Draft No. 4 Jan 28 2020 The long-awaited guide to writing long-form nonfiction by the legendary author and teacher Draft No. 4 is a master class on the writer's craft. In a series of playful, expertly wrought essays, John McPhee shares insights he has gathered over his career and has refined while teaching at Princeton University, where he has nurtured some of the most esteemed writers of recent decades. McPhee offers definitive guidance in the decisions regarding arrangement, diction, and tone that shape nonfiction pieces, and he presents extracts from his work, subjecting them to wry scrutiny. In one essay, he considers the delicate art of getting sources to tell you what they might not otherwise reveal. In another, he discusses how to use flashback to place a bear encounter in a travel narrative while observing that "readers are not supposed to notice the structure. It is meant to be about as visible as someone's bones." The result is a vivid depiction of the writing process, from reporting to drafting to revising—and revising, and revising. Draft No. 4 is enriched by multiple diagrams and by personal anecdotes and charming reflections on the life of a writer. McPhee describes his enduring relationships with The New Yorker and Farrar, Straus and Giroux, and recalls his early years at Time magazine. Throughout, Draft No. 4 is enlivened by his keen sense of writing as a way of being in the world.

Bed Aug 17 2021 Reminiscent of such novels as *A Confederacy of Dunces* and *The Curious Incident of the Dog in the Night-Time*, *Bed* is a darkly funny and surprisingly tender debut novel about two brothers, one of whom refuses to leave his bed on his twenty-fifth birthday. Mal Ede, a child of untamed manners and unbounded curiosity, is the eccentric eldest son of an otherwise typical middle-class family. But as the wonders of childhood fade into the responsibilities of adulthood, Mal's spirits fade too. On his twenty-fifth birthday, disillusioned, Mal goes to bed--back to his childhood bed--and never emerges again. Narrated by Mal's shy, diligent younger brother, *Bed* details Mal's subsequent extreme and increasingly grotesque transformation: immobility and a gargantuan appetite combine, over the course of two decades, to make him the fattest man in the world. Despite his seclusion and his refusal to explain his motivations, Mal's condition earns him worldwide notoriety and a cult of followers convinced he is making an important statement about modern life. But Mal's actions will also change the lives of his haunted parents, his brother and the woman they both love, Lou. In *Bed*, David Whitehouse has put a magnifying glass on contemporary society. Hailed as a "momentous" (*The Bookseller*) debut in the UK, *Bed* is a mordantly funny and ultimately redemptive parable about mortality, obesity, celebrity, depression and the broken promises of adulthood. It is one of the most audacious debut novels in years.

Little Deaths Mar 31 2020 Haunting, intoxicating and heart-poundingly suspenseful, *Little Deaths* is a gripping novel about love, morality and obsession, exploring the capacity for good and evil within us all. After a desperate search, the police make a horrifying discovery. Noting Ruth's perfectly made-up face and provocative clothing, the empty liquor bottles and love letters that litter her apartment, the detectives leap to convenient conclusions, fuelled by neighbourhood gossip and speculation. Sent to cover the case on his first major assignment, tabloid reporter Pete Wonicke at first can't help but do the same. But the longer he spends watching Ruth, the more he learns about the darker workings of the police and the press. Soon, Pete begins to doubt everything he thought he knew. Ruth Malone is enthralling, challenging and secretive - is she really capable of murder?

A Stricken Field Jan 22 2022 Martha Gellhorn was one of the first--and most widely read--female war correspondents of the twentieth century. She is best known for her fearless reporting in Europe before and during WWII and for her brief marriage to Ernest Hemingway, but she was also an acclaimed novelist. In 1938, before the Munich pact, Gellhorn visited Prague and witnessed its transformation from a proud democracy preparing to battle Hitler to a country occupied by the German army. Born out of this experience, *A Stricken Field* follows a journalist who returns to Prague after its annexation and finds her efforts to obtain help for the refugees and to convey the shocking state of the country both frustrating and futile. A convincing account of a people under the brutal oppression of the Gestapo, *A Stricken Field* is Gellhorn's most powerful work of fiction. "[A] brave, final novel. Its writing is quick with movement and with sympathy; its people alive with death, if one can put it that way. It leaves one with aching heart and questing mind."--New York Herald Tribune "The translation of [Gellhorn's] personal testimony into the form of a novel has . . . force and point."--Times Literary Supplement

A Well-Read Woman Dec 09 2020 The inspiring true story of an indomitable librarian's journey from Nazi Germany to Seattle to Vietnam--all for the love of books. Growing up under Fascist censorship in Nazi Germany, Ruth Rappaport absorbed a forbidden community of ideas in banned books. After fleeing her home in Leipzig at fifteen and losing both parents to the Holocaust, Ruth drifted between vocations, relationships, and countries, searching for belonging and purpose. When she found her calling in librarianship, Ruth became not only a witness to history but an agent for change as well. Culled from decades of diaries, letters, and photographs, this epic true story reveals a driven woman who survived persecution, political unrest, and personal trauma through a love of books. It traces her activism from the Zionist movement to the Red Scare to bibliotherapy in Vietnam and finally to the Library of Congress, where Ruth made an indelible mark and found a home. Connecting it all, one constant thread: Ruth's passion for the printed word, and the haven it provides--a haven that, as this singularly compelling biography proves, Ruth would spend her life making accessible to others. This wasn't just a career for Ruth Rappaport. It was her purpose.

