Goebbels And Der Angriff Feb 29 2020 The Berlin newspaper *Der Angriff* (The Attack), founded by Joseph Goebbels in 1927, was a significant instrument for arousing support for Nazi ideas. Berlin was the center of the political life of the Weimar Republic, and Goebbels became an actor upon this frenetic stage in 1926, becoming Gauleiter of Berlin's Nazis. Focusing on the period from 1927 to 1933, a time the Nazis later called "the blood years," Russel Lemmons examines how *Der Angriff* was used to promote support for Nazism. Some of the most important propaganda motifs of the Third Reich first appeared in the pages of *Der Angriff*. Horst Wessel, murdered by the German Communist Party in 1930, became the archetypal Nazi hero; much of his legend began on the pages of *Der Angriff*. Other Nazi propaganda themes—the "Unknown SA man" and the "myth of resurrection and return"—made their first appearances in this newspaper. How could the Germans, seemingly among the most cultured people in Europe, hand over their fate to the Nazis? As this book demonstrates, *Der Angriff* had much to do with the rise of National Socialism in Berlin and the cataclysmic results.

Deciding WEATHER to Fly, A Guide for Air Medical Decision Making (Black and White) Aug 29 2022 This textbook was designed by a former Flight Paramedic of 15 years, as well as a Commercial Rated Helicopter and Airplane, and an FAA licensed CFI and CFI-I for both helicopters and airplanes. This class is provocative, direct, and will address scenarios that have occurred in recent years in air medical; which had one of the largest death rates in the history of HEMS. We will teach the participant to make informed decisions about weather, learn to interpret weather, trends, synopses, and forecasts. We will address how to interpret METARS, FA's, and TAFS. Emergency survival skills will be addressed, as well as FAA Rules and Regulations concerning the HEMS environment. We also look at case studies of various crashes and examine the weather that was reporting at the time and conclude what could have been done differently. This book is the most needed book in aviation, and air medical industry, and will aid the participant in making informed decisions, so they can decide whether a "go or no-go" is best.

Inner Experience May 14 2021 Outlines a mystical theology and experience of the sacred founded on the absence of god. Originally published in 1943, Inner Experience is the single most significant work by one of the twentieth century's most influential writers. It outlines a mystical theology and experience of the sacred founded on the absence of god. Bataille calls Inner Experience a "narrative of despair," but also describes it as a book wherein "profundity and passion go tenderly hand in hand." Herein, he says, "The mind moves in a strange world where anguish and ecstasy take shape." Bataille's search for experience begins where religion, philosophy, science, and literature leave off, where doctrines, dogmas, methods, and the arts collapse. His method of meditation, outlined and documented here, commingles horror and delight. Laughter, intoxication, eroticism, poetry, and sacrifice are pursued not as ends in and of themselves but as means of access to a sovereign realm of inner experience. This new translation is the first to include Method of Meditation and Post-Scriptum 1953, the supplementary texts Bataille added to create the first volume of his Summa Atheologica. This edition also offers the full notes and annotations from the French edition of Bataille's Oeuvres Complètes, along with an incisive introductory essay by Stuart Kendall that situates the work historically,

biographically, and philosophically.

Sanford Meisner on Acting Nov 27 2019 Sanford Meisner was one of the best known and beloved teachers of acting in the country. This book follows one of his acting classes for fifteen months, beginning with the most rudimentary exercises and ending with affecting and polished scenes from contemporary American plays. Written in collaboration with Dennis Longwell, it is essential reading for beginning and professional actors alike. Throughout these pages Meisner is a delight—always empathizing with his students and urging them onward, provoking emotion, laughter, and growing technical mastery from his charges. With an introduction by Sydney Pollack, director of *Out of Africa* and *Tootsie*, who worked with Meisner for five years. "This book should be read by anyone who wants to act or even appreciate what acting involves. Like Meisner's way of teaching, it is the straight goods."—Arthur Miller "If there is a key to good acting, this one is it, above all others. Actors, young and not so young, will find inspiration and excitement in this book."—Gregory Peck
