Glimpses of Oneida Life Jul 09 2020 Glimpses of Oneida Life is a remarkable compilation of modern stories of community life at the Oneida Nation of the Thames Settlement and the surrounding area. With topics ranging from work experiences and Oneida customs to pranks, humorous encounters, and ghost stories, these fifty-two unscripted narrations and conversations in Oneida represent a rare collection of first-hand Iroquoian reflections on aspects of daily life and culture not found in print elsewhere. Each text is presented in Oneida with both an interlinear, word-by-word translation and a more colloquial translation in English. The book also contains a grammatical sketch of the Oneida language by Karin Michelson, co-author of the Oneida-English/English-Oneida Dictionary, that describes how words are structured and combined into larger linguistic structures, thus allowing Glimpses to be used as a teaching text as well. The engrossing tales in Glimpses of Oneida Life will be a valuable resource for linguists and language learners, a useful source for those studying the history and culture of Iroquois people in the twentieth-century, and an entertaining read for anyone interested in everyday First Nations life in southern Ontario.

Aliens Ate My Homework Aug 02 2022 Kelly Donovan wants to save the Earth from aliens, but her plan has a serious snag—she needs to do it before bedtime. It's been a few weeks since the Nolmek scattered giant crystals around the world that unintentionally gave some people super powers. They also nearly eliminated war and shared technology to solve famine, drought, and pollution, so pretty much everyone loves them. Alas, the aliens didn't visit Earth purely out of kindness. They needed a primitive species to enslave. Kelly discovers they're speeding up their plans, already abducting people from the super-prison right out from under the cops' noses, the same prison her mad-scientist father is stuck in. She's desperate to protect him, but unfortunately, no one is willing to believe the Nolmek could be bad guys. Worse, they know she's on to them. If she can't find proof of the aliens' plan, stop the invasion, and be in bed before nine, she faces worse than the enslavement of humanity—she'll be grounded.

Stalin Ate My Homework Nov 12 2020 The Sayles might not have been the only Jewish atheist communist family in Liverpool, but Alexei knew from an early age that they were one of the more eccentric. Born on the day egg rationing came to an end, Alexei was the only child of Joe, an affable trade unionist who led the family on railway expeditions across eastern Europe, and Molly, a hot-tempered red-head who terrified teachers and insisted Alexei see the Red Army Choir instead of the Beatles. Perceptive and hilarious, this is a portrait of a family, a city, a country and a continent going through enormous changes.

The Border Patrol Ate My Dust Feb 25 2022 In 1979, Mexican President José López Portilla assured his compatriots that the prosperity of the petroleum boom would reach every corner of the Republic of Mexico. The mother of the narrator in the first passage asks, "Do you believe what the president says?" The young narrator listens agape at the president's statements, while his work-weary parents contemplate a trip to el Norte. When the promised prosperity doesn't reach the corners of San Luis Potosí, the narrator sets out with his father to try to improve their finances. With the dream of the wealthy Hollywood that he sees on television tucked in his pocket, he, along with the other narrators in this collection of Spanish language testimonials, struggles to reach the United States. Radio personality Alicia Alarcón invited listeners who had migrated to the United States to call and share their stories. In these pages, Alarcón collects the footsteps of these travelers, through their flight and their falls. Their stories highlight the true American experience for immigrants from all over South and Central America who decide to leave their respective homelands. These intriguing but heartbreaking passages reveal young and old, men and women, who must overcome the impossible as they hope to find a better place than the one they've left behind. These difficult and gritty stories are the stories of the successful, the ones who make it across, past the natural and the bureaucratic obstacles along the border, only to scratch together lives on the other side.
