Legal Rights for Rivers May 29 2022 In 2017 four rivers in Aotearoa New Zealand, India, and Colombia were given the status of legal persons, and there was a recent attempt to extend these rights to the Colorado River in the USA. Understanding the implications of creating legal rights for rivers is an urgent challenge for both water resource management and environmental law. Giving rivers legal rights means the law can see rivers as legal persons, thus creating new legal rights which can then be enforced. When rivers are legally people, does that encourage collaboration and partnership between humans and rivers, or establish rivers as another competitor for scarce resources? To assess what it means to give rivers legal rights and legal personality, this book examines the form and function of environmental water managers (EWMs). These organisations have legal personality, and have been active in water resource management for over two decades. EWMs operate by acquiring water rights from irrigators in rivers where there is insufficient water to maintain ecological health. EWMs can compete with farmers for access to water, but they can also strengthen collaboration between traditionally divergent users of the aquatic environment, such as environmentalists, recreational fishers, hunters, farmers, and hydropower. This book explores how EWMs use the opportunities created by giving nature legal rights, such as the ability to participate in markets, enter contracts, hold property, and enforce those rights in court. However, examination of the EWMs unearths a crucial and unexpected paradox: giving legal rights to nature may increase its legal power, but in doing so it can weaken community support for protecting the environment in the first place. The book develops a new conceptual framework to identify the multiple constructions of the environment in law, and how these constructions can interact to generate these unexpected outcomes. It explores EWMs in the USA and Australia as examples, and assesses the implications of creating legal rights for rivers for water governance. Lessons from the EWMs, as well as early lessons from the new ‘river persons,’ show how to use the law to improve river protection and how to begin to mitigate the problems of the paradox.

The Rangers, the Bruins, and the End of an Era Jun 05 2020 This book is a tribute to the rivalry the New York Rangers had with the Boston Bruins during the decade that Emile Francis ran the club.

Growing up, these two teams are what defined hockey for me and the team was not simply a city or a sweater or a jersey, it was the players. As Mr. Francis himself told me, "Every time we played it was a war. That was the greatest rivalry I've ever seen." I wrote this book for the fans of both teams, hoping that it would bring back some great memories from a time when the game was a lot different than it is today.

1 & 2 Peter, Jude Nov 22 2021 This title is available on eBook! For more information see:

www.MennoMedia.org/e-books Erland Waltner explains how 1 Peter applies Jesus' teaching on loving the enemy to the life situation of scattered Christians in Asia Minor. Peter empowers believers to be communities of hope, not retaliating for the abuse they suffer, but bearing witness of their Lord by word, lifestyle, and doing good. J. Daryl Charles shows how 2 Peter and Jude are relevant since the church still faces ethical compromises and pastoral dilemmas. Their apocalyptic imagery stresses that the concerns of Christian faithfulness and faith are absolutely crucial. The church needs such moral exhortation. A Tragedy Waiting to Happen – The Chaotic Life of Brendan O'Donnell Aug 20 2021 For years, Tony Muggivan urged the Irish social system to offer appropriate treatment to the desperately sick Brendan O'Donnell. A Tragedy Waiting to Happen is the harrowing story of his doomed attempts and the awful consequences of that failure: a triple murder. Tony Muggivan is a farmer. One wet night in February 1989, Brendan O'Donnell entered his life and that of his family. He had absconded from Trinity Detention Centre in Dublin and had been missing for a week. He turned up at Tony Muggivan's door, dirty, dishevelled and starving. The Muggivans took him in. Tony had never seen Brendan before. The next day, Tony began a search for help. It was clear that Brendan should be in a psychiatric unit, not a detention centre. Doctors, social workers and the Gardaí all agreed that this was the best course of action. As there was no place for him in Co. Clare, Tony took Brendan to hospitals in Ballinasloe and Galway, where they refused to admit him. Frustrated and angry, they returned home. Over the next five years Brendan began living rough and embarked on a campaign of armed robbery and mayhem in the east Clare area. It was evident he was out of control. In 1994 Brendan murdered Imelda Riney, her three-year old son Liam and Fr. Joe Walsh. It was one of the most shocking crimes of modern times. Brendan was convicted in 1996 and died in prison in 1997 in circumstances that have never been fully explained by the authorities. Tony and J.J. Muggivan recount Brendan O'Donnell's tragic life, and highlight the failures of the system to help a deeply disturbed boy who later became a psychotic killer. Tony had known that something awful was going to happen: for five years, he had tried and failed to get the Irish social and medical system to offer appropriate treatment to a desperately sick young man. A Tragedy Waiting to Happen reveals the truth behind the headlines and the real Brendan O'Donnell.

