Soul Rest May 31 2022 Celeste has worked hard to establish her freelance blog as a source of accurate crime news for the Baton Rouge area.

Being a workaholic, focusing solely on her career, was her choice. Five years ago, she had a life-changing experience in a BDSM club that made it clear she is a submissive, but she believes her past makes embracing that path impossible. Then Sergeant Leland Keller walks into her life. He's the Dom she's always feared and hoped she'd meet, and he recognizes her as what he's been looking for as well. But she fights submission as much as she longs for it. Leland always thought he was looking for a docile, sweet-natured sub, but the heart wants what it wants. He can tell Celeste is aching for love and surrender. Having served in the military and now as a patrol sergeant in one of Baton Rouge's most dangerous districts, he doesn't shy from a challenge. His job is to protect and serve. He's not going to let her down.

Robert's Rules of Order Aug 22 2021 Robert's Rules of Order by Henry M. Robert There appears to be much needed a work on parliamentary law, based, in its general principles, upon the rules and practice of Congress, and adapted, in its details, to the use of ordinary societies. Such a work should give, not only the methods of organizing and conducting the meetings, the duties of the officers and the names of the ordinary motions, but in addition, should state in a systematic manner, in reference to each motion, its object and effect; whether it can be amended or debated; if debatable, the extent to which it opens the main question to debate; the circumstances under which it can be made, and what other motions can be made while it is pending. This Manual has been prepared with a view to supplying the above information in a condensed and systematic manner, each rule being either complete in itself, or giving references to every section that in any way qualifies it, so that a stranger to the work can refer to any special subject with safety. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Fully illustrated with case-law examples the book provides a guide to the range of measures which national courts may provide for participants in corporate life seeking remedies for unsatisfactory governance of companies. It also features guidance on the specific bases for criminal and civil liabilities and examples of the range of penalties to which directors might be subject. The result is a work of unprecedented detail which will be welcomed by practitioners in the corporate sector, academics and researchers alike.
