Grab the ninth book in the White Haven Witches series now, but be warned, nothing is as it seems...?

Chaos Magic For Skeptics Mar 01 2020 Pragmatic, heterodox and countercultural, Chaos Magic burst into the last quarter of the 20th century to irreversibly disrupt the foundations and practice of occultism. This essay discusses their theories, methods, and virtues, and is addressed to both the reader versed in the magical arts as well as the reader who practices a healthy and steady skepticism. CARLOS ATANES (b. Barcelona, 1971). Essayist, underground filmmaker, playwright and seeker of the occult. He has always conceived his work, both fiction and non-fiction, as a tool to cleave and widen cracks in the walls of consensus reality, so his encounter with Chaos Magic was both predictable and inevitable. Currently he resides in Madrid and his website is www.carlosatanes.com

The Apophenion Apr 25 2022 Apophenion attacks most of the great questions of being, free will, consciousness, meaning, the nature of mind, and humanity's place in the cosmos, from a magical perspective. Some of the conclusions seem to challenge many of the deeply held assumptions that our culture has taught us, so brace yourself for the paradigm crash and look for the jewels revealed in the wreckage. This book contains something to offend everyone; enough science to upset the magicians, enough magic to upset the scientists, and enough blasphemy to upset most transcendentalists.

The Occult World Apr 01 2020

Magia Sexualis Aug 06 2020 "This book offers a fascinating account of the development of Western sexual magic through the nineteenth and twentieth centuries. Urban focuses on an extraordinary set of historical figures, and his rich analysis illuminates the sexual—and supernatural—undercurrents that have shaped modernity."—Randall Styers, author of *Making Magic: Religion, Magic, and Science in the Modern World*

Life Force Sep 26 2019 This is a book about subtle energy, for those who can't bring themselves to 'believe in' subtle energy. Life Force explains techniques which enable the reader to explore and celebrate the feelings that are undeniably, irrefutably real to consciousness, and appear to stem from 'subtle energies'. It explores those schemes of belief which work best for experiencing, cultivating and manipulating these subtle sensations. It is about learning new languages, the languages of breath and energy-sensing.

The Chaos Gods Come to Meatlandia Jul 25 2019 If you always wanted to play a Bard but hate that they've been weak for so long, this book is for you. Compatible with all OSR systems, the world of Meatlandia is bloody and horrific and just a little silly. It resembles Stuart Gordon's Reanimator more than H.P. Lovecraft's. Materials include: 1 New City: Meatlandia, which is ruled by the Meat Lord and his juicy meat magic. 5 New Classes: Meet the disgusting Carnomancer, the fourth wall breaking Chaos DJ, the charming Raconteur, the spider-headed Kaldane, and the reality altering Nexus Bard. 42 New Spells: Carnomancers use buckets of blood and metric shittons of meat and as they grow in power they risk transformation into hideous worms themselves. Various rules, nutritional supplements, new monsters, catacombs, maps, and five game seeds to get you started playing right away. The mechanics in this book are unbalanced, ridiculous, and overpowered. Enjoy.

Contemporary Esotericism Oct 08 2020 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism. Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today.

Combining historiographical analysis with theories and methodologies from the social sciences, the volume explores new problems and offers new possibilities for the study of esoterica. Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades. The wide range of essays are divided into four thematic sections: the intricacies of esoteric appeals to tradition; the role of popular culture, modern communication technologies, and new media in contemporary esotericism; the impact and influence of esotericism on both religious and secular arenas; and the recent 'de-marginalization' of the esoteric in both scholarship and society.

Understanding Chaos Magic Jul 17 2021

The Chaonomicon Jun 15 2021 What is chaos magic? Nearly forty years after its beginnings, Pagans and magicians are still asking the question, or finding conflicting information online. Jaq D Hawkins was the first chaos magician to write of the history and elements of chaos magic for a widespread audience. Now, in this new volume, that history is expanded and the concepts, specialist terms and culture associated with chaos magic are clarified for a new generation of magic users. Basic concepts and methods, associations with Discordianism and the teachings of magicians of the past, advice on how to survive the natural chaos that plagues those who choose the magical path ... or more precisely are chosen by it, combine with an insightful perspective of the perversities of magic and the convoluted landscape of life through which the magical path leads us. With some practical advice and basic spells designed to work within the very world of chaos wherein magic finds its direction, this book is a simple yet unequalled sourcebook for dealing with the unpredictability of magic in a multiverse of natural chaos. Excerpt from review by Peter J. Carroll: "Jaq D Hawkins' Chaonomicon gives a fair sketch of the general history of Chaos Magic without going into excessive detail about the personalities and the inevitable personal squabbles involved. She shows the history and genesis of many of the ideas that came together to create a new way of thinking about magic and new ways of doing it. The book contains a particularly good analysis of the historic and current functions of the Gods and Goddesses of Chaos, and the relationship between the Chaoism that began in the UK and the Discordianism that began in the USA. The Chaonomicon also describes many of the basic techniques of Chaos Magic in simple terms free from occult obscurantism, so readers new to the subject can find much to try out experimentally." Excerpt from review by Ray Sherwin: "If this were a film it might be described as "a roller-coaster ride" and, as might be expected, the views from the top, panoramas of magick, chaos science, chaos literature and the mythsos itself are replete with comprehensive detail and a profound understanding of the subject. Those looking for a "How to..." manual should go elsewhere. I referred to "Tertiary Chaos" as early as 1987 and chaos magick has matured even more since then, as is evidenced, in part, by this book. I recommend it highly."

