Fire from Ice Oct 26 2022

Fire and Ice Dec 16 2021 James Beard Award nominee, 2016 International Association of Culinary Professionals (IACP) nominee for Best International Cookbook, and 2016 Art of Eating Prize longlist finalist Bringing the best of Scandinavian home-cooking into your kitchen, Fire and Ice: Classic Nordic Cooking offers over 100 delicious recipes that showcase this region's most beloved sweet and savory dishes. Scandinavia is a region of extremes—where effortlessly chic design meets rugged wilderness, and perpetual winter nights are followed by endless days of summer—and Fire and Ice proves that Scandinavian cuisine is no exception. Founding editor of Gastronomica and the West's leading culinary authority on the cuisines of the European North, Darra Goldstein explores the rich cultural history and culinary traditions of Denmark, Finland, Norway, and Sweden. From the bold aroma of smoked arctic char to the delicate flavor of saffron buns, and from the earthy taste of chanterelle soup to the fragrant aroma of raspberry-rose petal jam, this beautifully curated cookbook features over 100 inspired and achievable recipes that introduce home cooks to the glorious and diverse flavors of Nordic cooking.

Fire & Ice Feb 24 2020 Pepper O'Malley isn't one to be toyed with. Fool her once, shame on you. Fool her twice, and they'll have trouble finding your body. She used to dream of white picket fences and happily-ever-afters, but now she lives in the real world. As the saying goes, "Hell hath no fury like a woman scorned," especially when that woman is a redheaded spitfire. Griffin Lockline always viewed commitment as a four letter word. He was clear about what he wanted from the start and made no apologies for it. He didn't care if he came off cold as ice. He did for his job, his family, and his friends. He had no desire for a relationship. That was, until he saw the once-young-and-scrawny Pepper all grown up. They're like oil and water, fire and ice. A volatile combination that should never work together. Unfortunately, fate has other ideas. A spark like theirs left ignored has a tendency to burn out of control, leaving everyone to wonder what will be left standing when it finally explodes. Only one thing is certain. When they finally come together, it's going to be epic.

Fire and Ice (Wild at Heart Book #3) Mar 19 2022 Saddle Up for a Wildly Fun Ride in Mary Connealy's Latest Bailey Wilde is one of the best new ranchers in the West. She's been living disguised as a man for a while, but when Gage Coulter comes to drive her off her homestead, he quickly realizes he's dealing with a woman—a very tough, very intriguing woman at that. Gage is an honest man, but he didn't make his fortune being weak. He won't break the law, but he'll push as hard as he can within it. Five thousand acres of his best range land is lost to him because Bailey's homestead is located right across the only suitable entrance to a canyon full of lush grass. Gage has to regain access to his land—and he's got to go through Bailey to do it. Spending a winter alone has a way of making a person crave some human contact. In a moment of weakness, Bailey agrees to a wild plan Gage concocts. Can these two independent, life-toughened homesteaders loosen up enough to earn each other's respect—and maybe find love in the process?

Fire on the Ice Aug 24 2022 Welcome to the Snow and Ice Games where competition is not the only thing that is heating up! The fourth book in bestselling Tamsen Parker's romance series continues with two female skaters from opposite sides of the rink. Blaze Bellamy is the bad girl of the short track speed skating world. Looking like a roller derby bruiser when she's not in her Team USA uniform, she's an unlikely American heroine. She's got a punk attitude to match her provocative dress and her dyed hair, and she's determined to get onto the front pages of the papers regardless of how she has to do it. Maisy Harper is the workhorse of the Canadian women's figure skating team. Serious, modest, and above all, polite, Maisy would prefer to win in victory on the ice rather than in the press, and is exasperated by Blaze's antics. When she's not lusty after her anyway. After they both failed to make the medal podium at the last Snow and Ice Games, they drowned themselves in gin—and each other. Despite their hookup being drunken, they both harbor fond memories of their night together and are keen for a repeat. But they've got different ways of going about getting what they want, and Blaze's willingness to go to any lengths for the spotlight could ruin any chance she has with Maisy.

