U.S. History Aug 12 2021 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Depression and Personality Dysfunction Nov 22 2019 This book analyses the clinical interaction between depression and personality dysfunction to help clinicians better understand and treat patients with complex depression. It proposes an innovative perspective to clinical work that

moves away from a disorder-centered approach to a person-centered approach by analysing complex depression through the lens of functional domains related to personality functioning and applying Research Domain Criteria to diagnosis and treatment planning. By doing so, it aims to contribute to the development of precision psychotherapy by applying the principles of precision medicine to mental health care. The book is divided in two parts. Chapters in the first part review problems in five domains of personality dysfunction that drive complex depressive presentations – identity, affect regulation, self-other regulation, social dysfunction and self-criticism – and the neurobiological findings underlying them. In the second part, authors present integrative models of depression and personality dysfunction and their implications for diagnosis and treatment. *Depression and Personality Dysfunction: An Integrative Functional Domains Perspective* is a scientific and clinical guide for the understanding and treatment of patients with depression complicated by personality dysfunction. It will be a useful tool for clinicians looking for resources to develop a more person-centered and evidence-based approach to mental health care.

Guide to the National Museum at Amsterdam Mar 19 2022

[Suicide Prevention](#) Oct 02 2020 This volume is a guide for the hospital workforce related to suicide prevention.

Written by experts in the field, this text is the only one that also includes the revised DSM-5 guidelines. It is also the first to cover both prevention in one concise guide, offering a well-rounded approach to long- and short-term prevention. The book begins by establishing the

neurobiology of suicide before discussing the populations at risk for suicide and the various environments where they may present. The book addresses the epidemiology, including groups at heightened risk; etiology, including several types of risk factors; prevention, including large-scale community-based activities; and postvention, including the few evidence-based approaches that are currently available. Unlike any other text on the market, this book does not simply focus on one particular demographic; rather, the book covers a wide range of populations and concerns, including suicide in youths, racial minorities, patients suffering from serious mental and physical illnesses, psychopharmacological treatment in special populations, and a wide array of challenging scenarios that are often not addressed in the very few up-to-date resources available. Suicide Prevention is an outstanding resource for psychiatrists, psychologists, hospitalists, primary care doctors, nurses, social workers, and all medical professionals who may interface with suicidal patients.

One a Day Jan 25 2020 Index. "The chronicles collected in this book originally appeared in the weekly Jewish Post & Opinion from 1970 to 1984" - Pref.

Medieval Italy May 21 2022 This Encyclopedia gathers together the most recent scholarship on Medieval Italy, while offering a sweeping view of all aspects of life in Italy during the Middle Ages. This two volume, illustrated, A-Z reference is a cross-disciplinary resource for information on literature, history, the arts, science, philosophy, and religion in Italy between A.D. 450 and 1375. For more information including the introduction, a full list of entries

and contributors, a generous selection of sample pages, and more, visit the Medieval Italy: An Encyclopedia website.

Insiders' Guide® to Santa Fe Dec 16 2021 Insiders' Guide to Santa Fe is the essential source for in-depth travel and relocation information to this beautiful New Mexico city. Written by a local (and true insider), it offers a personal and practical perspective of Sante Fe and its surrounding environs.

Archie Bunker's America Dec 24 2019 Turbulent times were televised throughout the sitcom's golden age.

Women Writers Dramatized Aug 24 2022 This volume, arranged alphabetically by original author, provides basic information about stage and screen productions based upon the novels of 40 women writers before 1900. Each entry includes the novel and its publication date, the published texts or dramatizations based upon the book,

and the performances of the piece in live theater and film versions, including the location, dates, and playwright or screenwriter (if there was one). For some of the performances the author includes a brief annotation listing the actors and describing the production.

Kiplinger's Personal Finance Jan 05 2021 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

Key Figures in Medieval Europe Jun 10 2021 From emperors and queens to artists and world travelers, from popes and scholars to saints and heretics, *Key Figures in Medieval Europe* brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Gathered from the biographical entries from the on-going series, the *Routledge Encyclopedias of the Middle Ages*, these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics, religion, or the arts. Individuals from places such as medieval England, France, Germany, Iberia, Italy, and Scandinavia are included as well as those from the Jewish and Islamic worlds. A thematic outline is included that lists people not only by categories, but also by regions. For a full list of entries, contributors, and more, visit the *Routledge Encyclopedias of the Middle Ages* website.

Psychotic Disorders Jul 19 2019 This book provides clear and concise guidance for clinicians when they encounter a patient with psychosis, starting with the medical work-up to arrive at a diagnosis and ending with the comprehensive care for patients with established

schizophrenia. It covers the optimal use of medications (emphasizing safe use) but also addresses other treatment approaches (psychological treatments, rehabilitation) and the larger societal context of care, including how to work effectively in complex systems. It uniquely condenses the literature into teaching points without simplifying too much, effectively serving as a learning tool for trainees and professionals. For this second edition, the book was extensively updated and its content expanded, with new figures as well. Each chapter begins with an initial summary and includes Tips and Key Points in text boxes. Each chapter also includes links to external websites and additional readings. The book contains clinical and practical wisdom for clinicians who are treating real patients at the front lines, setting it apart from all other texts. Psychotic Disorders is an excellent resource for medical students, early career professionals such as trainees and fellows, and related clinicians seeking additional training and resources, including those in psychiatry, psychology, neurology, and all others.

