**Stones and Sticks: A Story About Bullying** Jan 27 2022 Nothing can prepare Becky for the hurt and pain that the New Girl "Emily" brings into her safe world. The innocence of her happy childhood is shattered when she becomes a victim of "bullying" at the hands of Emily. She strives to understand what she did to deserve such treatment and tries to deal with the bullying in her own way without adult help. Journey with Becky as she discovers that nothing is as it really seems and be there as Becky comes to term with facing her fears. Find out how she deals with her tormentor as you experience her tears and her fears. Be with her as she gets her mother's help and is guided into knowing that Love is all powerful. Be astonished at how she turns the situation around into an amazing way to help others, including Emily, her bully!

**About Bullying** Jul 29 2019 Recent studies show one in two people have experienced some form of bullying behaviour at some point in their life. Online bullying in particular has increased due to wider access to the internet and greater use of smartphones, social media and networking apps. This book looks at the latest UK

statistics around bullying, its impact on victims and its prevalence in schools and workplaces alike.

**The Psychology of School Bullying** May 07 2020 Why do children get involved with bullying? Does cyberbullying differ from traditional bullying? How can bullying at school be prevented? The Psychology of School Bullying explores what bullying is and what factors lead to children playing roles as bullies, victims, defenders, bystanders or even some combination of these The book examines proactive strategies to reduce the likelihood of bullying happening in school, but also looks at what action the school could take if bullying incidents do occur. As bullying can have such far-reaching consequences and sometimes tragic outcomes, it is vital to grasp how and why it happens, and The Psychology of School Bullying shows how improved knowledge and understanding can lead to effective interventions.

**Understanding School Bullying** Sep 03 2022 'This extraordinarily comprehensive book authored by the leading international authority in the field integrates research, theory and practice on the topic of school bullying. In an already research saturated field Peter Smith's writing captures the humanity of why this topic strikes such a chord in the community. He reminds us in a thoughtful, practical and caring manner why we must continue to advocate on all levels for those impacted by bullying.' -Professor

Phillip T. Slee, Flinders University, Australia 'Understanding School Bullying offers a refreshingly clear account of the wealth of insights gained over a quarter of a century of research. As Smith's comprehensive review convincingly shows, much has been learned and much of this has been put to good use in improving children's wellbeing. This is surely essential reading for any researcher concerned with bullying, childhood or life at school.' -Sonia Livingstone, London School of Economics and Political Science, UK, author of Children, Risk and Safety Online 'Peter Smith's new book will occupy a prominent place on my bookshelf. It provides a thorough and highly readable discussion of the breadth of research on school bullying. Dr. Smith includes discussions of important challenges related to research on this topic along with an excellent review of important studies and findings. This unique volume has influenced my thinking about the direction of my own research. The book will be an invaluable resource for researchers, consumers of research, and others who seek a research-based understanding of this important topic.' -Sheri Bauman, Ph.D., Professor at University of Arizona

Bullying involves the repeated abuse of power in relationships. Bullying in schools can blight the lives of victims and damage the climate of the school. Over the last 25 years a burgeoning research program on school bullying has led to new insights into effective ways of dealing with it, as well as new challenges such as the advent of

cyberbullying. This new book, by a leading international expert on the topic, brings together the cumulative knowledge acquired and the latest research findings in the area, with a global perspective especially covering research in Europe, North America, Australasia, and Asia. It will appeal to those taking academic courses in psychology, social work, educational psychology, child clinical psychology and psychiatry, and teacher training, but it will also be of interest to parents and teachers.

*Questions and Feelings about Bullying* May 31 2022 Bullying is never okay. Using child-friendly text and practical examples, this picture book from the Questions and Feelings About ... series helps children recognize bullying and teaches them what to do about it. It includes a helpful section with advice, practical tips, and activities for caregivers and teachers.

**Dare!** Aug 10 2020 Told from a bystander's perspective, Jayla sees that Luisa has become the class bully's new target, but she doesn't dare stand up to the bully for fear of being bullied.

**Mud Boy** Sep 10 2020 The sound of Sam's life was like the best piece of music you have ever heard. Everyone liked Sam, and Sam liked himself. But then one day the mud words begin and they get inside his head - and Sam can't hear the music anymore. Mud Boy is an illustrated book for ages 5-11, showing how children can go from being

joyfully buoyant to totally deflated when being bullied and teased, and offering advice to get them back to their best. Mud, music and a family cat are used to conjure up the story to children in a very new and real way, showing that recovery happens through talking to others about our problems. The book also includes a guide for further talking points by Dr Pooky Knightsmith on how to discuss the topic, and the emotions that come up on reading the book, with children.

