No other author has ever published a book showing how the shroud and the stigmata completely agree with each other scientifically and according to the Gospel accounts! Scientific evidence about the burial cloth of our Lord Jesus Christ. A recent endorsement: "I have to say that of the many books I have read (having multiple degrees in theology -including my Doctorate from Columbia University) your "They Bore the Wounds of Christ: The Mystery of the Sacred Stigmata..." is one of my all time favorites. In fact not only do I continue to refer to it, but there are certain passages that you explain that could only be attributable to infused divine inspiration. Please continue to write ... Peace, Deacon Mike Vicinanza" (April 17, 2016).

Saint Francis of Assisi Nov 03 2020 This biography of St. Francis of Assisi addresses every phase of his life and work. -- Dust jacket. [Peacebuilding in a Fractious World](#) May 09 2021 In January 2017 Mikhail Gorbachev, former president of the Soviet Union, said that it looks as if the world is preparing for war. And Pope Francis noted that war is already being fought piecemeal around the world. In this book we argue that since violence begets violence, we must privilege soft power over military might, if we are to have peace on earth. Gandhi used soft power in India overcame British military might, and King used it to bring about integration in the 1960s. Soft power brought about the nuclear nonproliferation treaty, the Kyoto climate agreement, and Iran's agreement to refrain from making nuclear weapons. Soft power involves both dialogue between world leaders and conflict resolution, and privileges diplomacy over war. As General James Mattis said in 2013, "If you don't fund the State Department fully, then I need to buy more ammunition."

[The Perfect Joy of St. Francis](#) Aug 24 2022 In this classic, Felix Timmermans reveals a deep understanding and penetrating interpretation of the man Francis and the ideals that enabled him to move and to shake the whole world. Filled with humor, pathos and a strange kind of beauty, it is a combination of artistry, poetry and simplicity that plumbs the soul of Saint Francis. Here is the whole Francis, the poet, the ascetic, the stigmatist, the servant of the poor and the lepers, the miracle worker. But above all, here is the spirit of St. Francis "told as lyrically and simply as the hymns and words of Francis himself in a book that communicates the joy of St. Francis."

[The Lure of Saints](#) Mar 27 2020 This guide includes profiles of ancient, medieval, and modern figures--East and West, the sublime and the unusual--with special chapters exploring the differences between Catholic and Protestant imaginations, ancient spiritual practices of relating to saints, miracles, apparitions, stigmata, and more.

The Irrational Jesus Mar 19 2022 Behavioral science books are popping up on bestseller lists: Predictably Irrational; Thinking, Fast and Slow; Nudge; Decisive. Even the White House launched a Behavioral Insights Team to match the British Ministry of Nudges. Conspicuously absent from this conversation is the church. The Irrational Jesus bridges this gap. Ken Evers-Hood looks at Jesus through the lens of cognitive heuristics (mental shortcuts) and biases (blind spots) and makes the case that a fully human Jesus is predictably irrational--just like all of us. Find out how the Apostle Paul's community building mirrors a prisoner's dilemma game and how this makes Paul an irrational leader, too. Discover how playing better games in church can foster hopeful, flourishing communities. Improve your decision-making; learn when to plan for irrationality and when to live into it. The Irrational Jesus addresses these issues and more. Integrating the insights of behavioral economists such as Dan Ariely, the gameful thinking of Jane McGonigal, and cutting-edge ideas from decision theory, Evers-Hood articulates a behavioral theology for fully human pastors of fully human congregations--a fresh perspective that will change how pastors and other church leaders see themselves, the institutions they serve, and the scriptural and theological tradition.

St. Francis and the Christian Life Sep 25 2022 How do we live the Christian life? April Love-Fordham and her husband contemplated this as they retraced the footsteps of Saint Francis across the Italian wilderness. Did they need to renounce materialism and live more simply? Did they need to do more work serving those in need? Was more Bible study or a stronger prayer life needed? What made their commitment to Christ different than those committed to other faiths? How could their lives make a difference? Love-Fordham was planning a lecture series on Galatians, written by the Apostle Paul, when she and her husband began their pilgrimage. As they journeyed into the life and legends of Saint

Francis, a playful old-school Franciscan monk befriended them. Together, the three named the parallels and divergences in the lives of Saint Francis and Paul. In doing so, they discovered an entirely new—but ancient—way of following Jesus. This book teaches Galatians the way Jesus taught: through parables. In this case, the parables are about Saint Francis. Each section ends with a spiritual practice designed to help readers discover their own unique way of living the Christian life.

