MacBook Pro: For Seniors Jun 03 2020 The MacBook Pro is one of the releases of the Apple computer line that was initially introduced to the market as far back as January 2006. It is a powerful computer unit that allows users to be able to do whatever they need in an easy and efficient way. Senior citizens are defined as people who are over the age of 55 years old and may not be particularly technologically inclined. They may have challenges in using computers but with the latest Apple technology, they have made it somewhat easier for them to understand new concepts. One of the main aims of Apple is to make their devices more user friendly and allow persons to easily achieve what they want to do. There should be no bells and whistles in getting their activities done. They aim to be the leader in computing and with their innovative devices they are certainly getting there. Related specifically to the MacBook Pro, it has many features that give seniors a comfortable experience in using computers.

Apple Training Series Nov 28 2019 In the only Apple-certified guide to iLife '09, the authors have you working miracles with iLife within the first few pages. Featuring footage and images from around the world, this book uses real-life material and practical lessons that you can apply immediately to your own projects. Focused lessons take you step by step through all aspects of iLife '09—everything from organizing and sharing your photo library to creating polished video and soundtracks. Along the way, you'll produce movies, photo books, podcasts, websites, blogs, and custom DVDs. • Master the iLife suite of tools quickly through fun, real-world projects • Turn your photos into cards, picture books, calendars, or a web gallery • Add motion and music to a slideshow, then publish it online • Create a video with polished transitions, music, effects, and even greenscreen • Learn "Hollywood-style" techniques for making better videos • Build a soundtrack in GarageBand, and learn to score a simple movie • Create websites, blogs, podcasts, and DVD menus in a snap. The Apple Training Series is both a self-paced learning tool and the official curriculum of the Apple Training and Certification Program. To find out more about Apple Training, or to find an Authorized Training Center near you, go to www.apple.com/training. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: • If you are able to search the book, search for "Where are the lesson files?" • Go to the very last page of the book and scroll backwards. • You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. • Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
