Schiller's Aesthetic Essays May 14 2021 Friedrich Schiller, the dramatist and poet, greatly influenced the development of aesthetics through his essays. He sums up the eighteenth century while anticipating modern ideas; his notions of the naive and the sentimental, of art as play, and of beauty as semblance, have had a lasting impact on aesthetic speculation. Dr Sharpe's book is the first study devoted to tracing the attempts of successive generations of philosophers and literary critics to expound the works and deal with the problems they present. Surveying Anglo-American as well as German-language criticism, she illuminates the impact of critical and political change on their evaluation.

The Cambridge History of Literary Criticism: Volume 3, The Renaissance Jun 22 2019 This 1999 volume was the first to explore as part of an unbroken continuum the critical legacy both of the humanist rediscovery of ancient learning and of its neoclassical reformulation. Focused on what is arguably the most complex phase in the transmission of the Western literary-critical heritage, the book encompasses those issues that helped shape the way European writers thought about literature from the late Middle Ages to the late seventeenth century. These issues touched almost every facet of Western intellectual endeavour, as well as the historical, cultural, social, scientific, and technological contexts in which that activity evolved. From the interpretative reassessment of the major ancient poetic texts, this volume addresses the emergence of the literary critic in Europe by exploring poetics, prose fiction, contexts of criticism, neoclassicism, and national developments. Sixty-one chapters by internationally respected scholars are supported by an introduction, detailed bibliographies for further investigation and a full index.

Lord of the Flies Jul 16 2021 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage

significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Global Literary Criticism Jun 02 2020 This timely book offers uplifting examples of major figures in Chinese and Western civilization from ancient to modern times who learned from and influenced each other. Rather than emphasizing cultural differences, this inspiring text highlights successful dialogue, commonalities, and mutual influences in this regard. Readers familiar with the Western canon will discover surprising influences of China on well-known Anglosphere writers and critics. Drawing on an expansive range of periods in the East and West from classical to contemporary times, it is a tour-de-force of theoretical range and practical impact. Starting with Confucius and Socrates, the chapters move chronologically on to address such major figures in Eastern writing as Zhuangzi, Qian Zhongshu, and Zhang Longxi, and Western figures including T.S. Eliot, Ezra Pound, William Empson, Nietzsche, and Fredric Jameson. The book will appeal to scholars and students at all educational levels, as well as the general public interested in understanding past and current East-West cultural relations.

Laboratory Life Dec 29 2019 This highly original work presents laboratory science in a deliberately skeptical way: as an anthropological approach to the culture of the scientist. Drawing on recent work in literary criticism, the authors study how the social world of the laboratory produces papers and other "texts," and how the scientific vision of reality becomes that set of statements considered, for the time being, too expensive to change. The book is based on field work done by Bruno Latour in Roger Guillemin's laboratory at the Salk Institute and provides an important link between the sociology of modern sciences and laboratory studies in the history of science.

Critics, Monsters, Fanatics and Other Literary Essays Mar 24 2022 If every outlet for book criticism suddenly disappeared - if all we had were reviews that treated books like any other commodity - could the novel survive? In a gauntlet-throwing essay at the start of this brilliant assemblage, Cynthia Ozick stakes the claim that, just as surely as critics require a steady supply of new fiction, novelists need great critics to build a vibrant community on the foundation of literary history. For decades, Ozick herself has been one of our great critics, as these essays so clearly display. She offers models of critical analysis of writers from the mid-twentieth century to today, from Saul Bellow, Bernard Malamud, and Kafka, to William Gass and Martin Amis, all assembled in provocatively named groups: Fanatics, Monsters, Figures, and others. Uncompromising and brimming with insight, these essays are essential reading for anyone facing the future of literature in the digital age.

