***Hand Of Isis Jul 04 2020 Against the rising power of Rome, Egypt is the last and strongest bastion of the Eastern Hellenistic kingdoms. Charmian is Cleopatra's half sister, daughter of Pharaoh and a woman of the harem. She shares a great honour and a terrible burden with Cleopatra and their sister Iras - they are fated to defend Egypt from those who would destroy her. So when Roman Julius Caesar comes to Egypt in pursuit of his enemies, Charmian and her sisters are drawn into a deadly struggle. One that will shape the world to come. From mysterious temples hidden in the desert to the perilous palaces of Rome, from the tomb of Alexander the Great to the very Gates of Amenti, Charmian must face foes seen and unseen in a battle for her family, her love and her gods.***

***Five T'ang Poets Mar 31 2020*** Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.

***Barbary Mar 12 2021*** A story of feline first contact by the Hugo and Nebula Award-winning author that "recalls Robert Heinlein's excellent stories for this age group" (Publishers Weekly). Twelve-year-old Barbary has been dreaming of going to space for as long as she can remember. Now, the orphan is on her way, joining the family of her mother's best friend on the research station Einstein—but she won't be going alone. Barbary can't bear to leave behind her only friend, a Manx tabby cat named Mickey. Getting used to zero gravity is just one challenge the pair will face on their journey; when they finally land on Einstein, Barbary will have to trust her new sister with her secret stowaway. But Mickey's mischievous nature may get Barbary kicked off of her new home for good—and put all of humanity at risk as an alien ship flies their way . . . "Excitement about space, living on a frontier, and . . . down-to-earth mechanical details . . . McIntyre displays the talent that won her acclaim." —Publishers Weekly "Engrossing. A lot of physics and engineering are woven unobtrusively into the book. Good for buffs and newcomers." —Kirkus Reviews

***Hawaiki Rising Sep 17 2021 Attuned to a world of natural signs—the stars, the winds, the curl of ocean swells—Polynesian explorers navigated for thousands of miles without charts or instruments. They sailed against prevailing winds and currents aboard powerful double canoes to settle the vast Pacific Ocean. And they did this when Greek mariners still hugged the coast of an inland sea, and Europe was populated by stone-age farmers. Yet by the turn of the twentieth century, this story had been lost and Polynesians had become an oppressed minority in their own land. Then, in 1975, a replica of an ancient Hawaiian canoe—H?k?le’a—was launched to sail the ancient star paths, and help Hawaiians reclaim pride in the accomplishments of their ancestors. Hawaiki Rising tells this story in the words of the men and women who created and sailed aboard H?k?le’a. They speak of growing up at a time when their Hawaiian culture was in danger of extinction; of their vision of sailing ancestral sea-routes; and of the heartbreaking loss of Eddie Aikau in a courageous effort to save his crewmates when H?k?le’a capsized in a raging storm. We join a young Hawaiian, Nainoa Thompson, as he rediscovers the ancient star signs that guided his ancestors, navigates H?k?le’a to Tahiti, and becomes the first Hawaiian to find distant landfall without charts or instruments in a thousand years. Hawaiki Rising is the saga of an astonishing revival of indigenous culture by voyagers who took hold of the old story and sailed deep into their ancestral past.***

***An Untamed Land (Red River of the North Book #1) Oct 19 2021 Proud of Their Heritage and Sustained by Their Faith, They Came to Tame a New Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg***

***Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?***

**Pause and Effect Sep 05 2020 From its publication in 1992 Pause and Effect has become a cornerstone of the study of punctuation across the world. Described as 'magisterial' by Lynne Truss in her best-selling Eats, Shoots and Leaves, this book has stimulated interest and scholarly debates among writers, literary critics, philosophers, linguists, rhetoricians, palaeographers and all those who study the use of language. To celebrate this extraordinary achievement, Pause and Effect has been republished in September 2008, coinciding with the publication of the author's new work, Their Hands Before Our Eyes. The first part of Pause and Effect identifies the graphic symbols of punctuation and deals with their history. It covers the antecedents of the repertory of symbols, as well as the ways in which the repertory was refined and augmented with new symbols to meet changing requirements. The second part offers a short general account of the principal influences which have contributed to the ways in which the symbols have been applied in texts, focusing on the evidence of the practice itself rather than on theorists. The treatment enables the reader to compare usages in different periods, and to isolate the principles which underlie the use of punctuation in all periods. The examples and plates which are at the core of the book provide the reader with an opportunity to test the author's observations. The examples are taken from a wide range of literary texts from different periods and languages. Latin texts are accompanied by English translation intended to illustrate the use of punctuation in the originals in so far as this is possible.**

*Millionaire by Thirty Oct 31 2022 The definitive, easy to understand and breakthrough guide on how young people can take their limited first income and turn it into a small fortune by the time they turn thirty from an expert financial planner. Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real*

***Blue Legalities* Aug 05 2020 The ocean and its inhabitants sketch and stretch our understandings of law in unexpected ways. Inspired by the blue turn in the social sciences and humanities, *Blue Legalities* explores how regulatory frameworks and governmental infrastructures are made, reworked, and contested in the oceans. Its interdisciplinary contributors analyze topics that range from militarization and Maori cosmologies to island building in the South China Sea and underwater robotics. Throughout, *Blue Legalities* illuminates the vast and unusual challenges associated with regulating the turbulent materialities and lives of the sea. Offering much more than an analysis of legal frameworks, the chapters in this volume show how the more-than-human ocean is central to the construction of terrestrial institutions and modes of governance. By thinking with the more-than-human ocean, *Blue Legalities* questions what we think we know—and what we don't know—about oceans, our earthly planet, and ourselves. Contributors.