Fire, Ice, and Physics Feb 18 2022 Exploring the science in George R. R. Martin's fantastical world, from the physics of an ice wall to the genetics of the Targaryens and Lannisters Game of Thrones is a fantasy that features a lot of made-up science—fabricated climatology (when is winter coming?), astronomy, metallurgy, chemistry, and biology. Most fans of George R. R. Martin's fantastical world accept it all as part of the magic. A trained scientist, watching the fake science in Game of Thrones, might think, "But how would it work?" In Fire, Ice, and Physics Rebecca Thompson turns a scientist's eye on Game of Thrones, exploring, among other things, the science of an ice wall, the genetics of the Targaryen and Lannister families, and the biology of beheading. Thompson, a PhD in physics and an enthusiastic Game of Thrones fan, uses the fantasy science of the show as a gateway to some interesting real science, introducing GOT fandom to a new dimension of appreciation. Thompson starts at the beginning, with winter, explaining seasons and the very elliptical orbit of the Earth that might cause winter to come (or not come). She tells us that ice can behave like ketchup, compares regular steel to Valyrian steel, explains that dragons are "bats, but with fire," and considers Targaryen inbreeding. Finally she offers scientific explanations of the various types of fatal justice meted out, including beheading, hanging, poisoning (reporting that the effects of "the Strangler," administered to Joffrey at the Purple Wedding, resemble the effects of strychnine), skull crushing, and burning at the stake. Even the most faithful Game of Thrones fans will learn new and interesting things about the show from Thompson's entertaining and engaging account. Fire, Ice, and Physics is an essential companion for all future bingeing.

The World of Ice and Fire Feb 06 2021 This illustrated volume is a comprehensive history of the Seven Kingdoms, providing vividly constructed accounts of the epic battles, bitter rivalries, and daring rebellions that lead to the events of 'A Song of Ice and Fire' and HBO's Game of Thrones.

Fire in Ice Jun 10 2021 "After suffering a rare illness, straight-A student Cara Scotto struggles to deal with lingering side effects. Refusing to admit she can't handle the disruptions in her otherwise normal life, she tries to move on and heal. Alexander DeMarsh is unhappy about returning to his small hometown for three weeks. He prefers living in the city, where he attends an elite boarding school far away from his overprotective parents. Sure, they have reason to worry about him. As a Generator, Alex's body constantly manufactures supernatural energy that's often difficult to control. Over winter break, Alex runs into Cara and picks up on the powers they share. Soon, he realizes Cara is the only person in the world who has any chance of understanding him. But first, he needs to find a way to draw out her supernatural abilities without revealing too many secrets of his own."—Back cover.

Fire & Ice Apr 20 2022 Will the heat building between a disgraced reporter and a rising curling star melt the already thin ice they each are on?

The Way of Fire and Ice Jun 22 2022 The Way of Fire and Ice reimagines and grounds Norse Paganism in today's world, focusing on the needs of modern practitioners. This book provides practical information on crafting ritual, developing personal mystical practices, and building sustainable community. Instead of being a guide to the reconstruction of ancient Norse religion, this material helps you participate in a modern revival that integrates Norse deities and beliefs with elements of neopagan practice. Within these pages, you will find fascinating perspectives on Norse cosmology, the runes, and the nine worlds. You will learn all about the gods, ancestors, and spirits of place and the steps you can take to begin relationships with them. You will also discover ideas for celebrating holidays and special rites as well as tips for joining or starting your own group. Norse Paganism makes a strong impact in the lives of its practitioners. Whether you want to improve your spiritual connection in the routine matters of daily life or want to work with bigger questions of purpose and meaning, the practical informational presence here will serve you on your journey. -Provides a strong alternative to the reconstructionist approach of Asatru/Heathenry; helps readers incorporate the wisdom and virtues found in the Norse sagas into a contemporary lifestyle -Written with a strong emphasis on democratic/non-hierarchical group structure and anti-fascist thought, taking inspiration from Reclaiming and other egalitarian training sources -Directly addresses challenges facing modern Norse Pagans like organized bigotry within the community and the struggles of day-to-day living

Daughter of Fire and Ice Nov 03 2020 Following an attack on her family, fifteen-year-old Thora is enslaved by a British Viking chieftain, Bjorn Svanson. A healer and a midwife, Thora is valuable. She also has visions of the future . . . and in one she foresees Svanson's death. When her prediction becomes reality, Thora recognizes that another of Svanson's slaves is a man she has seen before—a man from recurrent visions who is destined to be part of her future. Assuming Svanson's identity, the slave and Thora use the dead man's ships to escape. Their destination is Iceland, the then uncharted 'land of fire and ice'. To succeed they must first win over Svanson's crew, and their journey is fraught with hardship and danger. But their troubles are only just beginning. Soon, newcomers are among them and someone is stealing from Thora's medicines to cause terrible harm. Under suspicion herself, can Thora unmask the real culprit and clear her name? And can Thora and the man now known as Bjorn ever really hope that their pasts won't catch up with them.

