This is Not Normal Feb 09 2021 What just happened and how did we get into this mess? Since the 2016 referendum, the UK has been in a crisis of its own making. But there are more reasons for this than Brexit alone. A wave of disruption has hit political parties, the mainstream media, public experts and all kinds of officials. Along the way, there have been dramatic and sometimes shocking events: the burning of Grenfell Tower and the Windrush scandal, the rise and fall of the Brexit Party, Boris Johnson's Conservative purge and his resounding election victory. The state's response to the pandemic was a further sign of how abnormal things had become. As the 'mainstream' of politics and media has come under attack, the basic norms of public life have been thrown into question. Authoritarian and nationalist forces advance as liberalism recedes. This Is Not Normal takes stock of a nation that no longer recognises itself. Davies finds the narrative sense behind apparently chaotic and irrational events, extracting their underlying logic and long-term causes. We are witnessing the combined effects of the 2008 financial crash, the failure of the British neoliberal project, the dying of Empire, and the impact of the changes that technology and communications have had on the public sphere. How the nation revives

from the economic and political shocks of the lockdown remains uncertain. This is an essential book for anyone who wants to make sense of the current moment.

Hope Is Not a Method Aug 30 2022 Since the end of the Cold War, the United States Army has been reengineered and downsized more thoroughly than any other business. In the early 1990s, General Sullivan, army chief of staff, and Colonel Harper, his key strategic planner, took the post-Cold War army into the Information Age. Faced with a 40 percent reduction in staff and funding, they focused on new peacetime missions, dismantled a cumbersome bureaucracy, reinvented procedures, and set the guidelines for achieving a vast array of new goals. *Hope Is Not a Method* explains how they did it and shows how their experience is extremely relevant to today's businesses. From how to stay on top of long-range issues to how to maintain a productive work force during times of change, it offers invaluable lessons in leadership and provides proven tactics any business can implement.

The Book of Not Aug 06 2020 As Zimbabwe emerges into independence, Tambudzai Sigauke embarks on her second year at the Young Ladies' College of the Sacred Heart. Determined to excel, Tambu exhausts herself with her efforts to climb to the top of the school's honour rolls. The further she pushes herself, however, the farther she feels from any reward; and the roots of colonialism threaten to trip her at every step. The sequel to *Nervous Conditions* is as moving, darkly witty, and riveting as its predecessor.

This Is Not A Book Jun 27 2022 A playfully deceptive format that encourages young readers to see things differently This is not a book - it's a laptop, a pair of hands to clap, a toolbox! Each spread of this book is actually something else entirely, challenging young readers to see things quite differently! Turning the page and finding a full-sized image of piano keys will invite children to swing the book on its side for imaginative play; turning the page again to find a monster with its mouth wide open will prompt children to use the book to chomp everything around them! The result stretches beyond the pages of this book, prompting readers to think creatively about other objects in their daily lives. Created for ages 2-4 years

This Is Not Propaganda Jan 11 2021 * A TIMES and GUARDIAN BOOK OF THE YEAR * 'Quietly frightening.' Guardian 'Essential reading.' Irish Times 'Consistently chilling.' Herald 'Shocking and entertaining.' Daily Telegraph When information is a weapon, everyone is at war. We live in a world of influence operations run amok, a world of dark ads, psy-ops, hacks, bots, soft facts, ISIS, Putin, trolls, Trump. We've lost not only our sense of peace and democracy - but our sense of what those words even mean. As Peter Pomerantsev seeks to make sense of the disinformation age, he meets Twitter revolutionaries and pop-up populists, 'behavioural change' salesmen, Jihadi fan-boys, Identitarians, truth cops, and much more. Forty years after his dissident parents were pursued by the KGB, he finds the Kremlin re-emerging as a great propaganda power. His research takes him back to Russia - but the answers he finds there are surprising. 'The world's most powerful people are lying like never before, and no one understands the art of their lies like Peter Pomerantsev.' Oliver Bullough 'Through our current smog of smouldering bullshit, *This is Not Propaganda* shines a necessary, humane and dissident light.' Nick Rankin 'Far more than just another take on today's chaotic information wars, this book argues that

we will have to understand how propaganda seeks to shape our deepest thoughts before we can confront it.' Anne Applebaum