Condensed Chaos Sep 30 2022 This book provides a practical introduction to Chaos Magic, one of the fastest growing areas of Western Occultism. All acts of personal/collective liberation are magical acts. Magic leads us into exhilaration and ecstasy; into insight and understanding; into changing ourselves and the world in which we participate. Through magic we may come to explore the possibilities of freedom.

The Pseudonomicon Jul 05 2020 What is The Pseudonomicon? It's Cthulhu Mythos. It's Cthulhu Madness! It's a Cthulhu Pathworking!! First published in a very limited edition in 1994, and reprinted only once since, The Pseudonomicon has been extremely difficult to find. By special arrangement with Dagon Productions, we have brought it back in this revised and expanded edition. Of The Pseudonomicon the author says: "Disclaimer: It is generally agreed by experienced magicians that working with the Cthulhu Mythos is dangerous due to the high risk of obsession, personality disintegration or infestation by parasitic shells. Whilst giving this opinion due consideration, I have decided to release this material since, before the throne of Azathoth, questions of who is sane and who is mad become inconsequential." and: "Each god brings its own madness. To know the god -- to be accepted by it, to feel its mysteries -- well you have to let that madness wash over you, and through you. This isn't in the books of magic. Why? For one thing, it's all too easily forgotten, and for another, you have to find it out for yourself. And for those who would sanitise magic, whitening out the wildness with explanations borrowed from pop psychology or science -- well, madness is something that we still fear -- the great taboo. So why did I choose Cthulhu -- High Priest of the Great Old Ones -- lying dreaming "death's dream" in the sunken city, forgotten through layers of time and water? It sounds so simple to say that I merely heard his "call" --

but I did. Gods do not, generally, have a lot to say, but what they do say, is worth listening to". With a new Introduction and a completely new, and greatly expanded section on Banishing.

Quantum Sorcery Sep 06 2020 Quantum Sorcery is a modern magical system through which an individual can learn to manifest desired effects in the physical world through the exertion of Will, assisted by appropriate symbols and tools. This paradigm incorporates elements from earlier magical systems as well as physics, psychology, mathematics and biology to propose a mechanism by which such an act might occur through means more natural than supernatural. Basic magical principles such as the laws of similarity and contagion are examined alongside the principles of entanglement and entrainment. The application of thermodynamic laws and communication theory to the transmission of magical intent is approached. Examples of ritual workings and the creation of magical constructs are included to display the flexibility of Quantum Sorcery as a stand-alone system, a larger framework in which other types of magic can be practiced, or as a robust set of techniques for those who prefer to assemble their own system of practical sorcery.

The Chaos Protocols May 15 2021 The years since the financial crash have seen the realization dawn that the great promise of modern civilization will go unfulfilled. Study hard, work hard, buy a house, retire happy. It's all a lie, spun for the benefit of a tiny elite. The richest eighty-five people on earth have as much wealth as the poorest 3.5 billion. Each month, the numbers change but they never improve. Magical and spiritual discourse has failed to keep up with this new reality. The Chaos Protocols aims to fix that. Join Gordon White as he shows you how to use chaos magic not only to navigate these trying times, but to triumph as well. Discover how to become invincible through initiation, and wage the mind war that will keep you moving toward what you really want. From sigil magic to working with spiritual allies, The Chaos Protocols helps you act on the unwavering belief that your life should matter and you're not going to let something as trifling as the apocalypse get in the way of it. Praise: "Gordon White gives a master class on the hard economic realities and the kind of low down and dirty magic for which he has become famous. Pragmatic, sharp, and funny, The Chaos Protocols is a treasure of a book."—Peter Grey, author of *Apocalyptic Witchcraft* "Take two parts Magick Without Tears, a measure of The Wealth of Nations, a pinch of Ian Fleming and a dash of Noel Coward and you have this almost promiscuously readable text. Whoever said books on magick can't be fabulously entertaining as well as eminently practical has obviously not read up on their Gordon White. Remedy that situation."—Chris Knowles, author of *The Secret History of Rock n' Roll and Our Gods Wear Spandex*

Stealing Fire from Heaven Apr 13 2021 The Western magical traditions are currently undergoing an international resurgence. In *Stealing Fire from Heaven*, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess. Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred--a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as "stealing fire from heaven." Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

