InterWest, the closer he comes to losing everything he holds dear.
