*Driver Tips* Jun 13 2021 Have you ever gone to a mechanic shop for a basic service like an oil change and came out with a long list of recommendations? Whom can you believe? It is almost like going to a French restaurant and not understanding the menu. This book is not only to translate the menu, but also to help you with the selections and to help prevent surprises. Times change and now more than ever dependable transportation is one of the main necessities of life. Luxury is far from a priority. With this guide of repair options, you will become an expert on shopping for services. Prioritize repairs or preventive maintenance to keep a balance from a healthy transportation to a happy wallet. It is nice to know that you do not have to agree with the mechanic all the time, we (mechanics) can be wrong just like your doctor and believe to be right. This is not a do it yourself book. It is a dictionary for car services and help to teach whom to trust in this contaminated car industry. Keep it in the glove compartment and have a mechanic on your side all the time.
