Next May 30 2022 Welcome to our genetic world. Fast, furious, and out of control. This is not the world of the future—it's the world right now.

The Lost World Nov 11 2020 Six years after the secret disaster at Jurassic Park and the destruction of the dinosaurs, the dismantling of the park, and the closing of the island, rumors persist that some form of life has survived, in the sequel to Jurassic Park. Reissue.

Travels Feb 24 2022 From the bestselling author of Jurassic Park, Timeline, and Sphere comes a deeply personal memoir full of fascinating adventures as he travels everywhere from the Mayan pyramids to Kilimanjaro. Fueled by a powerful curiosity—and by a need to see, feel, and hear, firsthand and close-up—Michael Crichton's journeys have carried him into worlds diverse and compelling—swimming with mud sharks in Tahiti, tracking wild animals through the jungle of Rwanda. This is a record of those travels—an exhilarating quest across the familiar and exotic frontiers of the outer world, a determined odyssey into the unfathomable, spiritual depths of the inner world. It is an adventure of risk and rejuvenation, terror and wonder, as exciting as Michael Crichton's many masterful and widely heralded works of fiction.

Three Complete Novels May 06 2020 Three classic scientific suspense novels, *Andromeda Strain*, *The Terminal Man*, and *The Great Train Robbery*, demonstrate what made this master of the potboiling thriller the best-selling success that he is today.

The Great Train Robbery May 18 2021 In teeming Victorian London, where lavish wealth and appalling poverty exist side by side, one mysterious man navigates both worlds with perfect ease. Rich, handsome and ingenious, Edward Pierce preys on the most

prominent of the well-to-do as he cunningly orchestrates the crime of his century. Who would suspect that a gentleman of breeding could mastermind the daring theft of a fortune in gold? Who would predict the consequences of making the extraordinary robbery aboard the pride of England's industrial era, the mighty steam locomotive? Based on fact, as lively as legend, and studded with all the suspense and style of a modern fiction master, here is a classic novel, set a decade before the age of dynamite - yet nonetheless explosive... 'A nineteenth-century version of The Sting... Crichton fascinates us' THE NEW YORK TIMES BOOK REVIEW 'A work of intelligence and craftsmanship... Written with grace and wit' LOS ANGELES TIMES

Rising Sun Aug 01 2022 On the forty-fifth floor of the Nakamoto Tower in downtown L. A. a grand opening celebration is in full swing at the new American headquarters of the immense Japanese conglomerate. On the forty-sixth floor, in an empty conference room, the dead body of a

Sphere Apr 28 2022 From the author of Jurassic Park, Timeline, and Congo comes a psychological thriller about a group of scientists who investigate a spaceship discovered on the ocean floor. In the middle of the South Pacific, a thousand feet below the surface, a huge vessel is unearthed. Rushed to the scene is a team of American scientists who descend together into the depths to investigate the astonishing discovery. What they find defies their imaginations and mocks their attempts at logical explanation. It is a spaceship, but apparently it is undamaged by its fall from the sky. And, most startling, it appears to be at least three hundred years old, containing a terrifying and destructive force that must be controlled at all costs.

The Andromeda Strain Mar 16 2021 Five prominent biophysicists give the United States government an urgent warning: sterilisation procedures for returning space probes may be inadequate to guarantee uncontaminated re-entry to the atmosphere. Two years later, Project Scoop sends seventeen satellites into the fringes of

space in order to 'collect organisms and dust for study.' Then a probe satellite falls to earth, landing in a desolate area of northeastern Arizona. In the nearby town of Piedmont, bodies lie heaped and flung across the ground, faces locked in frozen surprise. The terror has begun... 'He had me convinced it was all really happening' Christopher Lehmann-Haupt, NEW YORK TIMES 'Science fiction, which once frightened because it seemed so far out, now frightens because it seems so near. The Andromeda Strain is as matter-of-fact as the skull-and-crossbones instructions on a bottle of poison - and just as chillingly effective' LIFE 'Terrifying... One of the most important novels of the year' LIBRARY JOURNAL

Michael Crichton's Jurassic World Jul 20 2021 The author's sagas of science run amok and a prehistoric, dinosaur-dominated world are presented in an omnibus edition containing "Jurassic Park" and "The Lost World"

