MCQs for FRCOphth Part 2 Dec 24 2021 MCQs for FRCOphth Part 2 is a key resource for candidates preparing to sit the Royal College of Ophthalmologists examination. Written by experts in the field, it is carefully mapped to the RCOPhth curriculum, providing comprehensive preparation for all aspects of this challenging exam. Written for the new FRCOphth format, it contains 360 questions organised into five sections to reflect the subdivisions of the exam. A mock examination of 90 questions enables trainees to assess their level of knowledge, and practise the technique and approach needed for the examination. In addition to a small ratio of illustration based questions to reflect the real FRCOphth exam it also places an emphasis on areas that are not well covered in other materials, such as GMC and RCOPhth guidelines. All answers are accompanied by detailed explanations and relevant further reading sources, providing candidates with high-quality self-assessment. Offering a true test of the reader's ophthalmology knowledge, this is a must-buy for anyone preparing for the FRCOphth part 2 written exam.

Unforgettable Conversations of Trinidad and Tobago Jun 17 2021 Today is a happy day for all the workers. Today is payday! I got up early to reach the bank before the crowd. When I arrived at the bank, I met many of the workers. All had happy smiles on their faces Because we lived from paycheck to paycheck. In a debut volume of poetry that reflects more than sixty years, Myrna Kanneh shares intriguing insight into some of her experiences growing up in Trinidad. Myrna explores a variety of themes and subjects that include the informal coffee breaks at work, exorbitant wedding plans, a walk to Mount Saint Benedict, the courting days of a now ninety-six-year-old man, the conversations heard while riding the bus, an invitation to run for political office, an elderly woman's birthday party, the diverse personalities of the various neighbors and friends, and many more caricatures based on memories from childhood to present. Her vivid depictions bring her experiences to life. In this unique collection of free verse, a new voice in Trinidadian poetry shares lyrical insight into the conversations that surround daily life among certain segments of the society on this beautiful West Indian island.

Advanced Problems in Mathematics: Preparing for University Nov 22 2021 This book is intended to help candidates prepare for entrance examinations in mathematics and scientific subjects, including STEP (Sixth Term Examination Paper). STEP is an examination used by Cambridge colleges as the basis for conditional offers. They are also used by Warwick University, and many other mathematics departments recommend that their applicants practice on the past papers even if they do not take the examination. Advanced Problems in Mathematics is recommended as preparation for any undergraduate mathematics course, even for students who do not plan to take the Sixth Term Examination Paper. The questions analysed in this book are all based on recent STEP questions selected to address the syllabus for Papers I and II, which is the A-level core (i.e. C1 to C4) with a few additions. Each question is followed by a comment and a full solution. The comments direct the reader's attention to key points and put the question in its true mathematical context. The solutions point students to the methodology required to address advanced mathematical problems critically and independently. This book is a must read for any student wishing to apply to scientific subjects at university level and for anybody interested in advanced mathematics.
