An Untamed Land (Red River of the North Book #1) Jul 05 2020 Proud of Their Heritage and Sustained by Their Faith, They Came to Tame a New Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises

untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?

The Red River Campaign of 1864 and the Loss by the Confederacy of the Civil War Jun 15 2021 The Union Army's Red River Campaign began on March 12, 1864, with a two-pronged attack aimed at gaining control of Shreveport, Louisiana. It lasted until May 22, 1864, when, after suffering significant casualties, the Union army retreated to Simmesport, Louisiana. The campaign was an attempt to prevent Confederate alliance with the French in Mexico, deny supplies to Confederate forces, and secure vast quantities of Louisiana and Texas cotton for Northern mills. With this examination of Confederate leadership and how it affected the Red River Campaign, the author argues against the standard assumption that the campaign had no major effect on the outcome of the war. In fact, the South had—and lost—an excellent opportunity to inflict a decisive defeat that might have changed the course of history. With this campaign as an ideal example, the politics of military decision-making in general are also analyzed.

Red River Valley Nov 20 2021 Appointed by President Lincoln to command the Gulf Department in November 1862, Nathaniel Prentice Banks was given three assignments, one of which was to occupy some point in Texas. He was told that when he united his army with Grant's, he would assume command of both. Banks, then, had the opportunity to become the leading general in the West--perhaps the most important general in the war. But he squandered what successes he had, never rendezvoused with Grant's army, and ultimately orchestrated some of the greatest military blunders of the war. "Banks's faults as a general," writes author Stephen A. Dupree, "were legion." The originality of *Planting the Union Flag in Texas* lies not just in the author's description of the battles and campaigns Banks led, nor in his recognition of the character traits that underlay Banks's decisions. Rather, it lies in how Dupree synthesizes his studies of Banks's various actions during his tour of duty in and near Texas to help the reader understand them as a unified campaign. He skillfully weaves together Banks's various attempts to gain Union control of Texas with his other activities and shines the light of Banks's character on the resulting events to help explain both their potential and their shortcomings. In the end, readers will have a holistic understanding of Banks's "appalling" failure to win Texas and may even be led to ask how the post-Civil War era might have been different had he been successful. This fine study will appeal to Civil War buffs and fans of military and Texas history.

Captain W. W. Withenbury's 1838-1842 "Red River Reminiscences" Mar 13 2021 W. W. Withenbury was a famous river boat captain during the mid-1800s. In retirement, he wrote a series of letters for the Cincinnati Commercial, under the title "Red River Reminiscences." Jacques Bagur has selected and annotated 39 letters describing three steamboat voyages on the upper Red River from 1838 to 1842. Withenbury was a master of character and incident, and his profiles of persons, including three signers of the Texas Declaration of Independence, reflect years of acquaintance. The beauty of his writing ranks this among the best of the reminiscences that were written as the steamboat era was declining. "Bagur is an expert on the Red River in the nineteenth century, and it shows in this work. Informative and entertaining." –Randolph B. "Mike" Campbell, author of *Gone to Texas: A History of the Lone Star State* "This will rank as a great assistance to researchers if anyone wants to attack history of the Red River again. Some of his in-depth research was fabulous."—Skipper Steely, author of *Red River Pioneers*