Chaos Magick Sep 18 2021 MAGICK IS REAL Once you see that reality is yours to shape, its time to turn off the TV, put your boots on, get off the couch, and go change the world. What is this Book? A compendium of three occult texts: Post-Modern Magick - An eclectic and deconstructionist non-system of reality shaping, self-initiation and exploration based on personal relevance and free form magick. Blood Magick - A synthesis of ancient tradition and contemporary innovations designed for both the discerning adept seeking to incorporate blood into existing disciplines and beginning practitioners taking their first steps into the occult world. Tactical Magick - A patchwork system of pop-culture sorcery, techno-alchemy, and hermetic street magick. An approach based on learning from the plight of those less fortunate and building upon their techniques to create an eclectic grimoire of daily survival. To complement these texts are my present thoughts on the subject of magical dynamism, which is my fancy way of saying Chaos Magick. The book is also peppered with quotes, boasts, and challenges across the spectrum of life and magick. Who Are You? Obviously Seth Cardorra is not my real name, though for the purpose of this book, my name is not important. My life experiences and continued magical study have helped to enrich the works I have previously penned, and this edition is the best way to share. DO IT NOW, MAKE IT EPIC.

Now That's What I Call Chaos Magick Feb 21 2022 "Examines the theory behind many techniques used in magical, artistic, religious, and scientific systems of thought; then links and applies them towards desired goals"--Back cover verso.

Prime Chaos Aug 30 2022 "Prime Chaos" presents an overview of the fastest-growing school of modern occultism -- Chaos Magic. The author of *Condensed Chaos* presents simple, yet effective techniques for becoming proficient in practical magic, including an exhaustive breakdown of the possibilities offered by ritual magic, sorcery, invocation, possession and evocation. The resurgence of interest in magic has led to a new interest in magical groups, and Phil Hine brings a wealth of experience in groups to an exploration of the advantages -- and disadvantages -- of working magic with other people. "Prime Chaos" also explores some of the lighter and darker -- aspects of modern occultism, and presents new ideas for developing magical techniques for the 21st Century. In addition, you have on this book a unique piece of history: a cover by William S Burroughs, author of "Naked Lunch" and many other famous works.

The KLF Dec 22 2021 'By far the best book this year, brilliant, discursive and wise' BEN GOLDACRE. The strange tale of the death, life and legacy of the hugely successful band. They were the bestselling singles band in the world. They had awards, credibility, commercial success and creative freedom. Then they deleted their records, erased themselves from musical history and burnt their last million pounds in a boathouse on the Isle of Jura. And they couldn't say why. This is not just the story of The KLF. It is a book about Carl Jung, Alan Moore, Robert Anton Wilson, Ken Campbell, Dada, Situationism, Discordianism, magic, chaos, punk, rave, the alchemical symbolism of Doctor Who and the special power of the number 23. Advanced Magick for Beginners Feb 09 2021 A new paradigm that delivers a genuine transformation of occultism. The author assumes no previous knowledge, only a willingness to explore what magick offers, yet it is apparent to anyone with a background in the subject that Alan Chapman is drawing on a wide range of experience, from classical Crowleyean Magick, to eastern metaphysics, and back again to Discordianism and Chaos Magick. Chapman's writing-style is humorous, direct, seductively logical, and his enthusiasm for the benefits of magick is both tangible and infectious. The novice magician will indeed find themselves equipped to commence all sorts of magickal operations: trance work, enchantment, divination, and even some of the higher forms of spiritual development. To experienced magicians, Chapman offers a subtler challenge: he revitalises magick by cutting it free from the extreme relativism Chaos Magick bequeathed, provocatively redefining it as: the art, science and culture of experiencing truth.

Liber Null & Psychonaut May 27 2022 “The most original and probably the most important writer on Magick since Aleister Crowley.”—Robert Anton Wilson, author of the *Prometheus Rising* and other works Peter Carroll’s classic work has been profound influence on the Western magical world and on the practice of chaos magick in particular. In *Liber Null and Psychonaut*, Carroll presents an approach to the practice of magic that draws on the foundations of shamanism and animism, as well as that found in the Greek magical papyri, the occult works of Eliphas Levi and Aleister Crowley, and the esoteric meditative practices of classical India and China. Also very much at work in the text are 20th century scientific ideas of quantum physics and chaos theory. The result is a profoundly original work of magical studies that also includes a selection of extremely powerful rituals and exercises for committed occultists with instructions that lead the reader through new concepts and practices to achieve Carroll’s definition of magic itself: the raising of the whole individual in perfect balance to the power of infinity. This Weiser Classics edition is a thoroughly revised republication of *Liber Null and Psychonaut*, first published by Weiser in 1987, and includes a new foreword by Ronald Hutton, a leading authority on modern witchcraft and paganism.
