Dare to be Kind Aug 20 2021 'Lizzie has been able to embody the power of hope and compassion in everything she does. Stories like hers keep me inspired every day.' Michelle Obama 'Lizzie is making our culture a kinder one by encouraging people to undermine hate through self-acceptance and everyday acts of empathy. Her heart and humour shine through on every page!' -Lilly Singh, entertainer, comedian and author

of How to Be a Bawse Celebrated motivational speaker and YouTube sensation Lizzie Velasquez shows us how we can learn to accept all parts of ourselves and others to create a culture of kindness and a more compassionate world. Born with a rare genetic condition, Lizzie Velasquez always knew she was different, but it wasn't until she was much older that she understood what that meant to others. At seventeen she came across a viral video entitled 'World's Ugliest Woman'- only to discover that it featured her. In response, she decided to stand up on behalf of victims everywhere and created one of YouTube's most popular motivational channels and a TEDx talk that has drawn tens of millions of viewers. In this daring, inspiring book, Lizzie reveals the hidden forces that give rise to self-doubt, shame and cruelty, and empowers us to redirect them to unlock empathy and kindness for ourselves and others. Through her own battles with anxiety and coping with disappointment, she demonstrates how we can overcome obstacles and move forward with greater positivity. Dare to Be Kind presents the path to acceptance, love and tolerance, and offers a blueprint for how to lead a resilient life and, ultimately, forge a radically compassionate world.

Lucky Prescott never really knew her late mother, Milagro Navarro, a fearless horse-riding stunt performer. Like her mother, Lucky isn't exactly a fan of rules and restrictions. When her aunt Cora moves them from their East Coast city to live in Miradero with Lucky's father, Lucky is decidedly unimpressed with the sleepy little town. She has a change of heart when she meets Spirit, a wild Mustang who shares her independent streak, and befriends two local horseback riders, Abigail Stone and Pru Granger. When a heartless horse wrangler plots to capture Spirit and his herd and auction them off to a life of captivity and hard labor, Lucky enlists her new friends and bravely embarks on the adventure of a lifetime to rescue the horse who has given her

freedom, a sense of purpose, and who has helped Lucky discover a connection to her mother's legacy. Decorate scenes from Lucky's adventures around Miradero in this book packed with pages of fun stickers! © 2021 DreamWorks Animation LLC. All Rights Reserved.

Think Like a Monk Nov 10 2020 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his re'sume?, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power.

Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

In the Shadow of the Ivory Tower Sep 28 2019 Across America, universities have become big businesses—and our cities their company towns. But there is a cost to those who live in their shadow. Urban universities play an outsized role in America's cities. They bring diverse ideas and people together and they generate new innovations. But they also gentrify neighborhoods and exacerbate housing inequality in an effort to enrich their campuses and attract students. They maintain private police forces that target the Black and Latinx neighborhoods nearby. They become the primary employers, dictating labor practices and suppressing wages. *In the Shadow of the Ivory Tower* takes readers from Hartford to Chicago and from Phoenix to Manhattan, revealing the increasingly parasitic relationship between universities and our cities. Through eye-opening conversations with city leaders, low-wage workers tending to students' needs, and local activists fighting encroachment, scholar Davarian L. Baldwin makes clear who benefits from unchecked university power—and who is made vulnerable. *In the Shadow of the Ivory Tower* is a wake-up call to the reality that higher education is no longer the ubiquitous public good it was once thought to be. But as Baldwin shows, there is an alternative vision for urban life, one that necessitates a more equitable relationship between our cities and our universities.

The Old East Indiamen Sep 20 2021 In this volume, the author has attempted to present a remarkable era of the world's progress through a detailed history of the old East Indiamen. It was the name given to the ships that used to carry the trade between India and Europe. The author writes of a period in which the sailing ship revolutionized British trade and laid the foundations of and almost finished that imposing structure that the Indian Empire represented during the 1820s. It was a time full of romance, adventures, expeditions, and the thrilling pursuit of wealth. Any sailing ship working under any East India trading companies of the central European trading powers of the 17th to the 19th centuries was called East Indiaman. E. Keble Chatterton wrote this history brilliantly, providing every detail on the subject accurately. It is an insightful work on the 17th to 19th-century trade in Europe.

The Tailored Brain Jun 05 2020 A candid and practical guide to the new frontier of brain customization. Dozens of books promise to improve your brain function with a gimmick. Lifestyle changes, microdosing, electromagnetic stimulation: just one weird trick can lightly alter or dramatically deconstruct your brain. In truth, there is no one-size-fits-all shortcut to the ideal mind. Instead, the way to understand cognitive enhancement is to think like a tailor: measure how you need your brain to change and then find a plan that suits it. In *The Tailored Brain*, Emily Willingham explores the promises and limitations of well-known and emerging methods of brain customization, including prescription drugs, diets, and new research on the power of your “social brain.” Packed with real-life examples and checklists that allow readers to better understand their cognitive needs, this is the definitive guide to a better brain.

A World for the Taking Dec 12 2020 It was a time when one of the most powerful rulers in the world wasn't a government—it was a corporation. Its official name was "The Company of Merchants of London Trading into the East Indies." Some simply called it "John Company," others "Company Bahadur." But most people knew it as the Honourable East India Company. It was the first major shareholder-owned business enterprise. At its height it ruled more than a fifth of the world's population, and generated a revenue greater than the rest of Britain combined—including the government. To hold all this together it had its own private army and navy consisting of over a quarter million men. But at its heart, it was still a "company of merchants" and it was her merchant ships that made everything else possible. This is E. Keble Chatterton's authoritative account of those ships and the men who helped forge the history of two continents.
