Crap CVs Jun 04 2020 Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. **Crap CVs** is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

Degrowth in Movement(s) Dec 11 2020 Degrowth is an emerging social movement that overlaps with proposals for systemic change such as anti-globalization and climate justice, commons and transition towns, basic income and Buen Vivir. Degrowth in Movement(s) reflects on the current situation of social movements aiming at overcoming capitalism, industrialism and domination. The essays ask: What is the key idea of the respective movement? Who is active? What is the relation with the degrowth movement? What can the degrowth movement learn from these other movements and the other way around? Which common proposals, but also which contradictions, oppositions and tensions exist? And what alliances could be possible for broader systemic transformations? Corinna Bukhart, Matthias Schmelzer, and Nina Treu have curated an impressive demonstration that there are, beyond regressive neoliberalism and techno-fixes, emancipatory alternatives contributing to a good life for all. Degrowth in Movement(s) explores this mosaic for social-ecological transformation - an alliance strengthened by diversity.
