Beyond Binaries Aug 06 2020 This book examines representations and experiences of trans and nonbinary identities in a variety of contemporary cultural contexts including media, religion, sports, race, film, performance, and literature. Mixing auto-ethnographies and supportive scholarship, the contributors to this volume deliver a global perspective on the accomplishment that have been made alongside the challenges that members of the LGBTQIA+ community continue to face.

Contesting Religious Identities Jun 15 2021 In *Contesting Religious Identities*, scholars of religion offer new pathways to rethink the place of religion in modern, secular societies.

Sexuality in the Arab World Aug 18 2021 Illuminating essays by prominent sociologists.

Cards of Identity Jan 29 2020 'Formerly, he thinks to himself, an artist took real people and transformed them into painted ones: how much finer and more satisfying is the modern method of assuming that people are not real at all, only self-painted, and of proceeding to make them real by giving them new selves based on the best-available theories of human nature...' In Nigel Dennis's 1955 novel - instantly acclaimed as a satirical masterpiece - a long-empty country house is reopened by Captain Mallet, his wife, and his dashing son Beaufort. Their task is to prepare for the annual summer conference of 'The Identity Club': a group of psychologists firmly of the view that people can be instructed as to who they really are and, consequently, persuaded to do well-nigh anything. 'I have read no novel published during the last fifteen years with greater pleasure and admiration.' W.H. Auden, 1955 'One of the funniest, most intelligent and far-reaching pieces of satire.' *Times Japanese Studies* Feb 09 2021 Papers presented at the three day International Conference on "Changing Global Profile of Japanese Studies : Trends and Prospects", held at New Delhi during 6-8 March 2009.

Trigonometry Sep 06 2020 Designed for the one-term course in trigonometry, the Third Edition incorporates all of the many teaching and learning tools that have made Zill's texts a resounding success. A rich pedagogy and an extensive supplements package make this text a must-have resource for students and instructors alike. Zill takes care to include a full set of engaging and motivating features for students including, a wide range of word problems and specific applications, historical accounts of mathematicians, and a strong variety of relevant exercises. These extensive exercises give students the opportunity to test their comprehension, challenge their understanding, and apply their knowledge to real-world situations.

Identity, Morality, and Threat Sep 18 2021 *Identity, Morality, and Threat* offers a critical examination of the social psychological processes that generate outgroup devaluation and ingroup glorification as the source of conflict. Dr. Daniel Rothbart and Dr. Karina Korostelina bring together essays analyzing the causal relationship between escalating violence and opposing images of the Self and Other. The essays confront the practice of demonizing the Other as a justification for violent conflict and the conditions that enable these distorted images to shape future decisions. The authors provide insight into the possibilities for transforming threat-narratives into collaboration-narratives, and for changing past opposition into mutual understanding. *Identity, Morality, and Threat* is a strong contribution to the study of identity-based conflict and psychological defenses.

Hybrid Identities and Adolescent Girls Oct 20 2021 This book examines the ethnic, gendered, and embodied 'hybrid' identities of 'half-Japanese' girls in Japan, colourfully narrated through their own voices. The girls struggle to positively construct their identities into positions of control over disempowering discourses of 'otherness', while also celebrating cultural capital as they negotiate their constructed identities of 'Japaneseness', 'whiteness' and 'halfness/doubleness'.

Encyclopedia of the Mind Feb 21 2022 It's hard to conceive of a topic of more broad and personal interest than the study of the mind. In addition to its traditional investigation by the disciplines of psychology, psychiatry, and neuroscience, the mind has also been a focus of study in the fields of philosophy, economics, anthropology, linguistics, computer science, molecular biology, education, and literature. In all these approaches, there is an almost universal fascination with how the mind works and how it affects our lives and our behavior. Studies of the mind and brain have crossed many exciting thresholds in recent years, and the study of mind now represents a thoroughly cross-disciplinary effort. Researchers from a wide range of disciplines seek answers to such questions as: What is mind? How does it operate? What is consciousness? This encyclopedia brings together scholars from the entire range of mind-related academic disciplines from across the arts and humanities, social sciences, life sciences, and computer science and engineering to explore the multidimensional nature of the human mind.