Routledge Revivals: Medieval Italy (2004) Apr 20 2022
First published in 2004, *Medieval Italy: An Encyclopedia* provides an introduction to the many and diverse facets of Italian civilization from the late Roman empire to the end of the fourteenth century. It presents in two volumes articles on a wide range of topics including history, literature, art, music, urban development, commerce and economics, social and political institutions, religion and hagiography, philosophy and science. This illustrated, A-Z reference is a cross-disciplinary resource and will be of key interest not only to students and scholars of history but also to those

studying a range of subjects, as well as the general reader.

Study Guide to Brunner/Suddarth's Textbook of Medical-surgical Nursing Apr 27 2020

New York City's Best Public Pre-K and Elementary Schools Aug 20 2019 Completely revised with new profiles of more than 150 elementary schools and pre-kindergarten programs! For nearly 2 decades, parents have looked to Clara Hemphill to help them find a good public school for their child. This Fourth Edition features all-new reviews of more than 150 of the city's best public elementary schools, based on visits and in-depth interviews by the InsideSchools staff. This essential guide uncovers the "inside scoop" on schools (the condition of the building, special programs, teacher quality, and more), includes a checklist of things to look for on a school tour, and incorporates new listings of charter schools and stand-alone pre-kindergarten programs. It also provides the hard facts on: Total school enrollment Test scores for reading and math Ethnic makeup Who gets in? Admissions requirements Teaching methods and styles Special education services How to apply "Brisk, thoughtful profiles of topnotch, intriguing schools." —New York Daily News "Hemphill has done for schools what Zagat's did for restaurants." —Big Apple Parent "Thoughtful, well-researched . . . required reading." —New York Magazine "A bible for urban parents." —New York Times

The School of Greatness Jul 31 2020

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness,

joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

The Rough Guide to Mallorca and Menorca Sep 13 2021
The Rough Guide to Mallorca and Menorca provides unrivalled coverage of two of the Mediterranean's most beautiful and popular islands. The guide includes sixteen pages of full colour photographs, introducing the islands' highlights from Mallorca's remote beaches to Menorca's country mansions. There are lively accounts of all the sites from the cosmopolitan streetlife of Palma to Menorca's remote prehistoric remains. For every town and region, there are comprehensive and opinionated listings of the best hotels, bars, restaurants and clubs, plus maps pinpointing their location. There is also practical advice on the best walking routes and insider tips on finding the pick of the beaches.

Days of Remembrance, April 22-29, 1990 Mar 27 2020
Importing Into the United States Nov 03 2020
This edition of *Importing Into the United States* contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. *Importing Into the United States* provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at

any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

Revisiting Stephen King Dec 04 2020 Offers an examination of the works of the American horror writer.

The Craft of International History Sep 20 2019 This is a practical guide to the historical study of international politics. The focus is on the nuts and bolts of historical research--that is, on how to use original sources, analyze and interpret historical works, and actually write a work of history. Two appendixes provide sources sure to be indispensable for anyone doing research in this area. The book does not simply lay down precepts. It presents examples drawn from the author's more than forty years' experience as a working historian. One important chapter, dealing with America's road to war in 1941, shows in unprecedented detail how an interpretation of a major historical issue can be developed. The aim throughout is to throw open the doors of the workshop so that young scholars, both historians and political scientists, can see the sort of thought processes the historian goes through before he or she puts anything on paper. Filled with valuable examples, this is a book anyone serious about conducting historical research will want to have on the bookshelf.

TV Guide Jun 29 2020

Marlowe: A Critical Study Oct 22 2019 This is a thorough critical study of Marlowe's entire output - plays, translations and poems - prefaced by a biographical chapter. It is an attempt to provide the 'life and works'

study for the general reader. Mr Steane takes the poetry as the centre of his interest; offering a literary judgement on Marlowe's art rather than further discussion of sources and background. He provides a balanced account of a great poetic dramatist, a writer of exceptional power whose poetry also reveals profound human flaws.

Personal Recovery and Mental Illness Jun 17 2019

Focuses on a shift away from traditional clinical preoccupations towards new priorities of supporting the patient.

Routledge Revivals: Key Figures in Medieval Europe (2006) May 09 2021 First published in 2006, *Key Figures in Medieval Europe*, brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Gathered from the biographical entries from the series, *Routledge Encyclopedias of the Middle Ages*, these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics, religion, and the arts. It includes individuals from places such as medieval England, France, Germany, Iberia, Italy, and Scandinavia, as well as those from the Jewish and Islamic worlds. In one convenient volume, students, scholars, and interested readers will find the biographies of the people whose actions, beliefs, creations, and writings shaped the Middle Ages, one of the most fascinating periods of world history.

The CBS Radio Mystery Theater Jul 23 2022 Almost every evening for nine years during the late 1970s and early 1980s, the CBS Radio Mystery Theatre brought monsters, murderers and mayhem together for an hour. Created, produced and directed by Himan Brown, the series remains a landmark in radio drama. This book is a detailed history and episode guide to the show. Descriptive information includes exact titles, airdates and rebroadcast dates, episode numbers, cast lists, writer and adapter credits, and a storyline synopsis. This material comes directly from CBS press releases in order to insure complete accuracy. Also included wherever possible are information about the actors and actresses, quotes from performers and writers (many from personal interviews), anecdotes about various scripts and sound effects, and other notes of interest.
