*The Public Library* Aug 20 2021 A gorgeous visual celebration of America's public libraries including 150 photos, plus essays by Bill Moyers, Ann Patchett, Anne Lamott, Amy Tan, Barbara Kingsolver, and many more. Many of us have vivid recollections of childhood visits to a public library: the unmistakable musty scent, the excitement of checking out a stack of newly discovered books. Today, the more than 17,000 libraries in America also function as de facto community centers offering free access to the internet, job-hunting assistance, or a warm place to take shelter. And yet, across the country, cities large and small are closing public libraries or curtailing their hours of operation. Over the last eighteen years, photographer Robert Dawson has crisscrossed the country documenting hundreds of these endangered institutions. The Public Library presents a wide selection of Dawson's photographs— from the majestic reading room at the New York Public Library to Allensworth, California's one-room Tulare County Free Library built by former slaves. Accompanying Dawson's revealing photographs are essays, letters, and poetry by some of America's most celebrated writers. A foreword by Bill Moyers and an afterword by Ann Patchett bookend this important survey of a treasured American institution.

**How to Make Money on eBay - Maximize Profits** Oct 22 2021 Secrets of a 16-year Full-Time Seller and Pioneering Power Seller Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is! I have made a full-time living selling on eBay since

1998. I started selling on eBay in my college dorm room. Within 2 years, I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through, and survived many economic booms and busts. I am now moving further into the countryside and semi-retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. **\*\*This book is NOT for eBay novices\*\*** This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers. This book is NOT a get-rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it! I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a list of toys and tell you to go on Craigslist to find them. I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...) Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! **\*\* SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART \*\*** I provide many tools, secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times. Are you ready to maximize your profits? Buy This Book Today!

**Finding Your Frugal Way** Jun 25 2019 Learn to save money, live a frugal life, and fit it all into your busy lifestyle. NO DUMPSTER DIVING REQUIRED. I use to dread getting birthday party invites for my daughter's friends from school. All the money I had to spend on a gift, card and gift bag. Never getting a thank you card from the kid. Well, NOT ANYMORE. I started using a great little trick to score FREE gifts and stockpile them. When the invites arrive, I don't flinch. I head to our stockpile and "shop" for the gift that'll fit the age and sex of the child whose birthday party we're invited to. Want to learn how to get a stockpile of your very own? Simple. I use \$10 off YOUR PURCHASE of \$10 or MORE coupons I receive from local department stores. These coupons allow you to buy \$10 worth of product and get \$10 off. What does that equal? FREE STUFF. We get these coupons, at least, every other month from two separate department stores. I bet many of you throw those bad boys away, or just think of them as \$10 off a large purchase. Read all your coupons carefully! You're throwing away FREE STUFF. Think that's a good trick? That's small potatoes compared to what I've got to teach you in Finding Your Frugal Way! When you're shopping for gifts, household items, clothing, and really just about anything, there's always a way to SAVE MONEY. Finding Your Frugal Way is your guide to learning how to live not just within your means, but rather, BELOW your means.