Fire and Ice Dec 04 2020 At work Nina is known as the Ice Queen, as her frosty demeanor makes her colleagues think she's equally cold in bed. But what they don't know is that she spends her free time acting out sleazy scenarios with her boyfriend, Andrew, in which she's a prostitute and he's a punter. But when Andrew starts inviting his less-than-respectable friends to join in their games, things begin to get strange and Nina finds herself being drawn deeper into London's seedy underworld, where everything is for sale and nothing is what it seems.

A Game of Thrones Sep 20 2019 NOW THE ACCLAIMED HBO SERIES GAME OF THRONES—THE MASTERPIECE THAT BECAME A CULTURAL PHENOMENON Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rises in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys.

Fire on Ice Nov 15 2021 Perfect for fans of I, Tonya starring Margot Robbie and Allison Janney, this first full scale biography of Tonya Harding explores one of the most provocative figures in figure skating at the height of the controversy—centered on the 1994 attack on Nancy Kerrigan—that made Harding a household name. Championship figure skating, despite its surface appearance of pristine elegance, is a ferociously competitive sport, full of bitter rivalry and personal antagonism. Olympic glory means everything: fame, money, and the admiration of millions. Every skater who goes for the gold has drive and tremendous competitive spirit, but few more than Tonya Harding. In Fire on Ice, you will learn about Harding's hardscrabble childhood—a childhood racked by abuse, money problems, and unceasing pressure and belittlement by her mother. And you will learn how Tonya Harding made herself into one of America's best skaters. Here is a young woman whose fierce ambition was, in the end, her downfall. Her story is a tale of sacrifice and overcoming obstacles, of the strength of competition and the blind ambition. In the thin ice over which Tonya Harding always glided, we could not help but see an American story, and all of America was watching.

Wind, Fire, and Ice Nov 22 2019 Between 1955 and 1987, the United States Coast Guard Cutter Glacier was the largest and most powerful icebreaker in the free world. Consequently, it v

often given the most difficult and dangerous Antarctic missions. This is the dramatic first-person account of its most legendary voyage. In 1970, the author was the Chief Medical Officer of the *Glacier* when it became trapped deep in the Weddell Sea, pressured by 100 miles of wind-blown icepack. *Glacier* was beset within seventy miles of where Sir Ernest Shackleton's ship, the *Endurance*, was imprisoned in 1915. His stout wooden ship succumbed to the crushing pressure of the infamous Weddell Sea pack ice and sank, leading to an unbelievable two-year saga of hardship, heroism and survival. The sailors aboard the *Glacier* feared they would suffer Shackleton's fate, or one even worse. Freakishly good luck eventually saved the *Glacier* from destruction in the crushing ice pack, only to experience a three-hour fire that nearly killed one of the crew, followed by eighty foot waves that came close to capsizing the ship. *Wind, Fire and Ice* is a story about a physician who starts out with a set of false assumptions—namely that he is going to have an easy assignment and see numerous exotic ports, but then slowly comes to realize a much different hard reality.

