***Singled Out* Sep 12 2021 "[An] excellent exercise in narrative nonfiction." --Booklist (starred review) From New York Times bestselling author Andrew Maraniss comes the remarkable true story of Glenn Burke, a "hidden figure" in the history of sports: the inventor of the high five and the first openly gay MLB player. Perfect for fans of Steve Sheinkin and Daniel James Brown. On October 2nd, 1977, Glenn Burke, outfielder for**

the Los Angeles Dodgers, made history without even swinging a bat. When his teammate Dusty Baker hit a historic home run, Glenn enthusiastically congratulated him with the first ever high five. But Glenn also made history in another way--he was the first openly gay MLB player. While he did not come out publicly until after his playing days were over, Glenn's sexuality was known to his teammates, family, and friends. His MLB career would be cut short after only three years, but his legacy and impact on the athletic and LGBTQIA+ community would resonate for years to come. New York Times bestselling author Andrew Maraniss tells the story of Glenn Burke: from his childhood growing up in Oakland, his journey to the MLB and the World Series, the joy in discovering who he really was, to more difficult times: facing injury, addiction, and the AIDS epidemic. Packed with black-and-white photographs and thoroughly researched, never-before-seen details about Glenn's life, *Singled Out* is the fascinating story of a trailblazer in sports--and the history and culture that shaped the world around him. Praise for *Singled Out*: "A compelling narrative . . . This is a meticulously researched history of the ways queer culture in the '70s intersected with baseball, Blackness, and larger culture wars, with one man at their center." --Kirkus Reviews

Playing on the Edge Aug 11 2021 Representations of consensual sadomasochism range from the dark, seedy undergrounds of crime thrillers to the fetishized pornographic images of sitcoms and erotica. In this pathbreaking book, ethnographer Staci Newmahr delves into the social space of a public, pansexual SM community to understand sadomasochism from the inside out. Based on four years of in-depth and immersive participant observation, she juxtaposes her experiences in the field with the life stories of community members, providing a richly detailed portrait of SM as a social space in which experiences of "violence" intersect with experiences of the erotic. She shows that SM is a recreational and deeply gendered risk-taking endeavor, through which participants negotiate boundaries between chaos and order. *Playing on the Edge* challenges our assumptions about sadomasochism, sexuality, eroticism, and emotional experience, exploring what we mean by intimacy, and how, exactly, we achieve it.

Beyond Shame Aug 31 2020 A dangerous world of sex, lust and violence... All Noelle Cunningham has ever wanted is a life beyond--beyond the walls of Eden, where only the righteous are allowed to remain, and beyond her stiflingly restrictive existence as a councilman's daughter. But only ruins lie outside the City, remnants of a society destroyed by solar storms decades earlier. The sectors surrounding Eden house the corrupt, the criminal--men like Jasper McCray, bootlegger and cage fighter. Jas clawed his way up from nothing to stand at the right hand of Sector Four's ruthless leader, and he'll defend the O'Kane gang with his life. But no fight ever prepared him for the exiled City girl who falls at his feet. Her innocence is undeniable, but so is their intense sexual attraction, and soon they're crossing every boundary Noelle barely knew she had. But if she wants to belong to Jas, first she'll have to open herself to a world where passion is power, and freedom is found in submission.

Raising Tomorrow's Champions Oct 21 2019 Ask most of the millions of pre-teen soccer-playing girls in America if they plan to make the U.S. Women's National Team someday and the answer for them - and most of their parents - will be a resounding "Yes!" Among the most successful international teams in any sport in the past three

decades, the USNWT has emerged as a collective cultural icon, with its individual members redrafting the very definition of female across the globe. With the lines blurring between male and female behavior, girls are competing ferociously and celebrating wildly without apology. Women are demanding gender and racial equity, while dressing and speaking authentically, and loving however and whomever they choose. The reality is that making the National Team is about as likely as winning the lottery. Of the tens of millions of soccer players since the team was formed in 1985, fewer than 250 women have ever made it to the highest level as of 2020. In *Raising Tomorrow's Champions*, one of those players, 16-year professional Joanna Lohman, joins current soccer dad and 40-year journalist Paul Tukey to share the team members' stories, from the early pioneers like Michelle Akers, Brandi Chastain and Mia Hamm, who are now parents themselves, to modern-day household names like Abby Wambach, Alex Morgan and Megan Rapinoe. For a true picture of what makes these women champions, Joanna and Paul also talked to their parents, coaches and teammates. The result of this unprecedented access to the National Team is an intimately revealing portrait of what it takes to make it to the top, not just in soccer, but in life. Not every child will make the most elite team, but the choices they - and their families - make in the face of challenge and adversity may define their childhood, their high school experiences, their college options, and their path forward in life. Not every child will necessarily even play soccer, but the lessons shared within *Raising Tomorrow's Champions* can help him or her become accomplished, authentic, and satisfied adults no matter what path they choose.