Death, Hope & the Laughter of God Apr 20 2022 Experiencing loss tempts us to think God is distant and uncaring, but DEATH, HOPE & THE LAUGHTER OF GOD courageously insists something different. The author, fueled by questions surrounding the death of his daughter in a car accident, insists our darkest questions about what God is up to, and where God is as we go through pain, are simply the trails we must take to get to joy. It is a deeply moving and theologically substantive work for anyonebut, in particular, anyone who has suffered the death of a loved one, the death of a marriage, the death of innocence, a relationship, or a dream. Ultimately, it winds up being a fresh and nuanced take on the oldest subject of all: suffering. Its a book entitled, DEATH, HOPE & THE LAUGHTER OF GOD. Yes, an unlikely title about the unlikely path where God finds us.

Participation Nov 22 2019 The beauty of the world and our experience of human empathy and compassion collide with our experience of bitter discord between individuals, severe societal divisions, brutal oppression, war, and profound estrangement from our environment. All manner of rational analysis and proposed solutions have not solved these elemental problems, the basis of which is spiritual. This book focuses on the spiritual nature of participation. It is about participation in a humanity rooted in Holy Mystery, in God who is in all things. It is about what is essential to being human: the experience of transcendence expressed in faith, hope, and love. It is about "being in Christ." In part, it is a meditation on the apostle Paul's insistence that we participate in Christ in whom we find our true humanity and through whom we are transformed in our relationship to ourselves, others, and the world. Being rooted in Christ, we gain discernment and power for transformative action in the world as it is, with all its wonder, beauty, and brokenness. This book moves from the inner reality of participation in Christ to the outer reality of engagement with the world.

Ordo et Sanctitas: The Franciscan Spiritual Journey in Theology and Hagiography Jun 17 2019 Ordo et Sanctitas: The Franciscan Spiritual Journey in Theology and Hagiography offers articles on Franciscan hagiographical texts; medieval theology and the Bonaventurian theological tradition; and the retrieval of the Franciscan tradition in a contemporary context.

Compassion Dec 16 2021 What is compassion? How does it emerge in the human heart? What moves us to act with compassion, and how can it become a way of life? How can we let go of our fears to love more deeply? These are some of the thought-provoking questions Franciscan scholar Ilia Delio explores in this inspiring new work. Through the lens of St. Francis of Assisi who was transformed into the image of Christ, Delio looks at what keeps us apart and together simultaneously as human beings, why we fear being related to another person, how we can overcome and cope with a culture that is becoming increasingly fragmented, and how we can deepen our consciousness to become one in mind and heart with others and in Christ.

Is the Commission Still Great? Oct 02 2020 Dismantling the Myths that Obscure God's Great Plan The primary mission of the church is to glorify God by blessing all peoples of the world through the gospel of Jesus Christ. The Great Commission's task of global disciple-making is the most ambitious project ever undertaken. Given the scale and complexity of global missions, it's no wonder that misconceptions abound, even among invested, godly people. Questions and skepticism about missions arise from both outside and inside the church. Is missions an outdated idea? Do missionaries do more harm than good? Are we succeeding or failing? Is it time for global believers to do the job in their own countries with minimal Western involvement? We don't need to fear questions like these. But we do need to seek—and find—solid, biblical answers. Is the Commission Still Great? dismantles the myths that obscure God's beautiful plan to make disciples of all nations. Misperceptions discourage God's people from joyfully participating with Him in reaching the world. Yet, deepening our understanding of the call to missions restores perspective and motivates us to participate in God's grand design. Author and missionary kid Steve Richardson uses stories from Scripture, history, and his own ministry experience to impart timely lessons on modern missions. Richardson also draws from the wisdom of field missionaries, sending agencies, pastors, and church members to address this all-important endeavor. Each chapter finishes with thought-provoking questions to facilitate purposeful discussion in families and small groups. Is the Commission Still Great? will equip followers of Christ to be participants—not spectators—in the redemption of the world.

Released Outward Dec 24 2019 Drawing from the experience of a church on Chicago's south side, Released Outward addresses the situation of congregations that have turned inward and become isolated from the needs of the world around them. It addresses the question of how churches, addicted to their cultural and ecclesial traditions, are set free to engage the world with God's justice, mercy, and faithfulness. The journey outward is a spiritual one. Like all who are in bondage to false dependencies, congregations must come out of denial, realize that the mission God has given them has become unmanageable, and surrender life and mission to God. This book is about congregations being liberated from false attachments and from theologies that do not support radical change. And it is about liberated people becoming witnesses to God's liberation in its many forms. The way forward is through seeing ourselves in the mirror of Jesus's witness, having Christ formed in us, and being empowered and guided by the Spirit. At the heart of this change is God's governance made concrete and specific.

