Coding Freedom Aug 19 2021 Who are computer hackers? What is free software? And what does the emergence of a community dedicated to the production of free and open source software--and to hacking as a technical, aesthetic, and moral project--reveal about the values of contemporary liberalism? Exploring the rise and political significance of the free and open source software (F/OSS) movement in the United States and Europe, Coding Freedom details the ethics behind hackers' devotion to F/OSS, the social codes that guide its production, and the political struggles through which hackers question the scope and direction of copyright and patent law. In telling the story of the F/OSS movement, the book unfolds a broader narrative involving computing, the politics of access, and intellectual property. E. Gabriella Coleman tracks the ways in which hackers collaborate and examines passionate manifestos, hacker humor, free software project

governance, and festive hacker conferences. Looking at the ways that hackers sustain their productive freedom, Coleman shows that these activists, driven by a commitment to their work, reformulate key ideals including free speech, transparency, and meritocracy, and refuse restrictive intellectual protections. Coleman demonstrates how hacking, so often marginalized or misunderstood, sheds light on the continuing relevance of liberalism in online collaboration.

Bond Plays: 5 Mar 26 2022 One of Britain's greatest living contemporary dramatists, Edward Bond is widely studied by schools and colleges. The collection includes a commentary by the author. The Bundle - "A complex and marvellously written play" (The Times); Jackets - "An astonishingly powerful piece of political, polemic poetry" (Guardian); Human Cannon charts the struggle against Fascism in Spain through the stories of the village community of Estarobon; In the Company of Men, a vivid and coruscating attack on the values encapsulated by boardroom power games, was described by the RSC as "a vast meditation on the twenty-first century." Edward Bond "is one of the two or three major playwrights - and arguably the only

one - to emerge since the fifties" (Observer)
Tor Jul 30 2022 In this high milieu fantasy we discover who Tor really is meant to be. Tor is an orc stuck between two worlds. She was born to be a warrior, but was raised to be a healer. Tor was sent to the Rejuvenation Monastery at a young age. Cast out by her father for dishonouring the family. She was forced to denounce her warrior upbringing to become a healer. Tor is warned on two fronts that a threat is coming. But she doesn't know when or where it's coming. Can Tor find this threat before it becomes fatal? Who or what is she looking for? Will she be forced to make a choice between being a warrior or a healer? Tor is the third book in the Realm Wardens high epic fantasy. It's filled with excitement, adventure, and humour. Come learn more about the different worlds and the different races that live there!

A Thousand Paper Birds Nov 02 2022 After the sudden death of his wife, Audrey, Jonah sits on a bench in Kew Gardens, trying to reassemble the shattered pieces of his life. Chloe, shaven-headed and abrasive, finds solace in the origami she meticulously folds. But when she meets Jonah, her carefully constructed defences threaten to fall. Milly, a child quick to laugh, freely roams Kew, finding beauty everywhere she goes. But where is her mother and where does she go when the gardens are closed? Harry's purpose is to save plants from extinction. Quiet and enigmatic, he longs for something- or someone- who will root him more firmly to the earth. Audrey links these strangers together. As the mystery of her death unravels, the characters journey through the seasons to learn that stories, like paper, can be refolded and reformed.
