Uncaged Aug 09 2020 Just the other day, I was bait. Now he says I am his to keep. I was betrothed to a man I barely knew to right my mother's wrongs. That is no longer the case. The terms set forth are all null and void. I've been kidnapped from my home by savages-beasts in man-form. We call them The Uncaged-a clan of lawless exiles and raiders known for raising hell to get what they want. When they find out what I'm worth, they'll never let me go. The Uncaged are not men. They are Alphas. Created long ago to become super soldiers for the government, they have since turned against humanity. All who know of them stay away. No one crosses this clan. But someone did... My Alpha captor is bold, feral, and has no time for games. He will get what he wants, even if he has to fight for it. But he's already made it clear that he's not giving me up. I made a promise and now I can't keep it. I don't want to anymore, knowing that the only way I will know peace is with an Alpha. Human omegas are extremely rare. Once my heat surges, my alpha won't be able to control his cravings. Our mate-bond is already forming. He says he'll keep me safe, but there are other Alphas in the village watching... and waiting. He won't give me back and he won't let me go. There's only one thing left to do, and the choice may ignite a war.

to me for answers. I wish I had them. I'm making everything up as I go along, and I'm not sure what scares me more, the idea I might screw up, or the bigger question, the one that keeps me up at night. What am I? **Wild Things** Apr 16 2021 Wolf Shifter Mason McNaughton is tired of the crazy feral living in his house, endangering him, his brothers, and his sweet auntie Cora. Ferals are Shifters who've reverted to the wild stage, forgetting all about the joys of pizza and satellite TV. Not to mention, Mason is sick of waking up to the feral's rampages, one of which nearly killed him. The feral has been given sanctuary, so Mason can't throw him out—the only thing to do is to find a way to cure him. The problem is, Shifter healers—elusive, Goddess-touched Shifters who have the healing gift—are few and far between. Mason volunteers to go in search of one, and is sent to a psychic in New Orleans who might have an idea of where to start looking. Mason doesn't believe in psychics, but Jasmine, the psychic in question, seems to at least put on a good show. Jasmine believes in Shifters all right, but she vowed to never have anything to do with them again. The easiest way to get rid of the growly Lupine, Mason, is to help him, but Jasmine never dreams what that help will drag her into.
