Lucky Thirteen Aug 20 2021 The images of soldiers and marines coming ashore on hostile shores are embedded in our collective memory of World War II. But what of the sailors who manned the landing craft, going back and forth under fire with nowhere to take cover, their craft the special targets of enemy gunners? In this book, Ken Wiley, a Coast Guardsman on an Attack Transport in the Pacific, relates the intricate, often nerve wracking story of how the United States projected its power across 6,000 miles in the teeth of fanatical Japanese resistance. Each invasion was a swirl of moving parts, from frogmen to fire support, transport mother ships to Attack Transports, the smaller Higgins boats (LCVPs), and during the last terrifying stage the courageous men who would storm the beaches. The author participated in the campaigns for the Marshall Islands, the Marianas the Philippines and Okinawa, and with a precise eye for detail relates numerous aspects of landing craft operations, such as ferrying wounded, that are often discounted. He conveys the terror and horrors of war, as well as, on occasion, the thrill, while not neglecting the humor and camaraderie of wartime life. An exciting book, full of harrowing combat action, Lucky 13 also provides a valuable service in expanding our knowledge of exactly how World War II's massive amphibious operations were undertaken.

Does This Baby Make Me Look Straight? Nov 03 2022 In 2005, Dan Bucatinsky and his partner, Don Roos, found themselves in an L.A. delivery room, decked out in disposable scrubs from shower cap to booties, to welcome their adopted baby girl—launching their frantic yet memorable adventures into fatherhood. Two and a half years later, the same birth mother—a heroically generous, pack-a-day teen with a passion for Bridezilla marathons and Mountain Dew—delivered a son into the couple's arms. In *Does This Baby Make Me Look Straight?* Bucatinsky moves deftly from sidesplitting stories about where kids put their fingers to the realization that his athletic son might just grow up to be straight and finally to a reflection on losing his own father just as he's becoming one. Bucatinsky's soul-baring and honest stories tap into that all-encompassing, and very human, hunger to be a parent—and the life-changing and often ridiculous road to getting there.
