Protectors Oct 24 2021 A Normal Life was Never Their Destiny Protectors is a compilation of three novellas telling the personal stories of characters in the Unbounded series. While these novellas are not necessary to understanding the rest of the series, the stories are not told in the other books, and they give depth and insight to the characters, especially Ava, Chris, and Stella. These books are not from Erin Radkey's point-of-view, and she only appears briefly in this book. If you prefer to follow only Erin's story, feel free to skip to The Escape, Book 4 in the Unbounded series. This book contains: Ava's Revenge Ava O'Hare just wanted to love her child and live in peace, but a normal life was never her destiny. One stark day in 1745, everything she loved was taken from her, ripped away by the very man who should have protected her. Somehow, miraculously, Ava survived. Now it was time for revenge. Long before Ava O'Hare became the successful leader of a modern-day Renegade cell, she had other battles to fight. If you've enjoyed the Unbounded series, you will love this extra peek into the events that shaped Ava's life and made her a Guardian of Humanity. Please note: Most of Ava's Revenge takes place hundreds of years in the past. However, the last scene is present day and fits into the Unbounded timeline just after the end of The Change (Unbounded Book 1). You can read and enjoy any time after that first book. Mortal Brother Pilot Chris Radkey's only job in the Mexican jungle is to look after the plane while his Unbounded siblings retrieve a desperately needed cure. It was supposed to be easy. Much easier than seeing his wife murdered by an Emporium hit team, leaving behind two motherless children. Chris soon finds himself using every ounce of his Renegade training in a desperate struggle to secure dangerous Emporium captives and to save the life of a friend. His "easy" job has become a nightmare, one he may not survive. But a woman he cares about needs him, and he won't allow anything to stand in his way. Please note: The events in Mortal Brother take place in the Unbounded timeline simultaneously with The Cure (Unbounded Book 2) and extends several days past that novel. It should be read after The Cure. Set Ablaze In and out. Do the job. Renegade Blaze Vincent has survived years with this motto. Barely. Plucked from death's door and revived repeatedly with curequick, he's developed an addiction that threatens to destroy everything he's worked for. Now the Emporium is buying fields around a tiny Portuguese town, and mortals' Blaze's countrymen are dying. Blaze and his partner, Kenna Murray, are determined to unravel their enemies' intentions before the entire town is lost. But things tend to explode when Blaze is around. Literally. And to save his people, he must be willing to take yet one more step over the edge. Please note: This novella gives a glimpse into Renegade Ritter Langton's whereabouts when he disappears for two months between The Change (Unbounded Book 1) and The Cure (Unbounded Book 2). However, this story isn't about him, but about someone very close to him. If you've enjoyed the Unbounded series, you will love this extra peek into Ritter's family. Set Ablaze can be enjoyed at any time after reading the first two books. I Don't Want to Eat Bugs Nov 24 2021 Bugs are for the birds! Lisbon is hungry and it's hard to wait for dinner. When her animal friends try to help her find something tasty to eat, the real the problems begin! Join Lisbon on her funny misadventures. Each beautiful illustration is designed to inspire the imaginations of children. An activity page at the end of the book allows for more fun as they search for special items in the illustrations. This version of I Don't Want to Eat Bugs has been designed specifically for ebook with a fixed layout and larger text for easy reading. While this is a great read-aloud book for parents, teachers, and other adults to share with children, we have chosen fonts that are similar to the way children form letters for easy recognition as they begin to read on their own. The print book is also available in 8.5" x 11" format. Author's Note: I Don't Want to Eat Bugs was written for my daughter, who was two when I wrote this story and didn't like salad, but now she's four and a half and loves it! If I give her plenty of salad dressing! (But don't worry! this isn't a book about eating salad.) Of course birds, cats, and dogs have a very different idea of what's good to eat, but through this fun adventure, Lisbon learns there is also food meant just for her! and it's good, especially compared with all the offerings from her animal friends. My daughter and I privately call this book the "Ice Cream Story" (she LOVES ice cream so there had to be ice cream involved), and now whenever something funny happens, she says, "We should write a new ice cream story about that." And we have! I Don't Want to Eat Bugs is the first book in a planned series called Lisbon's Misadventures. I've written the next three books in the series, and Tim Petersen is hard at work

creating the illustrations. Tim is obviously a fabulous artist, and I'm excited to be working with him. You can sign up on my website to learn when the next book comes out (<http://teylarachelbranton.com/>). Thank you and enjoy!

Erin is determined to save not only the mortals but also her friends—even if it means sacrificing herself and her newfound love for Ritter Langton. [The Takeover](#) Sep 30 2019 *Takeover*—One Last Chance for Humanity Since the announcement of Unbounded existence, the mortal world has quickly polarized. One faction wants all Unbounded—Renegade and

Emporium—dead. Others worship them as gods who have come to save the world and bring it immortality. The tension between these groups is ready to explode. Meanwhile, the Emporium has a new player, one who has upped the stakes in the battle for humanity. Many innocent mortals are sacrificed as the Emporium Triad grabs for control. As Erin Radkey, Ritter Langton, and their Renegade allies struggle to stay one step ahead of the enemy, their increasing abilities are tested to the limit—as is their trust in each other. They have only one chance to change the game, to save humanity. A desperate plan that requires an ultimate price no one can bear to pay. But everything is not always what it seems, especially in the world of the Unbounded. "The Takeover amazingly pulls in threads from all the previous novels for a richly satisfying series conclusion. From Jace's parentage and Stella's baby, to Keene's ability and Cort's past, it all comes together. The Unbounded series is one that will always stand out in my mind." becomes all too personal and where lines of loyalty are blurred by relationships of the past.
