A Maggot Nov 07 2020 An extraordinary work of fiction, from one of the world's most exceptional writers. The year is 1736 and five travellers are journeying across Exmoor on horseback, their purpose unknown. One evening they stop at a village inn for some rest and, soon after, hear that a man has been hanged nearby and that another is missing. What follows is a maze of beguiling paths and wrong turnings, rituals and revelations, unaccountable motives and cryptic deeds, as the mystery swerves towards a startling vision at its centre. 'This altogether admirable novel serves, as all literature should, the forces of subversion' Anthony Burgess, Observer 'The reader is carried headlong into a maze of violent death, bizarre sex, disguise and terror' Sunday Times

A Life through Rhythm and Rhyme Aug 05 2020 Life has little to do with where you start and much to do with how you use your start to add value to it throughout your life. It is said that music soothes the soul. Melodies and harmonies transport us to places we love, hate, treasure, or despise. Everyone's life is set to a rhythm they can eventually control. This life demonstrates a life lived set to varying degrees of musical tone, from the depth of tension to the height of release, changing tempo and keys along the way. Jody Russ's life started in turmoil with the tragic loss of his mother, sister, and cousin before turning six years old. The village of family and friends that surrounded him and his siblings, ushering them through a maze of life-changing stages, is nothing short of miraculous. He succeeded through childhood family separation, varying living environments, spiritual confusion, and enlightenment to navigate a successful military and teaching career and become a husband, father, and grandfather. Finally, he stands on the battlefield against cancer. Woven into his story is a blend of his original songs and poems to highlight his life. Enjoy the music and begin to listen for your own soundtrack.

Popular Sep 29 2022 Tindell Baldwin's words best describe her passion and this book: "My heart is for teenage girls because my story is much like so many of theirs. I was just a girl who made a lot of mistakes. I was a girl who had sex before marriage and then had a broken heart. I was a girl who did drugs and drank to fill the void that was deep in my heart. I was a girl who was desperate to be popular. A girl who, like so many others, didn't know the dark side of sin. So my aim is to reach teenage girls, and through an honest account of my darkest sins, show them what they are up against. My heart is that teens would hear my story and flee to Christ. My greatest desire is that God would be glorified above all else." Through a two-part journey ("Dark" and "Light"), Tindell details how she said goodbye to her family's God and pursued popularity at all costs while climbing the social chain in high school. During a night of partying, she even encountered the man suspected of killing Natalee Holloway in Aruba. But God did not leave Tindell. The "Light" part of her story shows how she reconnected with God, changed her ways, and discovered abundant and real life through Christ.

A Genealogy of Dissent May 26 2022 Between the Civil War and the turn of the last century, Southern Baptists gained prominence in the religious life of the South. As their power increased, they became defenders of the racial, political, social, and economic status quo. By the beginning of this century, however, a feisty tradition of dissent began to appear in Southern Baptist life as criticism of the center increased from both the left and the right. The popular belief in a doctrine of "once saved, always saved" led progressive Baptists to claim that moderates, once saved, did not address the serious social and political problems that faced many in the South. These Baptist dissenters claimed that they could not be "at ease in Zion." Led by the radical Walter Nathan Johnson in the 1920s and 1930s, progressive Baptists produced civil rights advocates, labor organizers, women's rights advocates, and proponents of disarmament and abolition of capital punishment. They challenged some of the most fundamental aspects of southern society and of Baptist ecclesiastical structure and practice. For their efforts and beliefs, many of these men and women suffered as they lost jobs, experienced physical danger and injury, and endured character assassination. In *A Genealogy of Dissent*, David Stricklin traces the history of these progressive Baptists and their descendants throughout the twentieth century and shows how they created an active culture of protest within a highly traditional society.

The Civil Rights Revolution Mar 31 2020 From the Supreme Court's decision of Brown v. Board of Education in 1955 to the assassination of Dr. Martin Luther King, Jr., in 1968--African American students, lawyers, ministers and communities conducted a successful nonviolent campaign against the system of American apartheid in eleven states. This work is organized into four sections. The first describes apartheid in the U.S. before Brown v. Board of Education. The causes of the revolution--the enforcement of apartheid laws by state governments, courts, police, and the KKK--are also analyzed. The second presents 54 confrontations in the struggle for Civil Rights--including court cases, boycotts, sit-ins, marches, demonstrations, and the desegregation of cities and schools--from the Moton High student strike (in Farmville, Virginia) in 1951 to 1969's hospital workers' strike in Charleston. The third is a series of 60 biographical profiles of leaders giving their educational and civil rights achievements. This section also includes a list of 40 historically significant activist organizations. The fourth section discusses six important Civil Rights laws and concludes with the general accomplishments of the struggle.
