Chevrolet Inline-6 Engine 1929-1962 Jun 25 2019 Chevrolet's inline 6-cylinder, affectionately known as the "Stovebolt," was produced and applied to Chevrolet-powered automobiles from 1929 through 1962. Its effectiveness and simplicity greatly contributed to the lengthy duration of its life span, with the engine still being created in some capacity into 2009.

Deve Krehbiel of devestech.net has taken his decades of knowledge on the inline-6 and created the ultimate resource on rebuilding the Stovebolt Chevrolet powerplant. Using color photography with step-by-step sequencing, Deve takes you through the disassembly, rebuild, and reassembly of these engines, including rebuilding the carburetor, distributor, and intake/exhaust systems. Tech Tips highlight areas that can be overlooked, such as proper cleaning and determining if a part is reusable, and an appendix provides information on decoding casting numbers. With millions of Chevrolets built with an inline-6 engine, there's no shortage of candidates for a rebuild. With Chevrolet Inline-6 Engine: How to Rebuild, you will now have the perfect complementary tool to walk you through the entire engine-rebuilding process. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Broken Trust Feb 11 2021 Ray Eastwood heads to Jackson, Wyoming, looking for a distraction—and he finds one. His cousin Graham is missing, leaving behind a cranky girlfriend and a cryptic message but little else. Teaming up with a vivacious park ranger named Lauren, Ray deciphers Graham's message and follows it to a variety of Jackson Hole landmarks. Each is somehow tied to a century-old contract, a power struggle between two of the area's prominent families, and a cult-like belief rooted in the valley's mystical aura. The more they learn, the more questions Ray and Lauren have—and the more they fear the worst about Graham. Set against the panorama of the Teton Mountains, Broken Trust explores the lust for power, the relationship between the mystic and the divine, and the depths of loyalty and friendship . . . and ends with a bang!