Fire and Ice Jan 05 2021 "The clouds are stained with blood!" rasped Barkface. "It is a sign from ancestors. This day shall bring an unnecessary death
A Feast of Ice and Fire: The Official Game of Thrones Companion Cookbook 1 2021 Ever wonder what it's like to attend a feast at Winterfell? Wish you could split a lemon cake with Sansa Stark, scarf down a pork pie with the Night's Watch, or indulge in honeyfingers with Daenerys Targaryen? George R. R. Martin's bestselling saga *A Song of Ice and Fire* and the runaway hit HBO series *Game of Thrones* are renowned for bringing Westeros's sights and sounds to vivid life. But one important ingredient has always been missing: the mouthwatering dishes that form the backdrop of this extraordinary world. Now, fresh out of the series that redefined fantasy, comes the cookbook that may just redefine dinner . . . and lunch, and breakfast. A passion project from superfans and amateur chefs Chelsea Monroe-Cassel and Sariann Lehr—and endorsed by George R. R. Martin himself—*A Feast of Ice and Fire* lovingly replicates a stunning range of cuisines from across the Seven Kingdoms and beyond. From the sumptuous delicacies enjoyed in the halls of power at King's Landing, to the warm and smoky comfort foods of the frozen North, to the rich, exotic fare of the mysterious lands east of Westeros, there's a flavor for every palate, and a treat for every chef. These easy-to-follow recipes have been refined for modern cooking techniques, but adventurous eaters can also attempt the authentic medieval meals that inspired them. The authors have also suggested substitutions for some of the more fantastical ingredients, so you won't have to stock your kitchen with camel, live doves, or dragon eggs to create meals fit for a king (or a khaleesi). In all, *A Feast of Ice and Fire* contains more than 100 recipes, divided by region: • The Wall: Rack of Lamb and Herbs; Pork Pie; Mutton in Onion-Ale Broth; Mulled Wine; Pease Porridge • The North: Beef and Bacon Pie; Honeyed Chicken; Aurochs with Roasted Leeks; Baked Apples • The South: Cream Swans; Trout Wrapped in Bacon; Stewed Rabbit; Sister's Stew; Blueberry Tarts • King's Landing: Lemon Cakes; Quails Drowned in Butter; Almond Crusted Trout; Bowls of Brown; Iced Milk with Honey • Dorne: Stuffed Grape Leaves; Duck with Lemons; Chickpea Paste • Across the Narrow Sea: Biscuits and Bacon; Tyroshi Honeyfingers; Wintercakes; Honey-Spiced Locusts There's even a guide to dining and entertaining in the style of the Seven Kingdoms. Exhaustively researched and reverently detailed, accompanied by passages from all five books in the series and full-color photographs guaranteed to whet your appetite, this is the companion to the blockbuster phenomenon that millions of stomachs have been growling for. And remember, winter is coming—so don't be afraid to put on a few pounds. Includes a Foreword by George R. R. Martin

A Game of Thrones 4-Book Bundle Jul 31 2020 The perfect gift for fans of HBO's *Game of Thrones*—a boxed set featuring the first four novels! George R. R. Martin's *A Song of Ice and Fire* series has become, in many ways, the gold standard for modern epic fantasy. Martin—dubbed the "American Tolkien" by *Time* magazine—has created a world that is as rich and vital as any piece of historical fiction, set in an age of knights and chivalry and filled with a plethora of fascinating, multidimensional characters that you love, hate to love, or love to hate as they struggle for control of a divided kingdom. This bundle includes the following novels: *A GAME OF THRONES* *A CLASH OF KINGS* *A STORM OF SWORDS* *A FEAST FOR CROWS*

Fire and Ice Sep 01 2020 Kurt Austin, leader of NUMA's Special Assignment Team, faces a new menace, in the form of a mining tycoon who has proclaimed himself Czar of Russia. Claiming Romanov ancestry and backed by billions of dollars, he is determined to overthrow the already-shaky Russian government - and US opposition doesn't bother him one bit.

Fire and Ice: Soot, Solidarity, and Survival on the Roof of the World Dec 20 2019 Discusses how black carbon, a damaging greenhouse gas, has devastated a remote village in the Himalayas by melting the glacier they used for water for generations and describes their inspiring efforts to adapt to a changing environment.

The Origin of Life in Fire and Ice Oct 22 2019 In *The Origin of Life in Fire and Ice*, the author proposes a simple and direct path which may have caused the formation of one of the earliest organisms described using observations found in scientific literature: the last universal common ancestor (LUCA). The path is proposed to take place in the environment provided by hot springs in the presence of snow and ice, thus creating the 'fire and ice' conditions. The author guides the reader through several steps that ultimately lead to the beginning of life on our planet as we know it. The journey starts from the delivery of water and organic compounds to the early Earth by comet and asteroid impacts, progressing to the formation of vesicles in geysers, the entrapment of clay particles, amino acids and other ingredients in the vesicles, the formation of template-directed peptides, the elongation to peptides with catalytic activity, association of catalytic peptides with aromatic compounds (including purines and pyrimidines), peptide catalyzed development of nucleotides, polymerization of nucleotides to RNA, the RNA world, and the stereochemical association with amino acids and peptides into the RNA-peptide world. These steps allow the RNA world to develop a code which forms the basis of the genetic code and ushers in the advent of LUCA. The fiery and icy path to the origin of life is simplified in this book for anyone interested in this intriguing subject.

