Medicare Aug 19 2021 In FY 2004, the Centers for Medicare & Medicaid Services (CMS) est. that Medicare improperly paid \$900 million for durable med. equip., prosthetics, orthotics, & supplies -- in part due to fraud by suppliers. To deter such fraud, CMS contracts with the NCS to verify that suppliers meet 21 standards before they can bill Medicare. NSC verifies adherence to the standards through on-site inspections & document reviews. Recent prosecutions of fraudulent suppliers suggest that there may be weaknesses in NSC's efforts to screen suppliers or in the standards. This report evaluated: NSC's efforts to verify suppliers' compliance with the 21 standards; the adequacy of the standards to screen suppliers; & CMS's oversight of NSC's efforts. Charts & tables.

Plunkett's Wireless, Wi-Fi, RFID and Cellular Industry Almanac Nov 02 2022 The cell phone is the fastest-selling consumer electronic in the world. On a global basis, over 700 million cellular telephones are sold yearly. More camera-equipped cell phones are sold each year than stand alone digital cameras. Rapid development of new technologies is leading to ever more versatile, multipurpose mobile devices, including 3G Internet-enabled cell phones and PDAs. Meanwhile, wireless networking and wireless Internet access are developing and expanding on a global basis at a rapid rate. Booming technologies include such as Wi-Fi and WiMax, as well as Ultra Wide Band (UWB) and Bluetooth. Telematics, intelligent transportation systems (ITS) and satellite radio will soon create an entertainment, navigation and communications revolution within automobiles and trucks. Meanwhile, RFID (radio frequency identification) will revolutionize wireless tracking, inventory and logistics at all levels, from manufacturing to shipping to retailing. These developments are creating challenges for legacy companies and opportunities for nimble marketers and managers. Our new Plunkett's Wireless, Wi-Fi, RFID & Cellular Industry Almanac covers these sectors in detail. Our coverage includes business trends analysis and industry statistics. We also include a wireless and cellular business glossary and a listing of industry contacts, such as industry associations and government agencies. Next, we profile hundreds of leading companies. Our company profiles include complete business descriptions and up to 27 executives by name and title.