Routledge Handbook of Identity Studies May 27 2022 The Routledge Handbook of Identity Studies offers an exceptionally clear overview of the analysis of identity in the social sciences, and in so doing seeks to develop a new agenda for identity-studies in the twenty-first century. The key theories of identity, ranging from classical accounts to postmodern, psychoanalytic and feminist approaches, are drawn together and critically appraised, and there are substantive sections looking at racial, ethnic, gendered, queer, consumerist, virtual and global identities. The Handbook also makes an essential contribution to the debate now opening up over identity-politics and its cultural consequences. From anti-globalization protestors to new ecological warriors, from devotees of therapy culture to defenders of international human rights: the culture of identity-politics is fast redefining the public political sphere. What future for politics is there after the turn to identity? Throughout there is a strong emphasis on interdisciplinarity with essays covering sociology, psychology, politics, cultural studies and history. The Handbook's clear and direct style will appeal to a wide undergraduate audience in the social sciences and humanities.

Queer Art Camp Superstar Jan 11 2021 The first book-length study of Trecartin's artistic genealogy, evolving aesthetics, radical approach to digital and Internet culture, and impact on contemporary art, film, and media. Hailed as "the most consequential artist to have emerged since the nineteen-eighties," American artist and filmmaker Ryan Trecartin has received numerous accolades for his kaleidoscopic, multilayered movies and multimedia installations. However, there exists to date no comprehensive study of this prolific artist's work. *Queer Art Camp Superstar* compensates for this absence of sustained critical analysis of Trecartin's work by looking closely at a selection of his most significant movies in order to discern the artist's artistic genealogy, evolving aesthetics, radical approach to digital and Internet culture, and impact on contemporary art, film, and media. Examining Trecartin's substantial body of work, spanning from his early, pre-YouTube era series *Early Baggage* (2001–2003) to *Temple Time* (2016), Ricardo E. Zulueta adheres to a faithful chronological order, thus inviting readers to witness the ways thematic and formal concerns have evolved from Trecartin's earliest movies to his more recent multimedia cinematic installations. Through precisely chosen screen captures extracted directly from the movies, Zulueta demonstrates the serious attention paid to camera angles, mise-en-scène, and shot transitions, thus revealing and reflecting on the concepts that underwrite and are underwritten in these narratives. Giving careful attention to Trecartin's network of layered references to the grotesque and abject, carnivalesque and ludic, and camp imagery, Zulueta illustrates and explains how the artist takes on reality television, technology, fashion, consumption, and cyberspace. Ricardo E. Zulueta is an artist and scholar who examines the interdisciplinary connections between contemporary art, film and media, gender and sexuality, and fashion studies. He has served as Lecturer at the University of Miami. His writing has appeared in *Film and History* and *Fashion Theory*, as well as in a number of books and catalogues. He is a recipient of fellowships from the New York Foundation for the Arts, Cintas Foundation, and National Foundation for Advancement in the Arts.

Bones in a Basket Jun 27 2022 One of the great conundrums of Egyptology is the identity of the pharaoh whose skeletal remains were found in Valley of the Kings Tomb 55 in 1907. The two candidates are heretic king Waenre Akhenaten & his brother, coregent & successor, Ankhkheperure Smenkhkare. In order to unravel this mystery, this volume re-examines the discovery & clearance of KV55, popularly known as the "Amarna Cache," one of the most-botched excavations in all of Egyptian archaeology.

In Fashion: Culture, Commerce, Craft, and Identity Jul 17 2021 For the international cast of contributors to this volume being “in fashion” is about self-presentation; defining how fashion is presented in the visual, written, and performing arts; and about design, craft manufacturing, packaging, marketing, and archives.

Farming the Home Place Mar 13 2021 In 1919, against a backdrop of a long history of anti-Asian nativism, a handful of Japanese families established Cortez Colony in a bleak pocket of the San Joaquin Valley. Valerie Matsumoto chronicles conflicts within the community as well as obstacles from without as the colonists responded to the challenges of settlement, the setbacks of the Great Depression, the hardships of World War II internment, and the opportunities of postwar reconstruction. Tracing the evolution of gender and family roles of members of Cortez as well as their cultural, religious, and educational institutions, she documents the persistence and flexibility of ethnic community and demonstrates its range of meaning from geographic location and web of social relations to state of mind.

