At the same time I loved his message of hope' GLORIA HUNNIFORD 'Rio's courageous story of life, loss, grief and hope' PRIMA CHRISTMAS GIFT GUIDE, 'Best of the Celebrity Crop' 'Tender, heartbreaking ... An extraordinary and unforgettable book. *****' HEAT * * * * * 'When Rebecca died, the idea that one day I might begin to feel better would have struck me as laughable ... I know how persuasive this kind of permanence thinking can be. I know too that anyone locked in its grip will laugh if I promise them that their pain will one day ease. It will. Of course it will. But I know better than to expect anyone to believe me.' In 2015, former England football star Rio Ferdinand suddenly and tragically lost his wife and soulmate Rebecca, aged 34, to cancer. It was a profound shock and Rio found himself struggling to cope not just with the pain of his grief, but also with his new role as both mum and dad to their three young children. Rio's BBC1 documentary, Being Mum and Dad, touched everyone who watched it and won huge praise for the honesty and bravery he showed in talking about his emotions and experiences. His book now shares the story of meeting, marrying and losing Rebecca, his own and the family's grief - as well as the advice and support that get him through each day as they strive to piece themselves back together. Thinking Out Loud is written in the hope that he can inspire others struggling with loss and grief to find the help they need through this most difficult of times.

The Black and White Museum Jan 25 2020 The Black And White Museum covers generational conflict, the social threat of black men, the wistful longings that disrupt lives, the powerlessness of the old. Set in a city undergoing obscene gentrification, the stories powerfully portray the black presence in post-Windrush London. Dennis writes movingly about aging, faded loves, and everyday racism. As they get older, his characters (mainly male) get wiser but they are less able to change the course of their lives. For some there is the temptation of a return "home" but home, like London, has also moved on and is not the paradise of their memories.

Daughters of Spain Dec 04 2020 With Spain now united, Ferdinand looked to his daughters to further his ambitions. All too often, Isabella found herself torn between his brilliant plans and her love for her children. During the last years of Isabella's reign it seemed there was a curse on the royal house which struck at the children of the sovereigns. Tragedy followed tragedy - the Infanta Isabella, a broken-hearted widow; Juana, driven to madness by her husband's philandering; and the sorrow of parting with young Catalina, destined to become Katharine of Aragon, wife to Henry VIII and Queen of England ...

The Story of Ferdinand Jul 23 2022 A true classic with a timeless message! All the other bulls run, jump, and butt their heads together in fights. Ferdinand, on the other hand, would rather sit and smell the flowers. So what will happen when Ferdinand is picked for the bullfights in Madrid? The Story of Ferdinand has inspired, enchanted, and provoked readers ever since it was first published in 1936 for its message of nonviolence and pacifism. In WWII times, Adolf Hitler ordered the book burned in Nazi Germany, while Joseph Stalin, the leader of the Soviet Union, granted it privileged status as the only non-communist children's book allowed in Poland. The preeminent leader of Indian nationalism and civil rights, Mahatma Gandhi—whose nonviolent and pacifistic practices went on to inspire Civil Rights leader Martin Luther King, Jr.—even called it his favorite book. The story was adapted by Walt Disney into a short animated film entitled Ferdinand the Bull in 1938. Ferdinand the Bull won the 1938 Academy Award for Best Short Subject (Cartoons).

Ferdinand Magellan (the First Names Series) Sep 01 2020 Meet the explorer who first went around the world—now in paperback Before he led the first expedition to circumnavigate the Earth, Ferdinand Magellan (1480-1521) was a Portuguese noble who loved the sea. A skilled sailor, he led a number of voyages and is known for his incredible navigation skills. Over the course of his sailing career, he faced terrible storms and mutinies but always managed to get his crew home safely. He set off with his crew to circle the globe—a trip that no other ship had ever completed. Though Magellan died in combat in the Philippines before he could complete the voyage, his ship went on to complete the first circumnavigation of the world, and he is still known as one of the greatest explorers. However, as historians today note, many of the places that Magellan "discovered" already had people living there and his fame is one rooted in colonialism. Ferdinand Magellan tackles the legacy—both good and bad—of this famous explorer. First Names is a highly illustrated nonfiction series that puts readers on a first-name basis with some of the most incredible people in history and of today!