**A Kids Book about Bullying** Aug 02 2022

*Preventing Bullying Through Science, Policy, and Practice* Nov 05 2022 Bullying has long been tolerated as a rite of passage among children and adolescents. There is an implication that individuals who are bullied must have "asked for" this type of treatment, or deserved it. Sometimes, even the child who is bullied begins to internalize this idea. For many years, there has been a general acceptance and collective shrug when it comes to a child or adolescent with greater social capital or power pushing around a child perceived as subordinate. But bullying is not developmentally appropriate; it should not be considered a normal part of the typical social grouping that occurs throughout a child's life. Although bullying behavior endures through generations, the milieu is changing. Historically, bullying has occurred at school, the physical setting in which most of childhood is centered and the primary source for peer

group formation. In recent years, however, the physical setting is not the only place bullying is occurring. Technology allows for an entirely new type of digital electronic aggression, cyberbullying, which takes place through chat rooms, instant messaging, social media, and other forms of digital electronic communication. Composition of peer groups, shifting demographics, changing societal norms, and modern technology are contextual factors that must be considered to understand and effectively react to bullying in the United States. Youth are embedded in multiple contexts and each of these contexts interacts with individual characteristics of youth in ways that either exacerbate or attenuate the association between these individual characteristics and bullying perpetration or victimization. Recognizing that bullying behavior is a major public health problem that demands the concerted and coordinated time and attention of parents, educators and school administrators, health care providers, policy makers, families, and others concerned with the care of children, this report evaluates the state of the science on biological and psychosocial consequences of peer victimization and the risk and protective factors that either increase or decrease peer victimization behavior and consequences.

*Bullying in Schools* Jul 21 2021 Bullying is now widely recognised as a serious problem that affects many children in schools. It can take many forms, including direct

verbal and physical harassment and indirect forms such as deliberate exclusion and the targeting of individuals using cyber technology. Continual and severe bullying can cause both short term and long term damage, making it difficult for victims to form intimate relationships with others and for habitual bullies to avoid following a delinquent lifestyle and becoming perpetrators of domestic violence. Even though this type of abuse affects many of our school children, Ken Rigby believes there are grounds for optimism. This passionate and motivating book shows that there are ways of reducing the likelihood of bullying occurring in a school and effective ways of tackling cases when they do occur. Using up-to-date studies, *Bullying in Schools* helps us to understand the nature of bullying and why it so often takes place in schools. Importantly, it examines and evaluates what schools can do to promote more positive peer relationships within the school community and take effective and sustainable action to deal with problems that may arise. Teachers, parents, school leaders, policy makers, and health professionals will find it invaluable and empowering.

*What Should Parents and Teachers Know about Bullying?* Dec 26 2021

God, I Need to Talk to You about Bullying Apr 05 2020 - Inexpensive way to teach Christian behavior- Stimulates discussion between parent and child- Uses children's feelings and experiences as a springboard for teaching prayer- Addresses real-life

situations and behaviors- Offers practical useable information- Friendly and affirming format- Christ centered

*101 Facts about Bullying* Oct 04 2022 Everyone involved with the care and welfare of children and young adults is confronted with the issue of bullying, which is one of life's major pressures facing children. Bullying behaviors create an uncomfortable, threatening, and even hostile environment that make it difficult for children to learn.

*101 Facts about Bullying* is designed to break down what the research says about bullying and its effects, offering ideas for what can and should be done to minimize or reduce it. Kevorkian systematically discusses topics ranging from relational bullying to cyber bullying to media and video violence to the legal ramifications of bullying, debunking myth and unclocking the facts about bullying and its prevention.

**Stop Picking on Me** Oct 31 2019 Barron's A First Look At books explore the dynamics in relationships among children of preschool through early school age, and encourage kids to understand personal and social problems as a first step toward solving them. Written by an experienced psychotherapist and counselor, these books promote positive interaction among children, parents, and teachers. The language in each book is simple and direct—easy for younger children to understand. Full-color illustrations on every page. This approachable picture book explores the difficult issue

of bullying among children. It helps kids accept the normal fears and worries that accompany bullying, and suggests ways to resolve this upsetting experience.