Ending Fossil Fuels Nov 08 2020 Ending the fossil fuel industry is the only credible path for climate policy Around the world, countries and companies are setting net-zero carbon emissions targets. But what will it mean if those targets are achieved? One possibility is that fossil fuel companies will continue to produce billions of tons of atmospheric CO2 while relying on a symbiotic industry to scrub the air clean. Focusing on emissions draws our attention away from the real problem: the point of production. The fossil fuel industry must come to an end but will not depart willingly; governments must intervene. By embracing a politics of rural-urban coalitions and platform governance, climate advocates can build the political power needed to nationalize the fossil fuel industry and use its resources to draw carbon out of the atmosphere.

Fifty Is Not a Four-Letter Word May 03 2020 As Hope Lyndhurst-Steele approaches her 50th birthday, although she "has it all"--top magazine job, wonderful husband, loving son, many friends--fifty still feels like a four-letter word. But she doesn't know just how low she can go. When she returns to the office after her holiday break, she's informed by senior management that the "having it all" woman is OUT--and Hope's out along with her. As she starts spending her days at home, her relationship with her usually patient husband Jack starts to become strained, and her teenage son is more interested in chasing after the local trashy single mom than spending his last year at home with his own mother. And Hope's own mother, who she never got along with, has cheerily announced that she's got six months left to live. Hope is relieved when a solo trip to Paris wakes up her long-dormant libido, but when she returns, she finds that her husband is giving her more space than she'd like--he's moved out. As Hope wonders if she'll be able to make it to fifty-one with her sanity and her family intact, she discovers some interesting truths about herself and her age--and even if 50 is not the new 30, it could be that the best is yet to come.

God Is Not Great Mar 01 2020 In god is Not Great Hitchens turned his formidable eloquence and rhetorical energy to the most controversial issue in the world: God and religion. The result is a devastating critique of religious faith god Is Not Great is the ultimate case against religion. In a series of acute readings of the major religious texts, Christopher Hitchens demonstrates the ways in which religion is man-made, dangerously sexually repressive and distorts the very origins of the cosmos. Above all, Hitchens argues that the concept of an omniscient God has profoundly damaged humanity, and proposes that the world might be a great deal better off without 'him'.

This is Not a Book About Benedict Cumberbatch: The Joy of Loving Something – Anything – Like Your Life Depends on it Jan 23 2022 A hilarious, heartfelt memoir about one woman's midlife obsession with Benedict Cumberbatch, and the liberating power of reclaiming our passions as we age, whatever they may be.

Africa Is Not a Country Oct 27 2019 Africa is not a country. From the tiny island nations of Comoros, Seychelles, and São Tomé and Príncipe, to its largest country, Africa is the only continent with land in all four hemispheres. Unlike any other continent, it is divided into two almost equal lengths by the equator, and it is nearly as wide as it is long. Enter into the daily life of children in the many countries of modern Africa. Countering stereotypes, Africa Is Not a Country celebrates the extraordinary diversity of this vibrant continent as experienced by children at home, at school, at work, and at play. "The title says it all. Instead of the 'vanishing tribes' view of one Africa with tourists from different countries photographing the animals and primitive people, this informative picture book celebrates the diversity of the 53 nations that make up the continent today. . . readers will want to go on from here to explore in depth particular countries that interest them. The essential differences and connections are here." —Booklist

A City Is Not a Computer Dec 22 2021 This book offers a reassessment of "smart cities" and reveals what is lost when we conceive of our urban spaces as computers. -- Publisher's description.

The sword is not enough Aug 25 2019 In this lucid and timely new book, Jeremy Pressman demonstrates that the default use of military force on both sides of the Arab-Israeli conflict has prevented its peaceful resolution. Whether called deterrence or war, armed struggle or terrorism, the history of the

conflict reveals that violence has been counterproductive. Drawing on historical evidence from the 1950s to the present, *The sword is not enough* pushes back against the dominant belief that military force leads to triumph while negotiations and concessions lead to defeat and further unwelcome challenges. Violence weakens the security situation, bolsters adversaries, and, especially in the case of Palestine, has sabotaged political aims. Studiously impartial and accessibly written, this book shows us that diplomacy is the only answer.