The Construction of Exodus Identity in Ancient Israel Jul 25 2019 Collective identity creates a sense of “us-ness” in people. It may be fleeting and situational or long-lasting and deeply ingrained. Competition, shared belief, tragedy, or a myriad of other factors may contribute to the formation of such group identity. Even people detached from one another by space, anonymity, or time, may find themselves in a context in which individual self-concept is replaced by a collective one. How is collective identity, particularly the long-lasting kind, created and maintained? Many literary and biblical studies have demonstrated that shared stories often lie at the heart of it. This book examines the most repeated story of the Hebrew Bible—the exodus story—to see how it may have functioned to construct and reinforce an enduring collective identity in ancient Israel. A tool based on the principles of the social identity approach is created and used to expose identity construction at a rhetorical level. The author shows that exodus stories are characterized by recognizable language and narrative structures that invite ongoing collective identification.

Dennis Brutus' Poetics of Revolt Aug 30 2022 This book is a refreshing and innovative reading of Dennis Brutus' poetry, underlining its concern for suffering humanity in the apartheid context and beyond. Through a cogent critical analysis of the poetry from a multifaceted perspective, the work brings to the fore the different motifs, strategies and artistry with which Brutus succeeds in initiating revolt through art. It explains how the poet's engagement with the poetics of place, apartheid laws, police brutality, questions of travel and language foregrounds these as tropes or metaphors for reinforcing the despicable apartheid image and influencing popular revolt against the system.

Professional Learning in a School-Based Community of Science Teachers Sep 26 2019 This book conceptualises professional learning as the engagement of teachers in a virtues-based personal reflection and/or public discourse around the episteme, techne and phronesis in the spaces ‘in-between’ the metaphors of understanding community: meanings, practice, and identity.

Fantasy Oct 08 2020 Using a broad definition of fantasy to include myth, folklore, legend and fairy tale, this survey of the genre will entice as well as inform any student interested in the mysterious, mystical or magical. Beloved authors like J. R. R. Tolkien, Ursula K. Le Guin, William Morris and Robert E. Howard are examined closely.

Shivaji The Grand Rebel Apr 13 2021 “States fall, empires break up, dynasties become extinct, but the memory of a true “hero as King” like Shivaji remains an imperishable historical legacy...” – Jadunath Sarkar, House of Shivaji (1919) Shivaji Bhonsle was an Indian warrior king who went on to lay the foundation of the strong Maratha Empire. The first Chhatrapati, he is known to have outdone his predecessors as well as successors in giving an identity and status to Marathas. A tactful military commander and skilled administrator, he steadily built his army from a mere two thousand soldiers to almost five-fold, and also developed a naval force. He defeated Afzal Khan and Adil Shah, giving strong resistance to the Mughal forces. From forming guerilla forces to immensely contributing in the development of the civilization of Marathas, he carved a niche in all spheres of operation. Shivaji: The Great Rebel explores the lifespan of Shivaji as an Indian king who instigated a new fire in the hearts of people against the Mughal Empire and taught them to fight for their rights. It highlights Shivaji as one of the prominent rulers to inspire people to fight for Hindu pride and raise their voice against cruelty. He stood up to guard and preserve the nation's honour, and is a great source of inspiration till date.

Why Old Places Matter Mar 25 2022 This book explores the reasons that old places matter to people such as the feelings of belonging, continuity, stability, identity and memory, as well as the more traditional reasons, such as history, national identity, and architecture. This book brings these ideas together in evocative language and with illustrative images.

