Doctor Who: Dalek Combat Training Manual Jun 02 2020 Know your enemy. The Daleks are the most evil creatures ever created - genetically engineered mutants encased in a machine that is optimised to kill. They hate all other life forms and will stop at nothing to destroy those who stand in their way - their single-minded imperative? To become the dominant species in the universe. The Dalek Combat Training Manual collates intelligence gathered by Time Lords over centuries of raging wars through time and space, and is invaluable to anyone engaging the Daleks in battle. It furnishes the user with an in-depth guide to their construction, their strategies and how they are to be ultimately defeated. Discover full schematics of Dalek spacecraft, insights into the Dalek factions, a history of the Time War, detailed analysis of their creator Davros, and much more. This manual is the definitive guide to one of the most feared races in the Whoniverse.