It's Not the Stork! Jul 05 2020 From the expert team behind *IT'S PERFECTLY NORMAL* and *IT'S SO AMAZING!* comes a book for younger children about their bodies — a resource that parents, teachers, librarians, health care providers, and clergy can use with ease and confidence. Young children are curious about almost everything, especially their bodies. And young children are not afraid to ask questions. What makes me a girl? What makes me a boy? Why are some parts of girls' and boys' bodies the same and why are some parts different? How was I made? Where do babies come from? Is it true that a stork brings babies to mommies and daddies? *IT'S NOT THE STORK!* helps answer these endless and perfectly normal questions that preschool, kindergarten, and early elementary school children ask about how they began. Through lively, comfortable language and sensitive, engaging artwork, Robie H. Harris and Michael Emberley address readers in a reassuring way, mindful of a child's healthy desire for straightforward information. Two irresistible cartoon characters, a curious bird and a squeamish bee, provide comic relief and give voice to the full range of emotions and reactions children may experience while learning about their amazing bodies. Vetted and approved by science, health, and child development experts, the information is up-to-date, age-appropriate, and scientifically accurate, and always aimed at helping kids feel proud, knowledgeable, and comfortable about their own bodies, about how they were born, and about the family they are part of.

Silence is Not Golden Apr 25 2022 This anthology, which is the first of its kind ever on Ethiopian literature, aspires to provide insights into a body of literature which had been marginalized more than other post-colonial literatures. The articles collected here trace and analyze the development of Ethiopian languages and literatures from Ge'ez to the first Amharic novel, *T'obbia*. In an attempt to create balance, effort has also been made to incorporate representative critical works from almost all modern literary forms. This collection intends to provide readers with a general insight and an increased awareness of the richness of Ethiopian literature. The volume brings together a number of scholars and practitioners of the world whose interest in the subject matter is rivaled only by an equally compelling interest in reading and situating Ethiopian literature in the wider context of world literature. In this sense,

other scholars and interested readers will have at their disposal the means/tools to engage in inter- and intra-literary studies. Since this volume has a pre-cursorial contour, and since it is the first, it is hoped that it will engender discussion and pique the interest of the reading public.

This Is Not a Book Sep 30 2022 From the internationally bestselling creator of *Wreck This Journal*, a curious, engaging, and creative rethinking of all the different things a book can be. In this uniquely skewed look at the purpose and function of a “book”, Keri Smith offers an illustrated guide that challenges readers to creatively examine all the different ways *This Is Not a Book* can be used. With intriguing prompts, readers will discover that the book can be: A secret message—tear out a page, write a note on it for a stranger, and leave it in a public place. A recording device—have everyone you contact today write their name in the book. An instrument—create as many sounds as you can using the book, like flipping the pages fast or slapping the cover. *This Is Not a Book* forces you to ask, “If it’s not a book, what is it then?”—with a kaleidoscope of possible answers.

This Is Not Fame Apr 13 2021 An unfiltered, unapologetic, hilarious, and sometimes obscene assemblage of tales from the down-and-dirty traveling comedy circuit Doug Stanhope has been drunkenly stumbling down the back roads and dark alleys of stand-up comedy for over a quarter of a century, roads laden with dank bars, prostitutes, cheap drugs, farm animals, evil dwarfs, public nudity, menacing third-world police, psychotic breaks, sex offenders, and some understandable suicides. You know, just for levity. While other comedians were seeking fame, Stanhope was seeking immediate gratification, dark spectacle, or sometimes just his pants. Not to say he hasn't rubbed elbows with fame. He's crashed its party, snorted its coke, and jumped into its pool naked, literally and often repeatedly -- all while artfully dodging fame himself. Doug spares no legally permissible detail, and his stories couldn't be told any other way. They're weird, uncomfortable, gross, disturbing, and fucking funny. *This Is Not Fame* is by no means a story of overcoming a life of excess, immorality, and reckless buffoonery. It's an outright celebration of it. For Stanhope, the party goes on.