The Lands of Ice and Fire Apr 27 2020 George R. R. Martin's beloved *Song of Ice and Fire* series, which started with *A Game of Thrones*, is bursting with a variety and richness of landscapes—from bitter tundra to arid wasteland and everything in between—that provide a sense of scale unrivaled in contemporary fantasy. Now this dazzling set of maps, featuring original artwork from illustrator and cartographer Jonathan Roberts, transforms Martin's epic saga into a world as fully realized as the one around us. The centerpiece of this gorgeous collection guaranteed to be a must-have for any fan: the complete map of the known world, joining the lands of the Seven Kingdoms and the lands across the Narrow Sea for the first time in series history. But this is just one of many unique maps that aren't available anywhere else. There is an alternate version that tracks the movements of the series' protagonists throughout their world, along with more detailed versions of the western, middle, and eastern thirds of the world; a full map of Westeros, combining North and South; one of the Dothraki Sea and the Red Wastes; and the Braavos city map. And here, too, are fan favorites detailing everything from urban sprawl to untamed wilds: maps of King's Landing; *The Wall and Beyond the Wall*; the Free Cities; and Slaver's Bay, Valyria, and Sothorys. Never before has the entire scope of Martin's universe been so exhaustively and fascinatingly depicted. The maps in this beautiful, one-of-a-kind atlas will enrich your reading or viewing experience, provide another view of your favorite characters' epic journeys, and open up captivating new worlds—plus, they'll look great on your castle wall.

Solar System Sep 13 2021 Combining the latest astronomical results with a historical perspective, *Solar System: Between Fire and Ice* takes you on a fabulous tour of our intriguing Solar System. Not content with a conventional discourse restricted to the major and minor bodies, astronomers Hockey, Bartlett, and Boice venture beyond the limits of our system to look at exoplanets and to consider future trends in space exploration and tourism. They discuss not only what scientists know about planets, asteroids, and comets but how the discoveries were made. With extensive teaching experience, their accessible prose clearly explains essential physical concepts. Lavishly illustrated as well as carefully researched, *Solar System: Between Fire and Ice* delights the eyes as well as feeding the mind. Detailed appendices provide additional technical data and resources for your own on-line voyage of discovery. Whether you are an educated layperson, student, teacher, amateur astronomer, or merely curious, you will come away having learned the most up-to-date knowledge and enjoyed the process. The authors bring a unique perspective to this subject, combining their years of experience in research, teaching, and history of planetary science. Prof. Thomas Hockey is a professor of astronomy, specializing in planetary science and the history of science. Dr. Jennifer Bartlett is an astronomer with a forte in dynamical motions of asteroids with liberal arts teaching experience. Dr. Daniel Boice is an active research astronomer in planetary science, especially comets, with considerable teaching experience. "In the 1980s and 90s the Viking and Voyager missions provided droves of exciting information, generating a new level of public interest. Textbooks were rewritten and scientists worked to understand the data during mission poor period that followed. In recent times, however, we have entered a new era. There has been a multinational effort to expand our knowledge of the Solar System. Data from these missions has been shared and has again raised the level of public interest. Within this era of renewed interest, it is appropriate, as is done in this book, to provide the public with an effort to present an intimate view of our Solar System and questions that the discovery of extrasolar planets have raised with regard to the Solar System as a whole." Professor Reta Beebe, recipient of NASA's Exceptional Public Service Medal "I understand this book to be aimed at a general audience, but I can also see its use as a text in astronomy classes, especially in a community school or situations where students typically resist reading the textbook. The writing is light and entertaining, and will engage students, yet it thoroughly covers all the basic concepts of a typical 101 class." - Dr. Katy Garmany, winner of the American Astronomical Society's Annie J. Cannon Award.