Great Themes of Scripture: New Testament Dec 04 2020 The New Testament is sometimes called the New Covenant, signifying a new relationship between humanity and God. From the viewpoint of salvation history, the New Testament is the completion and the culmination of the Old Testament. In terms of length, it is only a small portion of the entire Bible, and yet it is that portion which brings it all together. Richard Rohr and Joseph Martos look at the many ways salvation themes are proclaimed by the various authors and literary styles of the New Testament.

Breathing Under Water Nov 15 2021 The Twelve Steps of Alcoholics Anonymous is America's most significant and authentic contribution to the history of spirituality, says Richard Rohr. He makes a case that the Twelve Steps relate well to Christian teaching and can rescue people who are drowning in addiction and may not even realize it. To survive the tidal wave of compulsive behavior and addiction, Christians must learn to breathe under water and discover God's love and compassion. In this exploration of Twelve Step spirituality, Rohr identifies the Christian principles in the Twelve Steps, connecting The Big Book of Alcoholics Anonymous with the gospel. He draws on talks he has given for over twenty years to people in recovery and those who counsel and live with people with addictive behavior. Rohr offers encouragement for becoming interiorly alive and inspiration for making one's life manageable for dealing with the codependence and dysfunction (sin) rampant in our society.

Francis Parkman: France and England in North America Vol. 1 (LOA #11) Feb 06 2021 This Library of America volume, along with its companion, presents, for the first time in compact form, all seven titles of Francis Parkman's monumental account of France and England's imperial struggle for dominance on the North American continent. Deservedly compared as a literary achievement to Gibbon's *The Decline and Fall of the Roman Empire*, Parkman's accomplishment is hardly less awesome than the explorations and adventures he so vividly describes. *Pioneers of France in the New World* (1865) begins with the early and tragic settlement of the French Huguenots in Florida, then shifts to the northern reaches of the continent and follows the expeditions of Samuel de Champlain up the St. Lawrence River and into the Great Lakes as he mapped the wilderness, organized the fur trade, promoted Christianity among the natives, and waged a savage forest campaign against the Iroquois. *The Jesuits in North America in the Seventeenth Century* (1867) traces the zealous efforts of the Jesuits and other Roman Catholic orders to convert the Native American tribes of North America. *La Salle and the Discovery of the Great West* (1869) records that explorer's voyages on the Ohio and Mississippi Rivers and his treks, often alone, across the vast western prairies and through the labyrinthine swamps of Louisiana. *The Old Régime in Canada* (1874) recounts the political struggles among the religious sects, colonial officials, feudal chiefs, royal ministers, and military commanders of Canada. Their bitter fights over the monopoly of the fur trade, the sale of brandy to the natives, the importation of wives from the orphanages and poorhouses of France, and the bizarre fanaticism of religious extremists and their "incessant supernaturalism" animate this pioneering social history of early Canada. The Mountain of Silence Jul 19 2019 An acclaimed expert in Christian mysticism travels to a monastery high in the Trodos Mountains of Cyprus and offers a fascinating look at the Greek Orthodox approach to spirituality that will appeal to readers of Carlos Castaneda. In an engaging combination of dialogues, reflections, conversations, history, and travel information, Kyriacos C. Markides continues the exploration of a spiritual tradition and practice little known in the West he began in *Riding with the Lion*. His earlier book took readers to the isolated peninsula of Mount Athos in northern Greece and into the group of ancient monasteries. There, in what might be called a "Christian Tibet," two thousand monks and hermits practice the spiritual arts to attain a oneness with God. In his new book, Markides follows Father Maximos, one of Mount Athos's monks, to the troubled island of Cyprus. As Father Maximos establishes churches, convents, and monasteries in this deeply divided land, Markides is awakened anew to the magnificent spirituality of the Greek Orthodox Church. Images of the land and the people of Cyprus and details of its tragic history enrich the *Mountain of Silence*. Like the writings of Castaneda, the book brilliantly evokes the

confluence of an inner and outer journey. The depth and richness of its spiritual message echo the thoughts and writings of Saint Francis of Assisi and other great saints of the Church as well. The result is a remarkable work—a moving, profoundly human examination of the role and the power of spirituality in a complex and confusing world.