Here Comes the Sun Jun 03 2020 Capturing the distinct rhythms of Jamaican life and dialect, Nicole Dennis-Benn pens a tender hymn to a world hidden among pristine beaches and the wide expanse of turquoise seas. At an opulent resort in Montego Bay, Margot hustles to send her younger sister, Thandi, to school. Taught as a girl to trade her sexuality for

survival, Margot is ruthlessly determined to shield Thandi from the same fate. When plans for a new hotel threaten their village, Margot sees not only an opportunity for her own financial independence but also perhaps a chance to admit a shocking secret: her forbidden love for another woman. As they face the impending destruction of their community, each woman—fighting to balance the burdens she shoulders with the freedom she craves—must confront long-hidden scars. From a much-heralded new writer, *Here Comes the Sun* offers a dramatic glimpse into a vibrant, passionate world most outsiders see simply as paradise.

Violence, Otherness and Identity in Isaiah 63:1-6 May 03 2020 Violence disturbs. And violent depictions, when encountered in the biblical texts, are all the more disconcerting. Isaiah 63:1-6 is an illustrative instance. The prophetic text presents the "Arriving One" in gory details ('trampling down people'; 'pouring out their lifeblood' v.6). Further, the introductory note that the Arriving One is "coming from Edom" (cf. v.1) may suggest Israel's unrelenting animosity towards Edom. These two themes: the "gory depiction" and "coming from Edom" are addressed in this book. Irudayaraj uses a social identity reading to show how Edom is consistently pictured as Israel's proximate and yet 'other'-ed entity. Approaching Edom as such thus helps situate the animosity within a larger prophetic vision of identity construction in the postexilic Third Isaian context. By adopting an iconographic reading of Isaiah 63:1-6, Irudayaraj shows how the prophetic portrayal of the 'Arriving One' in descriptions where it is clear that the 'Arriving One' is a marginalised identity correlates with the experiences of the "stooped" exiles (cf 51:14). He also demonstrates that the text leaves behind emphatic affirmations ('mighty' and 'splendidly robed' cf. v.1; "alone" cf. v.3), by which the relegated voice of the divine reasserts itself. It is in this divine reassertion that the hope of the Isaian community's reclamation of its own identity rests.

Soul Intent Nov 28 2019 In 1946, soon-to-be-executed Nazi General Hermann Goering asks young Soul Identity overseer Archibald Morgan to take his looted gold and deposit it in a soul line collection, there to await his soul's rebirth. Sixty-four years later, a repentant Morgan opens Goering's collection and discovers the gold is gone. In its place lies a cryptic journal. *Soul Identity* Nov 01 2022 You can't take it with you... but what if you could? Most people believe their souls outlive their bodies. Most people would find an organization that tracks their souls into the future and passes on their banked money and memories compelling. Scott Waverly isn't like most people. He spends his days finding and fixing computer security holes. And Scott is skeptical of his new client's claim that they have been calculating and tracking soul identities for almost twenty-six hundred years. Are they running a freaky cult? Or a sophisticated con job? Scott needs to save Soul Identity from an insider attack. Along the way, he discovers the importance of the bridges connecting people's lives.

Elsewhere in America Dec 10 2020 Americans think of their country as a welcoming place where everyone has equal opportunity. Yet historical baggage and anxious times can restrain these possibilities. Newcomers often find that civic belonging comes with strings attached—riddled with limitations or legally punitive rites of passage. For those already here, new challenges to civic belonging emerge on the basis of belief, behavior, or heritage. This book uses the term "elsewhere" in describing conditions that exile so many citizens to "some other place" through prejudice, competition, or discordant belief. Yet, in another way, "elsewhere" evokes an undefined "not yet" ripe with potential. In the face of America's daunting challenges, can "elsewhere" point to optimism, hope, and common purpose? Through 12 detailed chapters, the book applies critical theory in the humanities and social sciences to examine recurring crises of social inclusion in the U.S. After two centuries of incremental "progress" in securing human dignity, today the U.S. finds itself torn by new conflicts over reproductive rights, immigration, health care, religious extremism, sexual orientation, mental illness, and fear of terrorists. Is there a way of explaining this recurring tendency of Americans to turn against each other? *Elsewhere in America* engages these questions, charting the ever-changing faces of difference (manifest in contested landscapes of sex and race to such areas as disability and mental health), their spectral and intersectional character (recent discourses on performativity, normativity, and queer theory), and the grounds on which categories are manifest in ideation and movement politics (metapolitics, cosmopolitanism, dismodernism).
