[Our Madiba](#) Oct 24 2021 Meeting Mandela in 1990 changed Melanie Verwoerd's life dramatically. As her personal tribute to Madiba, Melanie Verwoerd started collecting anecdotes and asked those who had stories of meetings with Mandela to send these to her.

Indian War Sites Mar 05 2020 From the Seminole Wars to the Little Big Horn, the history of America's native peoples and their contacts with those seeking to settle or claim a new land has often been marked by violence. The sites of these conflicts, unlike many sites related to the American Revolution and the War Between the States, are often difficult to locate,

and information on these battles is frequently sketchy or unclear. This reference work provides essential information on these sites. The arrangement is by state, with sections for Canada and Mexico. Each entry has information about how to find the site, tours, museums, and resources for further study. In addition, there is a chronological list of battles and other encounters between Indians and non-Indians, including dates, location in the text, and the larger conflict of which each battle was a part. There is an index of battle locations and an index of prominent people involved. The bibliography and site listings are cross-referenced for further research.

In Search of Western Oregon Nov 24 2021 Distributed by the University of Nebraska Press for Caxton Press This is the definitive guide for things to see and to do in western Oregon. This volume is packed with historical details, folklore, anecdotes, geology, fishing, flora, fauna, biography, hiking trails, and a good deal more. These elements are combined with photos of thousands of off-the-beaten-path finds.

75 Hikes in Oregon's Coast Range and Siskiyou Apr 05 2020 * Guidebook includes a range of hikes, from short day trips to backpacking trails* 44 trail maps and 75 photos for this breathtaking section of Oregon* Lists trail length, elevation change, hiking difficulty, and moreThe first guidebook for western Oregon's Coast and Siskiyou mountain ranges is a comprehensive trail guide to the hiking routes of the region. Follow the roar of a waterfall or walk through towering redwoods. Hike trails that run beside wild rivers or up to spectacular Oregon summit views. In this guidebook you'll find the hike you're looking for, whether it's a short day trip or a multi-day backpacking route. Each thorough description includes information on distance, elevation, difficulty, availability of water, best season to go, and more. With tips on clothing, preparation, wilderness courtesy, and safety, this is the ultimate guidebook for exploring Oregon's beautiful Coast Range and Siskiyou.

The Rogue River Indian War and Its Aftermath, 1850-1980 Aug 02 2022 From 1855 to 1856 in western Oregon, the Native peoples along the Rogue River outmaneuvered and repeatedly drove off white opponents. In The Rogue River

Indian War and Its Aftermath, 1850–1980, historian E. A. Schwartz explores the tribal groups' resilience not only during this war but also in every period of federal Indian policy that followed. Schwartz's work examines Oregon Indian people's survival during American expansion as they coped with each federal initiative, from reservation policies in the nineteenth century through termination and restoration in the twentieth. While their resilience facilitated their success in adjusting to white society, it also made the people known today as the Confederated Tribes of Siletz Indians susceptible to federal termination programs in the 1970s—efforts that would have dissolved their communities and given their resources to non-Indians. Drawing on a range of federal documents and anthropological sources, Schwartz explores both the history of Native peoples of western Oregon and U.S. Indian policy and its effects.

DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Silence Jul 01 2022 A dead conspiracy theorist. A mass murderer. Two cases collide for Callahan and McLane in a pulse-pounding thriller by Wall Street Journal and Amazon Charts bestselling author Kendra Elliot. A man is savagely murdered outside Portland, and Detective Mason Callahan finds blood-spatter evidence that tells a troubling story. Files reveal the murder victim, Reuben Braswell, was a radical conspiracist. In his home, investigators find pages of diatribes against law enforcement as well as ties to Mason's fiancée, FBI special agent Ava McLane. The victim was her informant--and had strong reasons to be paranoid. To Ava, Braswell's rants were those of a wearying and harmless man...until they collide with her investigation into the murders of police officers and finding the connection becomes urgent. Meanwhile, Braswell's brother and Ava's twin sister both disappear, and disturbing acts of sabotage target Ava's personal life. For Mason and Ava, the brutal crimes and escalating mysteries create a perfect storm for a terrorist conspiracy that becomes dangerously personal--one that has yet to claim its last victim.

A Merciful Death Jul 21 2021 FBI special agent Mercy Kilpatrick has been

waiting her whole life for disaster to strike. A prepper since childhood, Mercy grew up living off the land--and off the grid--in rural Eagle's Nest, Oregon. Until a shocking tragedy tore her family apart and forced her to leave home. Now a predator known as the cave man is targeting the survivalists in her hometown, murdering them in their homes, stealing huge numbers of weapons, and creating federal suspicion of a possible domestic terrorism event. But the crime scene details are eerily familiar to an unsolved mystery from Mercy's past. Sent by the FBI to assist local law enforcement, Mercy returns to Eagle's Nest to face the family who shunned her while maintaining the facade of a law-abiding citizen. There, she meets police chief Truman Daly, whose uncle was the cave man's latest victim. He sees the survivalist side of her that she desperately tries to hide, but if she lets him get close enough to learn her secret, she might not survive the fallout...

Backpacker Dec 02 2019 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Tyranny of Metrics Aug 29 2019 Today, organizations of all kinds are ruled by the belief that the path to success is quantifying human performance, publicizing the results, and dividing up the rewards based on the numbers. But in our zeal to instill the evaluation process with scientific rigor, we've gone from measuring performance to fixating on measuring itself. The result is a tyranny of metrics that threatens the quality of our lives and most important institutions. In this timely and powerful book, Jerry Muller uncovers the damage our obsession with metrics is causing--and shows how we can begin to fix the problem. Filled with examples from education, medicine, business and finance, government, the police and military, and philanthropy and foreign aid, this brief and accessible book explains why the seemingly irresistible pressure to quantify performance distorts and distracts, whether by encouraging "gaming the stats" or "teaching to the test." That's because what can and does get measured is not always worth measuring, may not be what we really want to know, and may draw effort away from the things we care about. Along the way, we learn why paying for measured performance doesn't work, why surgical scorecards may increase deaths, and much more. But metrics can be good when used as a complement to--rather than a replacement for--judgment based on personal experience, and Muller also gives examples of when metrics have been beneficial. Complete with a checklist of when and how to use metrics, *The Tyranny of Metrics* is an essential corrective to a rarely questioned trend that increasingly affects us all.

The Secret of the Island Jun 07 2020 Books for All Kinds of Readers. ReadHowYouWant offers the widest selection of on-demand, accessible format editions on the market today. Our 7 different sizes of EasyRead are optimized by increasing the font size and spacing between the words and the

letters. We partner with leading publishers around the globe. Our goal is to have accessible editions simultaneously released with publishers' new books so that all readers can have access to the books they want to read.