*Thomas Gomel Learns about Bullying* Mar 29 2022 Have you been bullied in the past? Do you know someone who has been bullied? This is a fictional story about Thomas Gomel. He's a twelve-year-old boy who is bullied at school. This story begins on the first day of school, and you follow Thomas and his family through the steps of dealing with the person who does the bullying. This book instructs the child and parent ways to deal with and help the bully. There is a parental section at the back with valuable information as well as resources.

**Take a Stand** Feb 02 2020 Teasing. Shoving. Name-calling. Making threats. Bullying happens all too often on school grounds, playgrounds, and even in cyberspace. Why do some kids bully? How many kids are bullied? (It's more than you think!) And why don't more people try to stop it? Explore the answers to these questions and find out how to take a stand against bullies.

**Blubber** Jun 27 2019 Jill goes along with the rest of the fifth-grade class in tormenting a classmate and then finds out what it is like when she, too, becomes a target. Reissued with a fresh new look and cover art. Simultaneous.

**Bully in Sight** Aug 29 2019 *Bully In Sight* is a comprehensive guide on how to predict,

resist, challenge and combat bullying in the workplace. Find out why some people become bullies while others become victims, and how and why the bullies victims are picked.

Tease Monster Apr 17 2021 This quirky tale teaches young readers the difference between nice teasing and mean teasing. Laughing at someone (mean teasing) has a hurtful bite, but laughing with someone (nice teasing) is alright when it's not done out of spite.

**The Truth About Bullying** Jul 01 2022 The Truth About Bullying presents crucial information to assist educators and parents in creating a safe learning environment. This book is a practical guide to understanding what bullying is and the influence it has on a school. The who, what, when, where, and how of bullying are described in a clear manner that helps the reader to understand the myths and realities of bullying behavior. The latest trends in bullying, including hazing and contagion bullying, are presented, along with chapters dedicated specifically to cyberbullying and the special needs child. Recent research provides a foundation for readers as they learn how to address bullying and create a respectful, constructive school community. The authors address the importance of the school climate and culture and answer the question of whether a positive environment is enough to prevent bullying.

Free Yourself from Workplace Bullying Jan 03 2020 'Exactly the book you need if you are feeling intimidated by a bully.' Workplace bullying can be a toxic experience. It can lead to plummeting self-esteem, destroy your self-confidence, and impair your ability to perform. But the good news is there is no need for expensive and risky legal action - which you might not even win - or a stressful formal complaint. You don't have to leave your job, either. Discover how to protect yourself from grooming and bullying. Learn how to defend yourself at the time of an attack. Re-gain your self-confidence and self-esteem following the devastation of bullying. This practical guide includes real-life examples and proven strategies which will stop bullying in its tracks. It is packed full of tactics, insight and empathy which will benefit you if you have experienced workplace bullying, or if you are concerned that you may be targeted in the future. It includes how to: - Recognise and defeat bullying behaviour simply and straightforwardly. - Understand the bullying dynamic, and learn how to alter it in your favour. - Respond effectively to a range of bullying tactics including slander, gossip, rage, lies and innuendo. - Defend yourself when your performance is questioned as part of a bullying campaign. - Respond effectively when a bullying team member opposes your authority on principle. - ...and much more. 'A must read for anyone who is being bullied or who needs to recover from workplace bullying.' Aryanne Oade has worked

as a chartered psychologist for over twenty years. She coaches clients to recover from the debilitating effects of workplace bullying, and to re-discover their energy and enthusiasm. She is the bestselling author of six books. [www.oadeassociates.com](http://www.oadeassociates.com) "This is a brilliant, insightful guide and toolbox for managing, escaping and recovering from bullying in the workplace...essential reading." PROFESSOR DONAL MACINTYRE Investigative Journalist and Broadcaster; Visiting Professor, School of Applied Criminology, Birmingham City University "This is a seriously courageous - and much-needed - book. Aryanne .... gracefully empowers the bullied to take responsibility for resolving the situation without in any way 'blaming the victim'." BENNIE NAUDE International Energy Psychology Expert "Easy-to-read and practical, this book gives effective, realistic help for those who are being bullied... The extensive toolkit provides a myriad of ideas for tackling bullying situations." PROFESSOR CHARLOTTE RAYNER Outgoing President: International Association of Workplace Bullying and Harassment "This is exactly the book you need if you are feeling intimidated by a bully at work, are involved in HR or L&D, or are managing staff." TRACY WRAY Deputy HR Director, Sheffield University "This very readable book is from an author with real insight into this difficult area. The book is full of practical tools to assist the reader to regain their power from the bully in a professional and dignified way." JACKIE