On Seamus Heaney May 02 2020 "Seamus Heaney was the leading Irish poet of the second half of the twentieth century, and, after W. B. Yeats, arguably the most significant poet in the history of Irish literature. When he died in 2013 the public reaction in Ireland was extraordinary, and the outpouring of feeling decisively demonstrated that he occupied an exceptional place in national life. The words of his last message to his wife, 'Noli timere', 'Don't be afraid', appeared over and over again on social media, while key phrases from favourite poems became and have remained canonical. In this short book, conceived for the Writers on Writers series, historian Roy Foster offers an extended and largely chronological reflection upon Heaney's life, work and historical context, from the poet's origins in Northern Ireland and the publication of *Death of a Naturalist* in 1966, through the explosive impact of his 1975 collection *North*, and then into his years as a 'world poet' and an Irish writer with a powerful influence on English literature generally. Foster considers virtually all of Heaney's major output, including later volumes such as *The Spirit Level* and *Human Chain*, as well as Heaney's translation of *Beowulf* and his renderings from Virgil. Throughout the book, Foster conveys

something of Heaney's charismatic, expansive and subtle personality, as well as the impact of his work in both the USA and in Europe. Certain themes emerge throughout, such as the way Heaney maintained a deceptive simplicity throughout his writing career, his relations with classical literature and the poetry of dissidence in Eastern Europe, and the increasing presence of the unseen and even spiritual in his later work. Foster also highlights Heaney's importance as a critic and the largely unacknowledged ways in which his own trajectory echoed that of the life and work of Yeats. Though Heaney evaded direct comparisons with his Nobel-prizewinning predecessor, he personified the quality which he attributed to Yeats: 'the gift of establishing authority within a culture'. Both poets made a challenging and oblique use of autobiography and personal history in their work, and both sustained a very particular and sometimes contested relation to the life of their country. Foster shows us that Heaney, like Yeats, came to personify and express the Ireland of his time with unique force and resonance"--

How to Write a Thesis Apr 12 2021 Umberto Eco's wise and witty guide to researching and writing a thesis, published in English for the first time. By the time Umberto Eco published his best-selling novel *The Name of the Rose*, he was one of Italy's most celebrated intellectuals, a distinguished academic and the author of influential works on semiotics. Some years before that, in 1977, Eco published a little book for his students, *How to Write a Thesis*, in which he offered useful advice on all the steps involved in researching and writing a thesis—from choosing a topic to organizing a work schedule to writing the final draft. Now in its twenty-third edition in Italy and translated into seventeen languages, *How to Write a Thesis* has become a classic. Remarkably, this is its first, long overdue publication in English. Eco's approach is anything but dry and academic. He not only offers practical advice but also considers larger questions about the value of the thesis-writing exercise. *How to Write a Thesis* is unlike any other writing manual. It reads like a novel. It is opinionated. It is frequently irreverent, sometimes polemical, and often hilarious. Eco advises students how to avoid "thesis neurosis" and he answers the important question "Must You Read Books?" He reminds students "You are not Proust" and "Write everything that comes into your head, but only in

the first draft.” Of course, there was no Internet in 1977, but Eco's index card research system offers important lessons about critical thinking and information curating for students of today who may be burdened by Big Data. *How to Write a Thesis* belongs on the bookshelves of students, teachers, writers, and Eco fans everywhere. Already a classic, it would fit nicely between two other classics: *Strunk and White* and *The Name of the Rose*. Contents The Definition and Purpose of a Thesis • Choosing the Topic • Conducting Research • The Work Plan and the Index Cards • Writing the Thesis • The Final Draft

'The absolute master of the twist in the tale.' (Observer) This story is also available as a Penguin digital audio download read by Juliet Stevenson. An Essay on Criticism Jan 28 2020 Despite its somewhat dry title, this text is not a musty prose dissection of literary criticism. Instead, the piece takes the shape of a long poem in which Pope, at the very peak of his powers, takes merciless aim at many of the best-known writers of his day. The epitome of the subtle but lethal wit Alexander Pope has come to be celebrated for, "An Essay on Criticism" is a fun and enlightening read for Brit-lit fans.

Soul of a Citizen Mar 31 2020 Soul of a Citizen awakens within us the desire and the ability to make our voices heard and our actions count. We can lead lives worthy of our convictions. A book of inspiration and integrity, Soul of a Citizen is an antidote to the twin scourges of modern life--powerlessness and cynicism. In his evocative style, Paul Loeb tells moving stories of ordinary Americans who have found unexpected fulfillment in social involvement. Through their example and Loeb's own wise and powerful lessons, we are compelled to move from passivity to participation. The reward of our action, we learn, is nothing less than a sense of connection and purpose not found in a purely personal life. Soul of a Citizen has become the handbook for budding social activists, veteran organizers, and anybody who wants to make a change—big or small—in the world around them. At this critical historical time , Paul Loeb's completely revised edition—and inspiring message—is more urgently important than ever.

