*Exploring Diary Methods in Higher Education Research Nov 23 2019 This methodologically oriented collection brings together higher education diary research studies from international contexts to showcase the versatility of the method and its adaptability to higher education research. While keeping a diary is a familiar personal practice, diary method is a neglected form of research in higher education studies as well as the social sciences more broadly. This book showcases the range of options within diary method, as well as the benefits and challenges that this fascinating but mysterious method may bring to students and academic researchers alike. The benefits and the risks and challenges of diary research are discussed across the empirical studies included in the volume. Using a variety of solicited diary techniques, including audio, written and photo diaries, and focusing on different aspects of higher education including undergraduate and postgraduate students and academics, these studies include salient topics such as: LGBTQ identities, faith, caring responsibilities, international students, socioeconomically disadvantaged students and employability. This important contribution to methodological innovation in the higher education research field promotes diary method as a viable option in social sciences and beyond. Whether new to the method or a seasoned diary researcher, this book is ideal reading for anyone who would like to learn the fundamentals of diary research and explore its feasibility in empirical contexts.*

*The Memphis Blues Aug 25 2022 The "Father of the Blues," William Christopher Handy (1873-1958), was the first blues composer, and most music history scholars believe that The Memphis Blues was the first notated blues song in history. This arrangement was created using the original published sheet music from 1913, now located in Duke University's Historic American Sheet Music collection. As the chart unfolds, more modern elements are added but the unique character of the original is always present.*

John Coltrane Plays "Coltrane Changes" (Songbook) Jul 24 2022 (Artist Transcriptions). In the late 1950s, John Coltrane composed or arranged a series of tunes that used chord progressions based on a series of key center movements by thirds, rather than the usual fourths and fifths of standard progressions. This sound is so aurally identifiable and has received so much attention from jazz musicians that it has become known as "Coltrane's Changes." This book presents an exploration of his changes by studying 13 of his arrangements, each containing Coltrane's unique harmonic formula. It includes complete solo transcriptions with extensive performance notes for each. Titles include: *Body and Soul* \* *But Not for Me* \* *Central Park West* \* *Countdown* \* *Fifth House* \* *Giant Steps* \* *Summertime* \* and more.