Wee Gillis Mar 07 2021 A Caldecott Honor Book by the creators of the beloved Story of Ferdinand Wee Gillis lives in Scotland. He is an orphan, and he spends half of each year with his mother's people in the lowlands, while the other half finds him in the highlands with his father's kin. Both sides of Gillis's family are eager for him to settle down and adopt their ways. In the lowlands, he is taught to herd cattle, learning how to call them to him in even the heaviest of evening fogs. In the rocky highlands, he stalks stags from outcrop to outcrop, holding his breath so as not to make a sound. Wee Gillis is a quick study, and he soon picks up what his elders can teach him. And yet he is unprepared when the day comes for him to decide, once and for all, whether it will be the lowlands or the highlands that he will call his home. Robert Lawson and Munro Leaf's classic picture book is a tribute to the powers of the imagination and a triumph of the storyteller's and illustrator's art.

Duppy Conqueror Apr 27 2020 Marshall Sarjeant is born at the beginning of the 20th century in Paradise, Jamaica. As a young man, he is entrusted with a mythical quest to overcome a curse that has been put on his family. He must do this by returning to Africa from where family members were brought as slaves. Marshall's epic journey takes him first to wartime Liverpool and then London, where he marries and mixes with a clubland crowd of gamblers, musicians, and politicians. In Africa, he finds a continent in the turbulent throes of attempting to escape a colonial past. Returning to Paradise, Marshall's life turns full circle in his epic mission to defeat the duppy, or ghost that started him on his voyage. In *Duppy Conqueror*, Ferdinand Dennis has created a powerful narrative of the Afro-Caribbean experience in which the personal and the political seamlessly collide. Its themes are as relevant today as when it was first published in 1998.

Ferdinand, the Man with the Kind Heart Jul 11 2021 'A great writer' Ali Smith Newly translated by Michael Hofmann, the touching final novel from the author of *Child of All Nations* 'I don't think I'm that unusual, and I don't think I'm crazy either' Bombed-out Cologne after the war is a strange place to be. The black market in jam and corsets is booming, half-destroyed houses offer opportunities for stealing doors and eggcups, and de-Nazification parties are all the rage. Ferdinand - daydreamer, former prisoner of war, wearer of a curious jerkin - drifts around the city, observing life's absurdities, strenuously avoiding his fiancée and drinking brandy with his fabulous cousin. When he gets a job as a 'cheerful adviser' to those down on their luck, will Ferdinand's fortunes change too? Irmgard Keun's exuberantly funny and touching final novel takes the tiny moments of triumph and defeat in one man's life, and turns them into a moving portrait of the human spirit.

Journey to the End of the Night Jul 31 2020 When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of *Journey to the End of the Night* move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

The Six Wives of Henry VIII Nov 22 2019 One of the most powerful monarchs in British history, Henry VIII ruled England in unprecedented splendour. In this remarkable composite biography, Alison Weir brings Henry's six wives vividly to life, revealing each as a distinct and compelling personality in her own right. 'At last we have the truth about Henry VIII's wives. This book is as reliable and scholarly as it is readable' Evening Standard

Subversive Family Feb 06 2021 British politician and writer, Ferdinand Mount, challenges contemporary beliefs about society and family—including the history of divorce, childcare, and the concept of the nuclear family. In *Subversive Family*, politician and writer Ferdinand Mount argues that society is shaped by a series of powerful revolutionary movements, the leaders of which, whether they be political ideologues, theologians, feudal lords, or feminist writers, have done their utmost to render the family a subordinate instrument of their purpose but that, in spite of it all, the family endures. Mount maintains that many widely held contemporary beliefs about the family are based on a willful misreading of the evidence: among the myths are that arranged marriages were the norm until this century; that child care is a modern innovation; that in earlier societies children were treated as expendable objects; that the nuclear family is not a 20th-century invention; and that romantic love never existed before the troubador poets glorified adultery. Divorce, he contends, is no great novelty either, he shows that in many times and places it has been almost as easy to obtain as it is today. Far from diminishing the general desire and respect for family life, Mount contends that the provision for divorce has been popularly regarded as an integral part of any sensible system of family law. This study should jolt the reader into a re-assessment of one of the most familiar and ancient institutions, and encourage greater consideration for policies today that support the family.