Why I Write Feb 29 2020 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of

English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

A History of German Literary Criticism, 1730-1980 Nov 19 2021 First published in Germany in 1985, *Geschichte der deutschen Literaturkritik* was quickly recognized as the most original and comprehensive study to date of a proud critical tradition including such giants as Lessing, Goethe, and Heine. Now translated into English, it will serve as a model for a new approach to literary history in America and elsewhere, one emphasizing the connections of criticism with other public discourse. The editor, Peter Uwe Hohendahl, has provided an introduction and a chapter, "Literary Criticism in the

Epoch of Liberalism," translated by Jeffrey S. Librett. Filling in the history of German criticism from the Enlightenment to the present are Klaus L. Berghahn of the University of Wisconsin, "From Classicist to Classical Literary Criticism, 1730-1806," translated by John R. Averroes' Middle Commentary on Aristotle's Poetics Feb 20 2022 Aristotle's Poetics has held the attention of scholars and authors through the ages, and Averroes has long been known as "the commentator" on Aristotle. His Middle Commentary on Aristotle's Poetics is important because of its striking content. Here, an author steeped in Aristotle's thought and highly familiar with an entirely different poetical tradition shows in careful detail what is commendable about Greek poetics and commendable as well as blameworthy about Arabic poetics.

Paper Minds Apr 24 2022 How do poems and novels create a sense

of mind? What does literary criticism say in conversation with other disciplines that addresses problems of consciousness? In *Paper Minds*, Jonathan Kramnick takes up these vital questions, exploring the relations between mind and environment, the literary forms that uncover such associations, and the various fields of study that work to illuminate them. Opening with a discussion of how literary scholarship's particular methods can both complement and remain in tension with corresponding methods particular to the sciences, *Paper Minds* then turns to a series of sharply defined case studies. Ranging from eighteenth-century poetry and haptic theories of vision, to fiction and contemporary problems of consciousness, to landscapes in which all matter is sentient, to cognitive science and the rise of the novel, Kramnick's essays are united by a central thematic authority. This unified approach of these essays shows us what distinctive knowledge that literary texts and literary criticism can contribute to discussions of perceptual consciousness, created and natural environments, and skilled engagements with the world.

A Room of One's Own Jan 10 2021 In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

Homeschooling High School Nov 27 2019

The Intimate Critique Aug 29 2022 For a long time now, readers and scholars have strained against the limits of traditional literary criticism, whose precepts—above all, "objectivity"—seem to have so little to do with the highly personal and deeply felt experience of literature. *The Intimate Critique* marks a movement away from this tradition. With their rich spectrum of personal and passionate voices, these essays challenge and ultimately breach the boundaries between criticism and narrative, experience and expression, literature and life. Grounded in feminism and connected to the race, class, and gender paradigms in cultural studies, the twenty-six contributors to this volume—including Jane Tompkins, Henry Louis Gates, Jr., Shirley Nelson Garner, and Shirley Goek-Lin Lim—respond in new, refreshing ways to literary subjects ranging from Homer to Freud, Middlemarch to *The Woman Warrior*, Shiva Naipaul to Frederick Douglass. Revealing the beliefs

and formative life experiences that inform their essays, these writers characteristically recount the process by which their opinions took shape--a process as conducive to self-discovery as it is to critical insight. The result—which has been referred to as "personal writing," "experimental critical writing," or "intellectual autobiography"—maps a dramatic change in the direction of literary criticism. Contributors. Julia Balen, Dana Beckelman, Ellen Brown, Sandra M. Brown, Rosanne Kanhai-Brunton, Suzanne Bunkers, Peter Carlton, Brenda Daly, Victoria Ekanger, Diane P. Freedman, Olivia Frey, Shirley Nelson Garner, Henry Louis Gates, Jr., Melody Graulich, Gail Griffin, Dolan Hubbard, Kendall, Susan Koppelman, Shirley Geok-Lin Lim, Linda Robertson, Carol Taylor, Jane Tompkins, Cheryl Torsney, Trace Yamamoto, Frances Murphy Zauhar