Discworld and Philosophy Oct 08 2020 In *Discworld*, unlike our own frustrating *Roundworld*, everything makes sense. The world is held up by elephants standing on the back of a swimming turtle who knows where he's going, the sun goes round the world every day, so it doesn't have to be very hot, and things always happen because someone intends them to happen. Millions of fans are addicted to Pratchett's *Discworld*, and the interest has only intensified since Pratchett's recent death and the release of his final *Discworld* novel, *The Shepherd's Crown*, in September 2015. The philosophical riches of *Discworld* are inexhaustible, yet the brave explorers of *Discworld and Philosophy* cover a lot of ground. From discussion of Moist von Lipwig's con artistry showing the essential con of the financial system, to the examination of everyone's favorite *Discworld* character, the murderous luggage, to the lawless Mac Nac Feegles and what they tell us about civil government, to the character Death as he appears in several *Discworld* novels, *Discworld and Philosophy* gives us an in-depth treatment of Pratchett's magical universe. Other chapters look at the power of *Discworld*'s witches, the moral viewpoint of the golems, how William de Worde's newspaper illuminates the issue of censorship, how fate and luck interact to shape our lives, and why the more simple and straightforward *Discworld* characters are so much better at seeing the truth than those with enormous intellects but little common sense.

This is Not the End of the Book May 27 2022 'The book is like the spoon: once invented, it cannot be bettered' Umberto Eco These days it is impossible to get away from discussions of whether the book will survive the digital revolution. Blogs, tweets and newspaper articles on the subject appear daily, many of them repetitive, most of them admitting ignorance of the future. Amidst the twittering, the thoughts of Jean-Claude Carrière and Umberto Eco come as a breath of fresh air. This thought-provoking book takes the form of a conversation in which Carrière and Eco discuss everything from how to define the first book to what is happening to knowledge now that infinite amounts of information are available at the click of a mouse. En route there are delightful digressions into personal anecdote. We find out about Eco's first computer and the book Carrière is most sad to have sold. And while, as Carrière says, the one certain thing about the future is that it is unpredictable, it is clear from this conversation that, in some form or other, the book will survive. 'A storming book. The next best thing to sitting in Umberto Eco's

living room after dinner; a dream collection of lucid and fascinating discussions' Nick Harkaway 'Hurrah for philosopher and novelist Umberto Eco and playwright and screenwriter Jean-Claude Carrière, who have come together to praise the medium... Fans of Eco and Carrière will be charmed' Time Out 'An entertainingly free-range dialogue about writing past, present and future' Independent

There Is No Death Jul 25 2019 Does individuality survive death? Does death mean the end of our existence? The answers are yes and no. The message of this classic book is that individuality does indeed survive death, and that death is merely the beginning of a further chapter in human evolution. Told here are many eyewitness experiences had by the author with many great mediums in undertaking her quest to study Spiritualism. To tell her story, the author recounts words she heard at sances in a vivid, haunting manner to convey the stories of something beyond death. These experiences show that death is not the end and not something to be feared. Florence Marryat was a 19th-century novelist. She edited the journal *London Society*, wrote stage plays, and acted in her own company. She also traveled throughout England and America on lecture tours, and wrote more than 100 short stories and nearly 80 novels. In addition to 'There Is No Death,' she wrote two other books on Spiritualism.