One in Three Oct 19 2021 'O!MIG! This just blew me away.... Gripping, compelling... I could not put this down.... Be prepared to be amazed... 5 very excited stars.' Goodreads reviewer, [REDACTED] Ruined Jun 14 2021 2017 Christianity Today Book Award winner ("CT Women" category) "It happened on a Sunday night, even though I'd been a good girl and gone to church that morning." One brisk November evening during her senior year at a small Midwestern Christian college, two armed intruders broke into the house Ruth Everhart shared with her roommates, held all five girls hostage, and took turns raping them at gunpoint. Reeling with fear, insecurity, and guilt, Ruth believed she was ruined, both physically and in the eyes of God. In the days and weeks that followed, Ruth struggled to come to grips with not only what happened that night but why. The same questions raced through her mind in an unrelenting loop—questions that would continue to haunt her for years to come: Why me? Where was God? Why did God allow this to happen? What am I being punished for? Told with candor and unflinching honesty, Ruined is an extraordinary emotional and spiritual journey that begins with an unspeakable act of violence but ends with tremendous healing and profound spiritual insights about faith, forgiveness, and the will of God.

Asperger's and Girls Feb 08 2021 World-renowned experts join those with Asperger's Syndrome to resolve issues that girls and women face every day! The Plague Year Nov 19 2021 'A virtuosic feat ... a book of panoramic breadth' New York Times Book Review 'A devastating analysis ... Wright is a master of knitting together complex narratives' The Observer Just as Lawrence Wright's The Looming Tower became the defining account of our century's first devastating event, 9/11, so The Plague Year will become the defining account of the second. The story starts with the initial moments of Covid's appearance in Wuhan and ends with Joseph Biden's inauguration in an America ravaged by well over 400,000 deaths - a mortality already some ten times worse than US combat deaths in the entire Vietnam War. This is an anguished, furious memorial to a year in which all of America's great strengths - its scientific knowledge, its great civic and intellectual institutions, its spirit of voluntarism and community - were brought low, not by a terrifying new illness alone, but by political incompetence and cynicism on a scale for which there has been no precedent. With insight, sympathy, clarity and rage, The Plague Year allows the reader to see the unfolding of this great tragedy, talking with individuals on the front line, bringing together many moving and surprising stories and painting a devastating picture of a country literally and fatally misled. 'Maddening and sobering - as comprehensive an account of the first year of the pandemic as we've yet seen' Kirkus

Bitch Mar 12 2021 A fierce, funny, and revolutionary look at the queens of the animal kingdom Studying zoology made Lucy Cooke feel like a sad freak. Not because she loved spiders or would roost around in animal feces: all her friends shared the same curious kinks. The problem was her sex. Being female meant she was, by nature, a loser. Since Charles Darwin, evolutionary biologists have been convinced that the males of the animal kingdom are the interesting ones—dominating and promiscuous, while females are dull, passive, and devoted. In Bitch, Cooke tells a new story. Whether investigating same-sex female allatross couples that raise chicks, murderous mother meerkats, or the titanic battle of the sexes waged by ducks, Cooke shows us a new evolutionary biology, one where females can be as dynamic as any male. This isn't your grandfather's evolutionary biology. It's more inclusive, truer to life, and, simply, more fun.

The Van Apfel Girls Are Gone Feb 29 2020 Bookriot's 50 spring must-read crime novels 'We lost all three girls that summer. Let them slip away like the words of some half-remembered song and when one came back, she wasn't the one we were trying to recall to begin with.' Tikka Molloy was eleven and one-sixth years old during the long hot summer of 1992, growing up in an isolated suburb in Australia surrounded by encroaching bushland. That summer, the hottest on record, was when the Van Apfel sisters - Hannah, the beautiful Cordelia and Ruth - mysteriously disappeared during

the school's Showstopper concert, held at the outdoor amphitheatre by the river. Did they run away? Were they taken? While the search for the sisters unites the small community, the mystery of their disappearance has never been solved. Now, years later, Tikka has returned home and is beginning to make sense of that strange moment in time. The summer that shaped her. The girls that she never forgot. Brilliantly observed, spiky, sharp, funny and unexpectedly endearing, *The Van Apfel Girls are Gone* is part mystery, part coming-of-age story - with a dark shimmering unexplained absence at its heart.