GREEN FCIPD former HR Director for Leeds Teaching Hospitals NHS Trust and Royal Liverpool and Broadgreen University Hospitals "Aryanne's insightful book is an invaluable aid and toolkit to understanding, addressing and overcoming bullying behaviour." STEVE MOON former Head of Energy, Global Project Finance, Bank of Ireland "Aryanne ...adroitly and sensitively highlights the nuanced character of bullying, sharing with readers an empowering set of tools through which to address it." DR PREMILLA D'CRUZ Professor of Organizational Behaviour at Indian Institute of Management Ahmedabad "I wish I'd had this book to hand early in my career... This book will provide a treasure trove of useful information and help for anyone suffering from - or having suffered - bullying." JOHN ALLISON former General Manager of a large publishing company"

*Bullying At Work* Jun 07 2020 Through personal accounts and revelations, this book explores bullying at work and offers solutions to help overcome this stressful, often isolating experience facing many women and men. Based on three years of research, Andrea Adams plots the destructive forces currently eroding the professional lives of many people. By tracing the psychological origins of bullying at work this book investigates the effect of past relationships on the present, providing both individuals and organizations with a deeper understanding of why things can go so badly wrong.

Through advice and guidance, it offers a way forward for all those who value the need for psychological well-being at the workplace.

**Don't Pick On Me** Feb 13 2021 An indispensable guide for children to stand up to bullying. Bullying encompasses many things: being called names, being beaten up, having your bus fare stolen, being made to feel stupid . . . It's always horrible. Almost everyone gets bullied at some point in their life; often it happens at school. But you don't have to accept being bullied, and if you're a bully, you can learn to stop. This book explores why some people bully, why others are bullied and what you can do to change things.

Bullying in Secondary Schools Oct 12 2020 `This is a worthwhile read and many of the ideas could well be used in schools to address the issues of bullying. There is something for everyone in the book, and it should be on any reading list for student teachers and certainly for the senior manager with responsibility for pastoral systems in every school' - Emotional & Behavioural Difficulties `This book is a must for all teachers in secondary school throughout the country. The value of this book lies in the potential for its application in a realistic school setting by staff from the head teacher, to teachers, to pupils and all those who are in the school environment' - Dr L F Lowenstein, Clinical and Educational Psychologist `The authors of this book adopt a

new approach to dealing with bullying. Instead of discussing how often it occurs, who bullies and who is bullied, they see bullying as part of a social dynamic and unsafe school culture. This book is an essential practical guide to dealing with bullying for teachers, teachers trainers, counsellors, pupil and families' - Childright `This book is an important and comprehensive resource dealing with school bullying issues in a practical way, with strategies designed to be used easily in the classroom. It gives valuable advice to teachers on dealing with bullies in the most effective way, using victims and bystanders as part of the solution. It should be required reading in every secondary school' - Liz Carnell, Director, Bullying Online This book is a practical guide to dealing with bullying in secondary schools. The authors present what we know about bullying, describe development issues for adolescence and discuss the social context of the school. They analyze key features of healthy and unhealthy schools, and set out a whole school approach to bullying and other social problems that arise in the secondary school. The authors show that by empowering the bystanders through providing effective teacher support, much of the bullying can be stopped at an early age and a healthy and safe school can be created. Their suggestions are based on student-centred responses and on programmes developed specifically to deal with bullying. This book is written especially for secondary school teachers, administrators and

students, and the families and caregivers of the students. It is also for those who train teachers, for counsellors and for educators at all levels.

We Want You to Know Aug 22 2021 Presents interviews with students who have been bullied, as they describe their experiences with peers, parents, teachers, and school administrators, along with advice on the best methods that can be used to stop bullying behavior.