When Love Is Not Enough Sep 18 2021 *When Love Is Not Enough* relates how a multitude of factors--the competence of staff; the safety, nurturing, and protective elements of the emotional, physical, and political setting; and all overt and covert organizational dynamics--determine whether or not a treatment setting accomplishes its therapeutic aims. Authors in *When Love Is Not Enough* continue the emphasis on the group-as-a-whole "Group Relation" model of organizational and group processes begun with Wilfred Bion's work at the Tavistok Clinic in London in the 1940s. This model helps those providing services to children and adolescents evaluate their treatment programs and make the necessary changes toward improvement. Chapters in *When Love Is Not Enough* are dedicated to improving the psychological treatment of children and adolescents in postmodern society, a society in which life in interdependent communities is becoming increasingly important for the health and survival of all persons. Topics covered include: the Tavistok approach to understanding group and organizational behavior the emphasis on group-as-a-whole in problem solving and treatment design narrowing the gap between plan and outcome the dynamics involved in the psychiatric treatment of children issues of staff selection, training, and development in programs designed to treat children countertransference responses in the treatment of children and adolescents revitalizing organizations the subjective experience of school life *When Love Is Not Enough* helps organizations realize the ways in which they may, inadvertently, undermine the emotional and cognitive functioning of the staff or the identified patients and set serious limits on the growth of members of the organization, staff and patients alike. It urges organizations to conduct an ongoing self-scrutiny concerning their rational and irrational processes, as this self-examination is crucial to the health and vitality of the treatment offered to others. The book also promotes thinking of the conscious and unconscious dynamics of the group-as-a-whole to more completely inform organizational decisions concerning changes that may enhance the treatment of children and adolescents. *When Love Is Not Enough* serves as an invaluable guide for mental health professionals who treat children and adolescents, group therapists, hospital and clinic administrators, psychoanalysts, nurses, social workers, psychologists, and psychiatrists.

"Happiness Is Not My Companion" Jul 17 2021 The valorous but troubled career of the Civil War general best known for defending Little Round Top and averting a Union defeat at Gettysburg. The lieutenant colonel of a New York regiment and rising star in the Army of the Potomac, Gouverneur K. Warren performed heroically at Gettysburg. For his service at Bristoe Station and Mine Run, he was awarded command of the Fifth Corps for the 1864 Virginia campaign. But Warren's peculiarities of temperament and personality put a cloud over his service at the Wilderness and Spotsylvania and cost him the confidence of his superiors, Grant and Meade. He was summarily relieved of his command by Philip Sheridan after winning the Battle of Five Forks, just eight days before Appomattox. Warren continued as an engineer of distinction in the Army after the war, but he was determined to clear his name before a board of inquiry, which conducted an exhaustive investigation into the battle, Warren's conduct, and Sheridan's arbitrary action. However, the findings of the court vindicating Warren were not made public until shortly after his death. For this major biography of Gouverneur Warren, David M. Jordan utilizes Warren's own voluminous collection of letters, papers, orders, and other items saved by his family, as well as the letters and writings of such contemporaries as his aide and brother-in-law Washington Roebling, Andrew Humphreys, Winfield Hancock, George Gordon Meade, and Ulysses S. Grant. Jordan presents a vivid account of the life and times of a complex military figure.

Every Sky is Not Blue Aug 18 2021 The following collection of stories capture the quirks and eccentricities of everyday life. The author deftly moves between descriptions of life-changing events and moments of playfulness. Although, the characters often have to face difficult situations and make tough choices, they follow their heart. The diverse stories in this book are filled with wonder, excitement, curiosity, and intense emotions. Padmavati trusts her astrologer, but his predictions don't always turn out to be true. In an unexpected twist, the astrologer is forced to acknowledge the failings of his craft. A son is forced to choose between his wife and his old mother. Who does he choose and is he happy with the outcome? A young woman comes into her own, as she moves away to study abroad, leaving her family behind. A Kashmiri boy leaves his family to join the ranks of militants and gets killed by

the security forces. How does his family cope up with the choice he's made? What does a family living close to India-Pakistan border go through when it is forced by severe cross border shelling to migrate to a makeshift camp in the hinterland in severe winter? These stories are a rollercoaster ride of love and laughter, misery and loss, acceptance and escape. These stories are about the choices that define human struggles and enable, in the process, the protagonists to find greater meaning and purpose in life. They focus on the dark and the beautiful, right and wrong, black and white, and all shades of grey in between. They are a tribute to the human spirit, an ode to the tireless struggles of ordinary men and women.
