Bose–Einstein Condensation in Dilute Gases Apr 28 2020 Since an atomic Bose-Einstein condensate, predicted by Einstein in 1925, was first produced in the laboratory in 1995, the study of ultracold Bose and Fermi gases has become one of the most active areas in contemporary physics. This book explains phenomena in ultracold gases from basic principles, without assuming a detailed knowledge of atomic, condensed matter, and nuclear physics. This new edition has been revised and updated, and includes new chapters on optical lattices, low dimensions, and strongly-interacting Fermi systems. This book provides a unified introduction to the physics of ultracold atomic Bose and Fermi gases for advanced undergraduate and graduate students, as well as experimentalists and theorists. Chapters cover the statistical physics of trapped gases, atomic properties, cooling and trapping atoms, interatomic interactions, structure of trapped condensates, collective modes, rotating condensates, superfluidity, interference phenomena, and trapped Fermi gases. Problems are included at the end of each chapter.

Collector's Originality Guide Corvette C4 1984-1996 Dec 05 2020 The first restoration guide for 4th-generation Corvettes, detailing correct parts, finishes, options, and trim pieces for all models produced from 1984 to 1996.

Edmunds Used Cars Mar 28 2020 For over 30 years, millions of consumers have relied on Edmund's to get the valuable information, evaluations, and advice they need to choose wisely and to save time and money when purchasing or leasing, buying, selling, or trading a used car. This guide covers American and import cars for the years 1987 through 1996.

Handbook of American Business History: Manufacturing Jul 12 2021 Overall, this first volume in the series should render business research in manufacturing a good deal easier by bringing together insightful industry histories and detailed critical bibliographies. This series has much to recommend it. Future volumes will be eagerly awaited. Reference Books Bulletin This historical and bibliographical reference work is the first volume of Greenwood Press's Handbook of American Business History, a series intended to supplement current bibliographic materials pertaining to business history. Devoted to manufacturing, this work uses the Enterprise Standard Industrial Classification (ESIC) to divide the subject into distinct segments, from which contributors have developed histories and bibliographies of the different types of manufacturing. Though authors were given sets of guidelines to follow, they were also allowed the flexibility to work in a format that best suited the material. Each contribution in this volume contains three important elements: a concise history of the manufacturing sector, a bibliographic essay, and a bibliography. Some contributions appear in three distinct parts, while others are combined into one or two segments; all build on currently available material for students and scholars doing research on business and industry. The contributors, who include business, economic, and social historians, as well as engineers and lawyers, have covered such topics as bakery products, industrial chemicals and synthetics, engines and turbines, and household appliances. Also included are an introductory essay that covers general works and a comprehensive index. This book should be a useful tool for courses in business and industry, and a valuable resource for college, university, and public libraries.

Indian Books in Print May 10 2021

Modern South Asia Aug 21 2019 A wide-ranging survey of the Indian sub-continent, Modern South Asia gives an enthralling account of South Asian history. After sketching the pre-modern history of the subcontinent, the book concentrates on the last three centuries from c.1700 to the present. Jointly written by two leading Indian and Pakistani historians, Modern South Asia offers a rare depth of understanding of the social, economic and political realities of this region. This comprehensive study includes detailed discussions of: the structure and ideology of the British raj; the meaning of subaltern resistance; the refashioning of social relations along lines of caste class, community and gender; and the state and economy, society and politics of post-colonial South Asia The new edition includes a rewritten, accessible introduction and a chapter by chapter revision to take into account recent research. The second edition will also bring the book completely up to date with a chapter on the period from 1991 to 2002 and a discussion of the last millennium in sub-continental history.

Developmental Assessment of the School-Aged Child with Developmental Disabilities Jun 18 2019 Children and adolescents with emotional and behavioural problems who are referred to mental health services for assessment often have undiagnosed mild learning disabilities, and this guide is written for clinicians involved in making such assessments. It provides full

guidance on common developmental disorders and their assessment, focusing on mild to moderate disabilities in the school-aged child. It covers intellectual disabilities, dyslexia, dyscalculia (mathematical disability), autism spectrum disorders, speech and language impairment, developmental coordination disorder, and emotional and personality development. Each chapter includes an account of normal development, including developmental milestones, an overview of the disorder, and its clinical assessment. This important professional guide will be invaluable for all child health and mental health professionals and trainees, including paediatricians, psychiatrists, mental health workers, clinical psychologists and educational psychologists.

Used Car and Truck Prices Dec 25 2019 Features accurate, up-to-date wholesale and retail prices on used cars and trucks from 1992 to 2001, covering both domestic and imported makes and models, as well as detailed information about automobile specifications, fuel efficiency, standard and optional equipment, ratings and reviews, and much more. Original. *American Government: Institutions and Policies, Brief Version Feb 07 2021* This popular brief text for the American Government course emphasizes the historical development of the American political system, who governs, and to what ends. The twelfth edition of *AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, BRIEF VERSION*, offers coverage of the 2014 campaigns and elections; budget battles and the sequestration of funds; ongoing debates about immigration, gay marriage, and other key issues in American politics; and foreign-policy decisions on Afghanistan, the Middle East, and North Korea. The text also emphasizes critical-thinking skills and includes many tools to help students maximize their study efforts and results, such as Learning Objectives in every chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Selections From Gandhi by N. K. Bose Mar 08 2021

The Complete Book of Corvette Oct 27 2022 The Complete Book of Corvette covers every production model and every year of Chevrolet's legendary performance car. Every Z06 and ZR-1, racers, prototypes, Indy pace cars--they're all here, including the stunning mid-engine 2020 Corvette Stingray. Every model year is presented with an insightful text, technical specifications, and beautiful photography culled from the author's own images and GM's photographic archives. With more than sixty years of production under its belt, the Corvette remains a world-class sports car offering a fascinating development story and a stellar competition record. The Complete Book of Corvette covers all eight generations, from the first six-cylinder model in 1953 to the all-conquering L88 of the 1960s to 21st century ZR1 and Z06 to today's tour de force mid-engine Stingray--the ultimate expression of Chevrolet's and Zora Arkus Duntov's vision. Prototypes, racers, one-offs, and specialty packages also get their due as do the designers and engineers behind the iconic Corvette. It's all here in the ultimate reference for all Corvette enthusiasts.