Sex, Gender and Substance Use Jan 25 2022 "Sex, Gender and Substance Use" describes how both biological and social factors affect people's use of substances. There is a lot of research carried out on substance use, prevention and treatment in which sex and gender are missing. This book describes the concepts of sex and gender, what they mean and why including them in substance use research, practice and policy is vital. Substances such as alcohol, drugs, nicotine, and tobacco all have differential effects on females and males. Social and cultural gendered factors affect how women and men react to prevention, treatment and policies. The book includes numerous examples of how sex- and gender-sensitive research can increase our understanding and improve prevention and treatment, and why striving for gender-transformative substance use practice and research remains a gold standard.

Vox Petri Mar 03 2020 Peter stands at the beginning of Christian theology. Christianity's central

confessions regarding the person of Jesus, the cross, salvation, the inclusive nature of the people of God, and the end of all things come to us through the apostle who was not only the church's leader but also its first theologian. Peter is the apostle for the whole church and the whole church resonates with his theology. We sing his song, though we may not have glanced at the bottom of the page in the hymnbook to see who wrote the words and composed the tune. Peter is the "lost boy" of Christian theology, a person overlooked as a theological innovator and pillar, but his rightful place is at the head of the table. If we look closely, however, we may recognize that he has been seated there all along.

To Vietnam in Vain Jul 07 2020 American military advisors in South Vietnam came to know their allies personally--as few American soldiers could. In addition to fighting the Viet Cong, advisors engaged in community building projects and local government initiatives. They dealt firsthand with corrupt American and South Vietnamese bureaucracies. Not many advisors would have been surprised to learn that 105mm artillery shells were being sold on the black market to the Viet Cong. Not many were surprised by the North Vietnamese victory in 1975. This memoir of a U.S. Army intelligence officer focuses on the province advisors who worked with local militias that were often disparaged by American units. The author describes his year (1969-1970) as a U.S. advisor to the South Vietnamese Regional and Popular Forces in the Mekong Delta.

O Woman, Great is Your Faith! Nov 30 2019 The concept of "faith" holds a central position in New Testament and early Christian thought, yet this concept has not received the careful attention it deserves in the Synoptic Gospels. The present study offers a comprehensive analysis of "faith" as a key motif in the Gospel of Matthew, where it plays a major role in communicating this Gospel's vision for how readers should respond to the person and message of Jesus. The argument propounded is that Matthew's unique narrative portrayal of the Canaanite woman's faith (15:21-28) is used for pedagogical purposes, namely, that by comparing and contrasting her "great faith" with those characters expressing "no faith" and "little faith," Matthew uses Jesus's quantitative ???-terms to teach on the nature of true faith. She embodies Matthew's theological vision of faith! Even though she is a gentile outsider/enemy, she comprehends the universal scope and abundant blessings of Jesus's mission. Moreover, she acknowledges Jesus's messianic identity, correctly perceiving him to be both David's royal heir and David's Lord. Finally, based on who she perceives Jesus to be and the purpose of his mission, she demonstrates faith as trust manifested in action.

Confessions: Commentary on Books 1-7 Sep 28 2019 The Confessions of Augustine have long both demanded and eluded the sustained and serious attention to detail that a scholarly commentary can provide. This new work in three volumes is a major new reference in Augustine scholarship. A revised Latin text of the Confessions in Volume I forms the basis for a detailed line-by-line commentary (Volumes II and III) designed to elucidate the many layers of meaning in the work. Extensive quotation and abundant citation of Augustine's own writings, of the scriptural texts that were never far from his mind, and of the works of his intellectual forebears (chief among them Cicero, Plotinus, and Ambrose) are meant to provide one essential context for reading the Confessions. Placing the emphasis primarily on exegesis, O'Donnell opens up new lines of interpretation, and gives a wealth of fresh detail to some more familiar themes. The place of the Confessions in Augustine's own life and in the history of Christian literature is also discussed and illuminated.

Dinosaurs of Darkness Sep 01 2022 Dinosaurs of Darkness opens a doorway to a fascinating former world, between 100 million and 120 million years ago, when Australia was far south of its present location and joined to Antarctica. Dinosaurs lived in this polar region. How were the polar dinosaurs discovered? What do we now know about them? Thomas H. Rich and Patricia Vickers-Rich, who have played crucial roles in their discovery, describe how they and others collected the fossils indispensable to our knowledge of this realm and how painstaking laboratory work and analyses continue to unlock the secrets of the polar dinosaurs. This scientific adventure makes for a fascinating story: it begins with

one destination in mind and ends at another, arrived at by a most roundabout route, down byways and back from dead ends. *Dinosaurs of Darkness* is a personal, absorbing account of the way scientific research is actually conducted and how hard and rewarding it is to mine the knowledge of this remarkable life of the past. The award-winning first edition has been thoroughly updated with the latest discoveries and interpretations, along with over 100 new photographs and charts, many in color.
