Navy Basic Military Requirements (Navedtra 14325) - Nonresident Training Course Nov 19 2021 COURSE OVERVIEW: Basic Military Requirements, NAVEDTRA 14325, is a self-study training manual (TRAMAN)/nonresident training course (NRTC) that covers the basic knowledges required of the men and women of the U.S. Navy and Naval Reserve. This TRAMAN/NRTC provides subject matter that directly relates to the naval standards for the apprenticeship (E-2/E-3) rates. The naval standards are found in the Manual of Navy Enlisted Manpower and Personnel Classification and Occupational Standards (Volume 1), NAVPERS 18068F. THE COURSE: This self-study course is organized into subject matter areas, each containing learning objectives to help you determine what you should learn along with text and illustrations to help you understand the information. The subject matter reflects day-to-day requirements and experiences of personnel in the rating or skill area. It also reflects guidance provided by Enlisted Community Managers (ECMs) and other senior personnel, technical references, instructions, etc.

This is an overview of general shop administration, available equipment, required operator adjustments, and equipment maintenance. Knowing the capabilities and limitations of the equipment before creating artwork is essential. Standard Drafting Practices And Theory. Industry standards for composition, geometric construction, general drafting practices, technical drawings, perspective projections, and parallel projections are foundational material on which all executionable practices rely. Executionable Practices. These chapters cover the theory of color, photography, computer-generated art, figure drawing, cartooning, animation, mediums, lettering, and airbrush. These are the skills a successful DM must master. Presentations Graphics. Copy preparation, audiovisual presentations, television graphics, and displays and exhibits are end products and will influence the how and why DMs do business.
