Lamb to the Slaughter (A Roald Dahl Short Story) Dec 29 2019

Lamb to the Slaughter is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale. In Lamb to the Slaughter, Roald Dahl, one of the world's favourite authors, tells a twisted story about the darker side of human nature. Here, a wife serves up a dish that utterly baffles the police . . . Lamb to the Slaughter is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the two men who make an unusual and chilling wager over the provenance of a bottle of wine; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer ) This story is also available as a Penguin

digital audio download read by Juliet Stevenson. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

*Critical Theory Today* Jan 22 2022 This new edition of the classic guide offers a thorough and accessible introduction to contemporary critical theory. It provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African-American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further

reading. This book can be used as the only text in a course or as a precursor to the study of primary theoretical works. It motivates readers by showing them what critical theory can offer in terms of their practical understanding of literary texts and in terms of their personal understanding of themselves and the world in which they live. Both engaging and rigorous, it is a "how-to" book for undergraduate and graduate students new to critical theory and for college professors who want to broaden their repertoire of critical approaches to literature.

Exit West 'Excuse me, sir, but may I be of assistance? Ah, I see I have alarmed you. Do not be frightened by my beard. I am a lover of America . . . ' So speaks the mysterious stranger at a Lahore cafe as dusk settles. Invited to join him for tea, you learn his name and what led this speaker of immaculate English to seek you out. For he is more worldly than you might expect; better travelled and better educated. He knows the West better than you do. And as he tells you his story, of how he embraced the Western dream -- and a Western woman -- and how both betrayed him, so the night darkens. Then the true reason for your meeting becomes abundantly clear . . .

Challenging, mysterious and thrillingly tense, Mohsin Hamid's masterly *The Reluctant Fundamentalist* is a vital read teeming with questions and ideas about some of the most pressing issues of today's globalised, fractured world.

Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance - women and learning, writing and poverty - which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence - a call which sent ripples well into the next century. *On Seamus Heaney* Jun 26

2022 "Seamus Heaney was the leading Irish poet of the second half of the twentieth century, and, after W. B. Yeats, arguably the most significant poet in the history of Irish literature. When he died in 2013 the public reaction in Ireland was extraordinary, and the outpouring of feeling decisively demonstrated that he occupied an exceptional place in national life. The words of his last message to his wife, 'Noli timere', 'Don't be afraid', appeared over and over again on social media, while key phrases from favourite poems became and have remained canonical. In this short book, conceived for the Writers on Writers series, historian Roy Foster offers an extended and largely chronological reflection upon Heaney's life, work and historical context, from the

poet's origins in Northern Ireland and the publication of *Death of a Naturalist* in 1966, through the explosive impact of his 1975 collection *North*, and then into his years as a 'world poet' and an Irish writer with a powerful influence on English literature generally. Foster considers virtually all of Heaney's major output, including later volumes such as *The Spirit Level* and *Human Chain*, as well as Heaney's translation of *Beowulf* and his renderings from Virgil. Throughout the book, Foster conveys something of Heaney's charismatic, expansive and subtle personality, as well as the impact of his work in both the USA and in Europe. Certain themes emerge throughout, such as the way Heaney maintained a deceptive simplicity throughout his writing career, his relations with classical literature and the poetry of dissidence in Eastern Europe, and the increasing presence of the unseen and even spiritual in his later work. Foster also highlights Heaney's importance as a critic and

largely unacknowledged ways in which his own trajectory echoed that of the life and work of Yeats. Though Heaney evaded direct comparisons with his Nobel-prizewinning predecessor, he personified the quality which he attributed to Yeats: 'the gift of establishing authority within a culture'. Both poets made a challenging and oblique use of autobiography and personal history in their work, and both sustained a very particular and sometimes contested relation to the life of their country. Foster shows us that Heaney, like Yeats, came to personify and express the Ireland of his time with unique force and resonance"--

nonlinear problems covers a broad spectrum of fields. Several papers are involved in applying numerical methods for proving the existence of solutions of nonlinear problems, e.g. of boundary problems or of obstacle problems. Naturally the solution of linear and nonlinear problems by iterative methods is the subject of a couple of papers. Here topics like the fast verification of solutions of monotone matrix equations, the convergence of linear asynchronous iteration with spectral radius of modulus one or aggregation and disaggregation methods for p-cyclic Markov chains are treated. On the other hand papers involved in optimization problems can be found. Nearly all fields of modern numerical analysis are touched by at least one paper.

Critical Appraisal of Medical Literature provides a step-by-step approach to help the reader reach a good level of proficiency in systematic critical appraisal of medical information. To this end, the book covers all the elements that are necessary to develop these skills and is a comprehensive guide to the subject. The book is written in three parts. The first part focuses on the logical justification and the validity of medical information. Its chapters present basic working definitions and discussions on relevant basic topics of statistics and epidemiology. The second part focuses on the complementary aspects of critique, common study designs and articles whose main topics are treatment, diagnosis, prognosis, aetiology, reviews, medical guidelines, audit, and qualitative research. The third part presents some statistical techniques that are commonly used in published articles.