**Multiperspectivity on School Bullying** Sep 30 2019 Multiperspectivity on School Bullying is unique in providing a comprehensive account of school bullying from the perspectives of schools, teachers, parents, students and institutional authorities. It identifies diverse viewpoints and discusses their implications for addressing bullying and thereby improving the mental health and well-being of children. Drawing on findings from studies conducted in a wide range of countries, including those undertaken by the author in his own country, Australia, this book examines experiences of bullying and debates around how bullying can be best understood, managed and discouraged. It outlines what is needed before an agreed understanding of the problem can be reached and more effective anti-bullying programs devised and implemented. The book examines both historical and cultural factors relating to bullying and violence; major theoretical and research perspectives on bullying; views of different

social groups affected by bullying; and how different institutional authorities view school bullying. It highlights the need for a multiperspectivity approach to bullying, taking into account and evaluating a variety of viewpoints that are currently held. This book will be of great interest to academics, researchers and students in the fields of bullying, wellbeing and mental health in schools. It will also be valuable reading for educational leaders around the globe.

Bently the Bully Feb 25 2022 The cool, crisp days of autumn are finally here! Kids around the neighborhood are excited to swing, slide, and climb at their favorite playground. That is, until Bently shows up. He is ready to pull some hair, blacken some eyes, and break some bones. The sound of his footsteps, thump, thump, thump, sends children scattering in all directions for a spot to hide. No one is safe. Until one day, a brave boy named Harvey finds the courage to stand up to Bently. Little Harvey wants to make a big change in how his friends are being treated. What will Bently do? Will Bently show an apologetic heart? Will Harvey and his friends be able to forgive?

Bully-Proof Kids Sep 22 2021 Bully-Proof Kids offers concrete strategies to empower children and teenagers to deal confidently with bullying and dominant characters.

**Nobody Knew What to Do** May 19 2021 Straightforward and simple, this story tells how one child found the courage to tell a teacher about Ray, who was being picked on

and bullied by other kids in school. Faced with the fact that "nobody knows what to do" while Ray is bullied, the children sympathetic to him feel fear and confusion and can only hope that Ray will "fit in some day." Finally, after Ray misses a day of school and the bullies plot mean acts for his return, our narrator goes to a teacher. The children then invite Ray to play with them, and, with adult help, together they stand up to the bullies.

The No More Bullying Book for Kids Jun 19 2021 The term bullying is used a lot these days. What does bullying actually mean? How do you know if it's happening to you? And if you are being bullied, what can you do about it? That's exactly what "The No More Bullying Book for Kids" is all about. Being bullied hurts and it's easy to feel as though you don't have any power, which can be scary and lonely. But you're not powerless, and you're definitely not alone. Here you'll find the information you need to know about bullying as well as tips and tricks for dealing with specific situations where you or someone you know is being bullied. -- page [4] of cover.

How to Be a Hero Nov 12 2020

**25 Myths about Bullying and Cyberbullying** Apr 29 2022 Learn the truth about bullying in the 21st century: what to look for, and how to cope with the social problems facing today's kids. Whether dealing with bullying issues or worrying that they might

occur, parents are faced with more challenges than ever before. In the age of the internet and social media, traditional approaches to bullying haven't kept pace with new realities, and new problems like cyberbullying have emerged. Parents searching for ways to prevent or cope with bullying are flooded by a deluge of advice, opinions, and strategies—often conflicting or, even worse, potentially harmful. *25 Myths about Bullying and Cyberbullying* helps parents understand the causes and consequences of bullying, determine if something is truly a problem, and effectively deal with problems when they arise. This practical guide enables parents to appreciate how modern digital environments impact a young person's communication and relationships, recognize the most prevalent types of psychological bullying and cyberbullying, and know when and how to intervene. The author dispels common myths related to the confronting of bullies, victims seeking revenge on bullies, keeping kids off their phones and computers to prevent cyberbullying, the links between bullying and suicide, and many others. Backed by the most recent work in bullying and cyberbullying research, this book helps parents: Understand what causes, prevents, and stops bullying and cyberbullying Tell the difference between bullying issues and normal 'growing pains' Recognize the signs and effects of psychological bullying Know when intervening is helpful, and when it can be destructive Reduce social anxieties and the potential for

bullying issues in children and young adults 25 Myths about Bullying and Cyberbullying is an important resource for parents of school-age children and young adults, as well as staff in educational environments.

*How Much Do You Know about Bullying?* Oct 24 2021 Offers a quiz about bullying to characterize different ways people react to the situation, and suggests ways for girls of each type to improve matters.