Fire and Ice Oct 02 2020 For more than a decade, the world's oceans have been home to Michael and Sarah Stone and their young daughter Ronnie, who live aboard the sailing yacht *Veronica*, bringing medical care to remote islands. But their peaceful life is shattered when a medical distress call summons Sarah and Ronnie to a gargantuan commercial vessel lying still and ominous in the equatorial Pacific. Michael, left behind to tend to an ailing islander, watches with growing horror as *Veronica* is hauled onto the deck of the hulking metal behemoth and is carried away. Stranded and alone a thousand miles from civilization—with only a primitive canoe at his disposal and no navigational equipment except the stars—Michael Stone must now do the impossible. He must find his kidnapped family and rescue them from the clutches of a madman. And, unbeknownst to him, Sarah and Ronnie's are not the only lives at stake... The debut of a remarkable new writer, *Fire and Ice* is an electrifying tale of suspense that races through the perilous waters to the world's most exotic ports—toward an unforgettable climax as unexpected as it is unrelentingly intense.

Game of Thrones 5-Copy Boxed Set Jul 19 2019 THE HIT ORIGINAL SERIES FROM HBO #1 INTERNATIONALLY BESTSELLING AUTHOR GEORGE R. R. MARTIN A SONG OF ICE AND FIRE Includes *GAME OF THRONES* *A CLASH OF KINGS* *A STORM OF SWORDS* *A FEAST FOR CROWS* *A DANCE WITH DRAGONS*

A Game of Thrones : The story continues May 09 2021

Elementals Dec 24 2019 These stories deal with betrayal and loyalty, quests and longings, and loneliness and passion. A scholar pursues an elusive biographer, stumbling upon buried fragments of distant lives. A woman walks out of her previous existence and encounters an ice-blond stranger from a secretive world."

Iron, Fire and Ice Sep 25 2022 Learn the truth behind the fiction of George R. R. Martin's epic fantasy—from ancient empires through the flowering of medieval civilization and beyond. A young pretender raises an army to take the throne. Learning of his father's death, the adolescent, dashing and charismatic and descended from the old kings of the North, vows to avenge him. He is supported in this war by his mother, who has spirited away her two younger sons to safety. Against them is the queen, passionate, proud, and strong-willed and with more of the masculine virtues of the time than most men. She too is battling for the inheritance of her young son, not yet fully grown but already a sadist who takes delight in watching executions. So familiar? It may read like the plot of *Game of Thrones*. Yet that was also the story of the bloodiest battle in British history, fought at the culmination of the War of the Roses. George R. R. Martin's bestselling novels are rife with allusions, inspirations, and flat-out copies of real-life people, events, and places of medieval and Tudor England and Europe. The Red Wedding? Based on actual events in Scottish history. The poisoning of Jeffrey Baratheon? Eerily similar to the death of William the Conqueror's grandson. The Dothraki? Also known as Huns, Magyars, Turks, and Mongols. Join Ed West, as he explores all of Martin's influences, from religion to war to powerful women. Discover the real history behind the phenomenon and see for yourself that truth is stranger than fiction.

Fire and Ice May 29 2020 Sophie Rose is a crime reporter at a major Chicago newspaper and the daughter of Bobby Rose, a charming gentleman and big-time thief. When asked to write an exposé about her notorious father, Sophie quits and goes to work at a small newspaper, covering local personalities such as William Harrington, the 5K runner whose trademark is red socks. Those socks—with Sophie's business card tucked inside—are practically all that's found after Harrington is killed near Prudhoe Bay, Alaska, seemingly in a brutal polar bear attack. Sophie heads north to investigate, but danger follows in her wake. After one attempt on her life, she's assigned brash but sexy Jack MacAlister as a bodyguard. But Sophie and Jack will soon be fighting more than their growing passion for each other. Powerful forces will stop at nothing to prevent the exposure of the sinister conspiracy Sophie and Jack are about to uncover.

Fire and IceMar 27 2020 Fire and Ice 2 for second and third year students completes the Fire and Ice series for Junior Cycle English.

Warriors #2: Fire and IceJun 17 2019 Deep in the heart of the forest, four clans of warrior cats coexist in uneasy harmony -- but uncertain times are upon them, and dangers threaten the precarious balance of the forest. Fireheart is a ThunderClan warrior cat now, but his troubles are far from over. As the chill of winter sets in, the cats of rival RiverClan grow restless, while WindClan is weak and facing threats from all sides. As tensions build to an explosive climax, Fireheart faces not only imminent battle, but betrayal from within his own Clan.