Next (Enhanced Edition) Mar 04 2020 Michael Crichton, the #1 New York Times bestselling author of Jurassic Park, comes an astounding, eye-opening look at the world of genetics as it's happening now, told as only Michael Crichton can tell it, with lightening fast pacing and thrilling chases. Welcome to our genetic world. Fast, furious, and out of control. This is not the world of the future—it's the world right now. Is a loved one missing some body parts? Are blondes becoming extinct? Is everyone at your dinner table of the same species? Humans and chimpanzees differ in only 400 genes; is that why an adult human being resembles a chimp fetus? And should that worry us? There's a new genetic cure for drug addiction—is it worse than the disease? We live in a time of momentous scientific leaps; a time when it's possible to sell our eggs and sperm online for thousands of dollars; test our spouses for genetic maladies and even frame someone for a genetic crime. We live in a time when one fifth of all our genes are owned by someone else, and an unsuspecting person and his family can be pursued cross-country because they happen to have certain valuable genes

within their chromosomes... Devilishly clever, Next blends fact and fiction into a breathless tale of a new world where nothing is what it seems, and a set of new possibilities can open at every turn.

State of Fear Mar 28 2022 A provocative techno thriller that races from one action packed location to another.

Disclosure Oct 23 2021 Thomas Sanders' world collapses in just 24 hours - he is passed over for promotion, his new woman boss comes on to him during a drink after work, then, the next morning, he learns that she has accused him of sexually harassing her. She demands his transfer, thereby threatening to cut him off from the millions he would have made.

Congo Sep 21 2021 From the bestselling author of Jurassic Park, Timeline, and Sphere comes a gripping thriller about the shocking demise of eight American geologists in the darkest region of the Congo. Deep in the African rain forest, near the ruins of the Lost City of Zinj, a field expedition is brutally killed. At the Houston-based Earth Resources Technology Services, Inc., a horrified supervisor watches a gruesome video transmission of that ill-fated group and sees a haunting, grainy, man-like blur moving amongst the bodies. In San Francisco, an extraordinary gorilla named Amy, who has a 620-sign vocabulary, may hold the secret to that fierce carnage. Immediately, a new expedition is sent to the Congo with Amy in tow, descending into a secret, forbidden world where the only escape may be through the grisliest death.

Robogenesis Jan 02 2020 The robots are back . . . and this time they are stronger.

Eaters of the Dead Jan 14 2021 From the bestselling author of Jurassic Park, Timeline, and Sphere comes an epic tale of unspeakable horror. It is 922 A.D. The refined Arab courtier Ibn Fadlan is accompanying a party of Viking warriors back to their home. He is appalled by their customs—the gratuitous sexuality of their women, their disregard for cleanliness, and their cold-blooded sacrifices. As they enter the frozen, forbidden landscape of the North—where the day’s length does not equal the night’s, where after sunset the sky burns in streaks of color—Fadlan soon discovers that he has been unwillingly enlisted to combat the terrors in the night that come to slaughter the Vikings, the monsters of the mist that devour human flesh. But just how he will do it, Fadlan has no idea.

Scratch One Feb 01 2020 "To prevent an arms shipment from reaching the Middle East a terrorist group has been carrying out targeted assassinations in Egypt...Portugal...Denmark...France. In response, the United States sends one of its deadliest agents to take the killers down. But when the agent is delayed in transit, lawyer Roger Carr gets mistaken for him. Now, with some of the world's deadliest men after him, will he survive long enough to prove his identity?"--Publisher.

Westworld Jun 06 2020 This story of a technological paradise suddenly turned nightmare is a genuine shocker. For \$1,000 a day,

vacationers can indulge whims at the "theme park" called Westworld where the gunhands and dance-hall girls are all robots programmed to serve the guests' violent and lustful fantasies--until something goes wrong with their circuitry.

