**The Private Life Mar 31 2020 The war over private life spreads inexorably. Some seek to expose, invade and steal it, others to protect, conceal and withhold it. Either way, the assumption is that privacy is a possession to be won or lost. But what if what we call private life is the one element in us that we can't possess? Could it be that we're so intent on taking hold of the privacy of others, or keeping hold of our own only because we're powerless to do either? In this groundbreaking book, Josh Cohen uses his experience as a psychoanalyst, literature professor and human being to explore the concept of 'private life' as the presence in us of someone else, an uncanny stranger both unrecognisable and eerily familiar, who can be neither owned nor controlled. Drawing on a dizzying array of characters and concerns, from John Milton and Henry James to Katie Price and Snoopy, from philosophy and the Bible to pornography and late-night TV, The Private Life weaves a richly personal tapestry of ideas and experience. In a culture that floods our lives with light, it asks: how is it that we remain so helplessly in the dark?**

**immigrant family, would rise above poverty. Yet Berenson left his crowded home near Boston's railyards and transformed himself into the world's most renowned expert on Italian Renaissance paintings, the owner of a beautiful villa and an immense private library in the hills outside Florence. The explosion of the Gilded Age art market and Berenson's work for dealer Joseph Duveen supported a luxurious life, but it came with painful costs: Berenson hid his origins and, though his attributions remain foundational, felt that he had betrayed his gifts as a critic and interpreter of paintings. This finely drawn portrait of Berenson, the first biography devoted to him in a quarter century, draws on new archival materials that bring out the significance of his secret business dealings and the central importance of several women in his life and work: his sister Senda Berenson; his wife Mary Berenson; his patron Isabella Stewart Gardner; his lover Belle da Costa Greene; his dear friend Edith Wharton, and the companion of his last forty years, Nicky Mariano. Rachel Cohen explores Berenson's inner world and extraordinary visual capacity while also illuminating the historical forces--new capital, the developing art market, persistent anti-Semitism, and the two world wars--that profoundly affected his life"--**

***More Than I Love My Life*** Oct 26 2019 "From the internationally best-selling author--and revered moral voice--a remarkable novel of suffering, love, and healing, the story of three generations of women and a secret that needs to be told. The story was inspired by the life of a friend and confidante of David Grossman who, in the late 1940s, was imprisoned and tortured on the notorious Goli Otok, a barren island prison off the coast of Croatia. Grossman's telling focuses on three strong women--Vera, 90; her daughter, Nina; and her granddaughter, Gili, who at 39 years old is a filmmaker and a wary consumer of affection. A bitter secret divides each mother and daughter pair, though Gili--abandoned when she was just three by Nina--has been close to her grandmother throughout her life. With Gili making the arrangements, they travel together back to Goli ("the Adriatic Alcatraz"), where Vera was imprisoned, enslaved, and tortured for three years as a young wife, when she refused to betray her husband and denounce him as an enemy of the people. This unlikely journey, documented by Gili's camera, lays bare the intertwining of fear, love, and mercy, and the complex overlapping demands of romantic and parental passion. With flashbacks to the stalwart Vera protecting what was most precious on the wretched rock where she was held, and Grossman's fearless examination of the human heart, this swift novel will thrill his many readers and bring new ones into the fold"--

**How to Live. What To Do. Dec 29 2019** What can *Alice in Wonderland* teach us about childhood? Could reading *Conversations with Friends* guide us through first love? Does Esther Greenwood's glittering success and subsequent collapse in *The Bell Jar* help us understand ambition? And, finally, what can we learn about death from Virginia Woolf? Literature matters. Not only does it provide escapism and entertainment, but it also holds a mirror up to our lives--to show us aspects of ourselves we may not have seen or understood. From jealousy to grief, fierce love to deep hatred, our inner lives become both stranger and more familiar when we explore them through fiction. Josh Cohen, a psychoanalyst and Professor of Modern Literary Theory, delves deep into the inner lives of the most memorable and vivid characters in literature. His analysis of figures such as Jay Gatsby and Mrs Dalloway offers insights into the greatest questions about the human experience, ones that we can all learn from. He walks us through the different stages of existence, from childhood to old age, showing that literature is much more than a refuge from the banality and rigour of everyday life - through the experiences of its characters, it can show us ways to be wiser, more open and more self-aware.

**Not Working Jun 14 2021** 'To do nothing at all is the most difficult thing in the world.' Oscar Wilde More than ever before, we live in a culture that excoriates inactivity and demonizes idleness. Work, connectivity and a constant flow of information are the cultural norms, and a permanent busyness pervades even our quietest moments. Little wonder so many of us are burning out. In a culture that tacitly coerces us into blind activity, the art of doing nothing is disappearing. Inactivity can induce lethargy and indifference, but is also a condition of imaginative freedom and creativity. Psychoanalyst Josh Cohen explores the paradoxical pleasures of inactivity, and considers four faces of inertia - the burnout, the slob, the daydreamer and the slacker. Drawing on his personal experiences and on stories from his consulting room, while punctuating his discussions with portraits of figures associated with the different forms of inactivity - Andy Warhol, Orson Welles, Emily Dickinson and David Foster Wallace - Cohen gets to the heart of the apathy so many of us feel when faced with the demands of contemporary life, and asks how we might live a different and more fulfilled existence.
