Swap'd Jan 13 2021 After her Click'd catastrophe, Allie Navarro is determined to redeem herself. So when the class gets an assignment to create a mobile game from recycled code, Allie pairs up with Courtney, her best friend from CodeGirls camp, to create the perfect app: Swap'd. Kids buy, sell, and trade stuff at school all the time. Candy. Clothes. Video games. Slime. Why not make a fiercely competitive, totally anonymous, beat-the-clock game out of it? Once Swap'd is in full-swing, Allie is certain that it's the answer to all her problems. She's making quick cash to help Courtney buy that really expensive plane ticket to come visit her. It's giving her an excuse to have an actual conversation with her super-secret crush. And it looks like she might finally beat her archenemy-turned-friend, Nathan. She's thought of everything. Or? has she? The second book in the Click'd series by New York Times best-selling author Tamara Ireland Stone weaves together middle school friendship, first crushes, and serious coding skills in another fun, fast-paced, and empowering novel that will have readers cheering Allie on from the first page to the last.

[BUILDING CONFIDENCE In the NEW CORRECTION OFFICER 115 tips and strategies](#) Oct 10 2020 Every day you show up for work, you will set the tone for the day. If you start off negative, your peers, the inmates and your supervisors will pick up on it and you will likely not have a good day. On the other hand, if you start off the day on a positive note, everyone will pick up on that too. Corrections is filled with negative people. Some were negative before they got the job and just continued their life's tradition. Others have allowed the job to make them negative. Don't be either.

DSLR Photography for Beginners Oct 29 2019 *** 2020 EDITION *** The Original "DSLR Photography for Beginners". Who Else Wants to Take Mind Blowing Pictures? If you want to stand out from the crowd and capture all those magic moments for posterity, you have come to the right place. Most guides to Digital SLR photography will overwhelm you with jargon, but you and I both know that's not what photography is all about. When I first started out, I couldn't find any course or guide that actually helped me become a better photographer. Everything out there was either packed to overflowing with technical terms or far too expensive for my means. All I wanted was to know how to take the photographs I could see in my mind - and nobody was helping me do that. That's why I've written this guide - so you don't have to go through what I did. Give Me Just 48 HOURS and I'll Make You TEN Times a Better Photographer And I will do it for less than the cost of a cup of coffee. Signing up for an expensive course can cost you upwards of \$1000. What a waste when all you need to know is in this book. Owning a Digital SLR Camera Is All About Taking Beautiful Pictures If you have paid out money to invest in a decent camera, I'm betting that, like me, you haven't done so just to learn how many buttons it has or what lenses are made out of. In this guide, we'll be sidestepping the boring technical information and focusing on what really matters showing you how to use your camera to take the photographs you've always dreamed of, using all the benefit of my many years of experience as a photographer and the hard-earned knowledge I have gathered along the way. Some of the things we'll cover are: - The tricks and techniques the professionals use to make magic with their lens. - How to tell stories with your camera by manipulating your angles and framing. - Everything that makes an image pop, from the rule of thirds to context and focal points. - How to mix things up with specialized alternatives, from wide angle to telephoto and fish eye to tilt and shift. - How to use polarizing filters, neutral density filters and ultraviolet filters to best effect. - How to see images like the professionals do and use your equipment to get the shot you want. - Developing an Eye for Photography IS Possible - Even If You're a Complete Beginner! Even if you have never picked up a camera in your life, this book will help you look at everyday scenes with the practice eyes of a professional. By the time you complete this guide, you will know exactly what makes a photograph work - and exactly how to take it. This book covers all you need to know about your digital SLR camera and developing an eye for photography. Since the first edition was published back in 2013, till today - THOUSANDS of readers have already proved this right. All that you need is found inside. So take action! Click the BUY button and get started right away on your way to become an amazingly skilled photographer!

Valeron's Range Jan 31 2020 After the Civil War, three Valeron brothers brought their families to an untamed wilderness at the Colorado-Wyoming border. Fifteen years later, they had carved out an empire, complete with cattle, mining, a mill, and the nearby town named after them. When Scarlet Valeron, poised to be married in Pueblo, Colorado, is kidnapped and her betrothed killed, a desperate call goes out to the Valeron family. Brothers, cousins, and hired help unite in an effort to find her and bring her back. They learn Scarlet is on her way to Brimstone, a bandit stronghold of over a hundred gunmen and outlaws. Most men would look at the incredible odds and figure Scarlet was lost forever. The Valeron's, however, see it as a matter of family honour to get their kin back, and settle the score!

Kill the Company Sep 20 2021 In the ever-changing world of business, we've arrived at a point where process has trumped culture, where the race toward efficiency has left us unable to reach our potential. Stuck in the land of status quo, we've forgotten how to think. The very structures put in place to help businesses grow are now holding us back;; it's time to Kill the Company. This book is a call to arms: to start a revolution in how we think and work. But instead of more one-size-fits-all change initiatives forced upon employees, we need to embrace small changes that create ripple effects throughout the

organization. Lisa Bodell urges companies to move from "Zombies, Inc." to "Think, Inc." Thinking can no longer be exclusive to the creative team or lead strategists. A culture of curiosity must be fostered among the ranks to shake up our standard practices, from unproductive meetings to go-nowhere strategic planning. This revolution can and will awaken our ability to think, and ultimately, to innovate and grow.

Provision and Submission Sep 08 2020 The discussion of provision and submission among African American, heterosexual couples reveals Black culture's mixed emotions and the impact it has on our relationships. Provision and Submission: Insight Into a Black Cultural Conundrum refers to social and scientific studies, qualitative and quantitative research, transparent conversations with Black couples and singles, and—most importantly—God's Word. With positive and open minds, we explore any negative ideas surrounding provision and submission, in hopes of ending the perpetual collective confusion among our people.
