**LEAD ME LORD** Sep 20 2021 As he fell at her feet unconscious, Pam had no idea that her otherwise healthy eight-year-old son was suffering a very severe brain hemorrhage. Nor did she realize that she was taking the very first step of an arduous and painful journey that would demand so much of her. Led into the shadow of death, this grief-stricken mother had no choice but to embrace a very devastating cross and to reconcile it with the God she thought she knew. Seventy-three days in the hospital, she walked the path of Calvary with her son as he struggled to survive and breathe, to eat and walk once again. Through the chaos, confusion, devastation, and darkness, Pam found sparks of hope igniting at every turn. Hope in the truly miraculous. Hope in restoration. Hope in the God she had known and loved. This story of suffering and salvation is the journey of a soul who found the love of her God within the cross she was asked to carry. It is a journey of painful scars but of even greater blessings—a journey of tremendous suffering but also unfathomable grace. Between the covers of this book is a glimpse into the heart of one woman and her discovery of Christ within her wounds. For anyone suffering under the weight of a very heavy cross, this is a story of hope in the promises of God. A story of trust when the road is difficult. A story of countless blessings on the journey as a very battered Sam was brought forth from the grave and incrementally led to the resurrection—bringing his whole family and an entire community of believers with him. "And after you have suffered a little while, the God of all grace, who has called you to His eternal glory in Christ, will Himself restore, confirm, strengthen, and establish you" (1 Peter 5:10).

**Dare to Lead** Apr 03 2020 In her #1 NYT bestsellers, Brené Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognizing the potential in people and ideas, and developing that potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Brené Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? *Dare to Lead* answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Brené writes, 'One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here.'

**Follow me! I Will Lead You!** Jul 19 2021 Follow me! I will lead you! were the last words of Lt. Col. George Brenton Laurie, who commanded the 1st Battalion Royal Irish Rifles and was killed at Neuve Chapelle in March, 1915. He died with his revolver in hand while leading his men in an assault on the German lines. Laurie left behind a remarkable collection of letters, which provide us with a privileged insight into the day to day experience of a battalion commander and his struggles to make sense of the developing madness of trench warfare.??Leading his battalion amidst the constant mud, shelling, sniping and waterlogged trenches of Flanders occupied every waking moment of the life of Lt. Col. Laurie, from the moment the battalion was deployed in November, 1914 through to his death in March, 1915.??His surviving letters give a clear sense of the ever present danger from the bullets, and shells, and the miserable squalor?endured by the men who fought the early trench battles during the first winter of the Great War. Laurie was a hands on?commander who visited the front lines daily, and this fascinating collection provides an all too rare primary account of?the BEF as witnessed from the perspective of a battalion commander.

Why Should Anyone Be Led by You? Dec 12 2020 Too many companies are managed not by leaders, but by mere role players and faceless bureaucrats. What does it take to be a real leader—one who is confident in who she is and what she stands for, and who truly inspires people to achieve extraordinary results? Rob Goffee and Gareth Jones argue that leaders don't become great by aspiring to a list of universal character traits. Rather, effective leaders are authentic: they deploy individual strengths to engage followers' hearts, minds, and souls. They are skillful at consistently being themselves, even as they alter their behaviors to respond effectively in changing contexts. In this lively and practical book, Goffee and Jones draw from extensive research to reveal how to hone and deploy one's unique leadership assets while managing the inherent tensions at the heart of successful leadership: showing emotion and withholding it, getting close to followers while keeping distance, and maintaining individuality while "conforming enough." Underscoring the social nature of leadership, the book also explores how leaders can remain attuned to the needs and expectations of followers. *Why Should Anyone Be Led By You?* will forever change how we view, develop, and practice the art of leadership, wherever we live and work.

**Follow Me: Leading from the Front** Jan 13 2021 The power of example is unmistakable, writes Kristensen. He believes you have to lead from the front. You have to go first. Knowing that you'll be there in both good times and bad - not just at the office party but also when the going gets tough - engenders trust and confidence among your employees. Basing his observations on his own experience, Kristensen also offers a range of effective tools to create a unique strategy with a consistent focus on tough training and putting together a dream team. This is the foundation of world-class leadership. The book also takes issue with 'Rambo-style' leadership and rigid discipline. Kristensen's provocative message is this: you've got to love your employees. Ultimately, they are the ones who get results, and only when they know you care about them will they be willing to follow you through fire and water. The 'New Nordic Leadership' is the new leadership mindset. Follow it.

**The Leader in Me** Mar 03 2020 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The *Leader in Me* is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B. Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.