Wonder Jul 09 2020 'Has the power to move hearts and change minds' Guardian 'Tremendously uplifting and a novel of all-too-rare power' Sunday Express 'An amazing book . . . I absolutely loved it. I cried my eyes out' Tom Fletcher Read the award-winning, multi-million copy bestselling phenomenon that is WONDER. 'My name is August. I won't describe what I look like. Whatever you're thinking, it's probably worse.' Auggie wants to be an ordinary ten-year-old. He does ordinary things - eating ice cream, playing on his Xbox. He feels ordinary - inside. But ordinary kids don't make other ordinary kids run away screaming in playgrounds. Ordinary kids aren't stared at wherever they go. Born with a terrible facial abnormality, Auggie has been home-schooled by his parents his whole life. Now, for the first time, he's being sent to a real school - and he's dreading it. All he wants is to be accepted - but can he convince his new classmates that he's just like them, underneath it all? A funny, frank,

astoundingly moving debut - and a true global phenomenon - to read in one sitting, pass on to others, and remember long after the final page.

*Bullying Scars* Nov 24 2021 "The book describes childhood bullying from the vantage point of those victims, bullies, and bystanders who are now adults ... discusses how lives have been changed, and explores the range of reactions adults exhibit. The research gathered for this book, through interviews with over 800 people, points out that even adult decision-making is often altered by the victimization they experience as children at the hands of peers, siblings, parents, or educators."--From publisher description.

**Bullied Back To Life** Jan 15 2021 We have all experienced bullying at some point in our lives, whether as victim, witness or even as perpetrator. At school, online, in the workplace and in domestic situations, bullying is a scourge that must be eradicated. But talking about it is hard. In this book, Graham recounts his own experiences of being bullied and shares a range of inspiring stories from others, all told with remarkable candour. All demonstrate that it's possible to find success in life in spite of bullying experiences. More than that, their experiences show how such dark times can be used to fuel a determination to succeed, to find meaning and purpose in life. So, no matter how bullying has touched your life, this book gives you the ideas, resources and

inspiration to overcome it and move on. All proceeds from this book are being donated to BulliesOut, a UK-based award-winning anti-bullying charity.

Billy the Bully Dec 14 2020 Billy The Bully helps teach children the importance of kindness and just how hurtful bullies can be. Bullying is a big problem these days, and kids need to know how to deal with bullies and how to treat others properly. This fun book rhymes and is perfect for an easy reader, or a fun book to read to youngsters who are not quite reading on their own. Rhyming children's books are a great way to get kids to remember important lessons and we hope your youngsters will be reciting these lines for years to come!

*What God's Word Says about Bullying* Dec 02 2019 Bullying stinks. God cares. The Bible helps. Here's a nice little book on a big, bad problem, with devotions, verses, and prayers to guide you through the storm.

*Vicious* Mar 17 2021 Teens share stories of bullying from different perspectives.

*Bullying* Mar 05 2020 In recent years there have been an increasing number of incidents where children have either perpetrated or been the victims of violence in the schools. Often times the children who perpetrated the violence had been the victims of school bullying. If bullying once was a matter of extorting lunch money from one's peers, it has since escalated into slander, sexual harassment, and violence. And the

victims, unable to find relief, become depressed and/or violent in return. Despite all the media attention on recent school tragedies, many of which can be traced to bullied children, there has been little in the way of research-based books toward understanding why and how bullying occurs, the effects on all the individuals involved and the most effective intervention techniques. Summarizing research in education, social, developmental, and counseling psychology, *Bullying: Implications for the Classroom* examines the personality and background of both those who become bullies and those most likely to become their victims, how families, peers, and schools influence bullying behavior, and the most effective interventions in pre-school, primary and middle schools. Intended for researchers, educators, and professionals in related fields, this book provides an international review of research on bullying. **KEY FEATURES:**

- \* Presents practical ideas regarding prevention/intervention of bullying
- \* Covers theoretical views of bullying
- \* Provides an international perspective on bullying
- \* Discusses bullying similarities and differences in elementary and middle school
- \* Presents practical ideas regarding prevention/intervention of bullying
- \* Provides an international perspective on bullying
- \* Outlines information regarding bullying during the elementary and middle school years
- \* Covers theoretical views of bullying
- \* Presents new approaches to explaining bullying
- \* Contributing authors include

internationally known researchers in the field