The Science of Michael Crichton Apr 16 2021 Wherever the cutting edge of science goes, Michael Crichton is there. From dinosaur cloning to global warming, nanotechnology to time travel, animal behavior to human genetics, Crichton always takes us to the cutting edge of science and then pushes the envelope. The Science of Michael Crichton examines the amazing inventions of Crichton's books and lifts up the hood, revealing the science underneath. In intelligent and well-thought essays, scholars and experts decide what Crichton gets right and what he gets wrong. They examine which Crichton imaginings are feasible and which are just plain impossible. Scenarios examined include whether dinosaurs can be cloned, if nanotechnological particles can evolve intelligence, and if we can go back in time.

Rising Sun: A Novel Feb 12 2021 #1 NEW YORK TIMES BESTSELLER • From the author of Jurassic Park, Timeline, and Sphere comes this riveting thriller of corporate intrigue and cutthroat competition between American and Japanese business interests. “As well built a thrill machine as a suspense novel can be.”—The New York Times Book Review On the forty-fifth floor of the Nakamoto tower in downtown Los Angeles—the new American headquarters of the immense Japanese conglomerate—a grand opening celebration is in full swing. On the forty-sixth floor, in an empty conference room, the corpse of a beautiful young woman is discovered. The investigation immediately becomes a headlong chase through a twisting maze of industrial intrigue, a no-holds-barred conflict in which control of a vital American technology is the fiercely coveted prize—and in which the Japanese saying “Business is war” takes on a terrifying reality. “A grand maze of plot twists . . . Crichton’s gift for spinning a timely yarn is

going to be enough, once again, to serve a current tenant of the bestseller list with an eviction notice.”—New York Daily News
“The action in *Rising Sun* unfolds at a breathless pace.”—Business Week

Jurassic Park Sep 09 2020 Before seeing *Jurassic World* film this June read the original, multimillion copy No. 1 bestselling thriller that inspired the first major motion picture *Jurassic Park*. On a remote jungle island, genetic engineers have created a dinosaur game park. An astonishing technique for recovering and cloning dinosaur DNA has been discovered. Now one of mankind's most thrilling fantasies has come true and the first dinosaurs that the Earth has seen in the time of man emerge. But, as always, there is a dark side to the fantasy and after a catastrophe destroys the park's defence systems, the scientists and tourists are left fighting for survival... With this masterful cross of science fiction and action-adventure, Michael Crichton created one of the biggest bestsellers of all time, turned by Steven Spielberg into the highest grossing blockbuster ever in 1993.

Prey Oct 03 2022 In California, odd things are happening to unemployed scientist Jack Forman. His children tell Jack that

strange men have visited the house. And Julia, his wife, isn't helping - she acts, even looks, somehow different. Deep in the Nevada desert, in the laboratory where Julia works, things are out of control.

Dragon Teeth Apr 04 2020 Michael Crichton, the #1 New York Times bestselling author of Jurassic Park, returns to the world of paleontology in this recently discovered novel—a thrilling adventure set in the Wild West during the golden age of fossil hunting. The year is 1876. Warring Indian tribes still populate America's western territories even as lawless gold-rush towns begin to mark the landscape. In much of the country it is still illegal to espouse evolution. Against this backdrop two monomaniacal paleontologists pillage the Wild West, hunting for dinosaur fossils, while surveilling, deceiving and sabotaging each other in a rivalry that will come to be known as the Bone Wars. Into this treacherous territory plunges the arrogant and entitled William Johnson, a Yale student with more privilege than sense. Determined to survive a summer in the west to win a bet against his arch-rival, William has joined world-renowned paleontologist Othniel Charles Marsh on his latest expedition. But when the paranoid and secretive Marsh becomes convinced that William is spying for his nemesis, Edwin Drinker Cope, he abandons him in Cheyenne, Wyoming, a locus of crime and vice. William is forced to join forces with Cope and soon stumbles upon a discovery of historic proportions. With this extraordinary treasure, however, comes exceptional danger, and William's newfound resilience will be tested in his struggle to protect his cache, which pits him against some of the West's most notorious characters. A page-turner that draws on both meticulously researched history and an exuberant imagination, *Dragon Teeth* is based on the rivalry between real-life paleontologists Cope and Marsh; in William Johnson readers will find an inspiring hero only Michael Crichton could have imagined. Perfectly paced and brilliantly plotted, this enormously winning adventure is destined to become another Crichton classic.
