Blind Your Ponies Jul 26 2019 “Uplifting story about the triumph of human decency . . . Sure to be enjoyed by those who fondly recall another David vs. Goliath roundball yarn—Hoosiers” (Publishers Weekly). Sam Pickett never expected to settle in this dried-up shell of a town on the western edge of the world. He’s come here to hide from the violence and madness that have shattered his life, but what he finds is what he least expects. There’s a spirit that endures in Willow Creek, Montana. It seems that every inhabitant of this forgotten outpost has a story, a reason for taking a detour to this place—or a reason for staying. As the coach of the hapless high school basketball team (zero wins, ninety-three losses), Sam can’t help but be moved by the bravery he witnesses in the everyday lives of people—including his own young players—bearing their sorrows and broken dreams. How do they carry on, believing in a future that seems to be based on the flimsiest of promises? Drawing on the strength of the boys on the team, sharing the hope they display despite insurmountable odds, Sam finally begins to see a future worth living. Author Stanley Gordon West has filled the town of Willow Creek with characters so vividly cast that they become real as relatives, and their stories—so full of humor and passion, loss and determination—illuminate a path into the human heart. “Elegiac but hopeful novel, originally self-published, about the redemptive power of people—and, of course, roundball . . . Worthy of a place in Montaniana alongside Ivan Doig and Deirdre McNamer, this is a modest tale, elegantly written.” —Kirkus Reviews

A River Runs through It and Other Stories Oct 28 2019 When Norman Maclean sent the manuscript of *A River Runs through It and Other Stories* to New York publishers, he received a slew of rejections. One editor, so the story goes, replied, “it has trees in it.” Forty years later, the title novella is recognized as one of the great American tales of the twentieth century, and Maclean as one of the most beloved writers of our time. The finely distilled product of a long life of often surprising rapture—for fly-fishing, for the woods, for the interlocked beauty of life and art—*A River Runs through It* has established itself as a classic of the American West. This new edition will introduce a fresh audience to Maclean’s beautiful prose and understated emotional insights. Elegantly redesigned, *A River Runs through It* includes a new foreword by Robert Redford, director of the Academy Award-winning 1992 film adaptation of *River*. Based on Maclean’s own experiences as a young man, the book’s two novellas and short story are set in the small towns and mountains of western Montana. It is a world populated with drunks, loggers, card sharks, and whores, but also one rich in the pleasures of fly-fishing, logging, cribbage, and family. By turns raunchy and elegiac, these superb tales express, in Maclean’s own words, “a little of the love I have for the earth as it goes by.”

Across the River and Into the Trees Sep 27 2019 In the fall of 1948, Ernest Hemingway made his first extended visit to Italy in thirty years. His reacquaintance with Venice, a city he loved, provided the inspiration for *Across the River and into the Trees*, the story of Richard Cantwell, a war-ravaged American colonel stationed in Italy at the close of the Second World War, and his love for a young Italian countess. A poignant, bittersweet homage to love that overpowers reason, to the resilience of the human spirit, and to the worldweary beauty and majesty of Venice, *Across the River and into the Trees* stands

as Hemingway's statement of defiance in response to the great dehumanizing atrocities of the Second World War. Hemingway's last full-length novel published in his lifetime, it moved John O'Hara in The New York Times Book Review to call him "the most important author since Shakespeare."

The River That Made Seattle Oct 21 2021 With bountiful salmon and fertile plains, the Duwamish River has drawn people to its shores over the centuries for trading, transport, and sustenance. Chief Se'alth and his allies fished and lived in villages here and white settlers established their first settlements nearby. Industrialists later straightened the river's natural turns and built factories on its banks, floating in raw materials and shipping out airplane parts, cement, and steel. Unfortunately, the very utility of the river has been its undoing, as decades of dumping led to the river being declared a Superfund cleanup site. Using previously unpublished accounts by Indigenous people and settlers, BJ Cummings's compelling narrative restores the Duwamish River to its central place in Seattle and Pacific Northwest history. Writing from the perspective of environmental justice—and herself a key figure in river restoration efforts—Cummings vividly portrays the people and conflicts that shaped the region's culture and natural environment. She conducted research with members of the Duwamish Tribe, with whom she has long worked as an advocate. Cummings shares the river's story as a call for action in aligning decisions about the river and its future with values of collaboration, respect, and justice.

Naipaul gives us the most convincing and disturbing vision yet of what happens in a place caught between the dangerously alluring modern world and its own tenacious past and traditions.

Crossing the River Jan 12 2021 A powerful exploration of grief and resilience following the death of the author's son that combines memoir, reportage, and lessons in how to heal Everyone deals with grief in their own way. Helen Macdonald found solace in training a wild goshawk. Cheryl Strayed found strength in hiking the Pacific Crest Trail. For Carol Smith, a Pulitzer Prize nominated journalist struggling

with the sudden death of her seven-year-old son, Christopher, the way to cross the river of sorrow was through work. In *Crossing the River*, Smith recounts how she faced down her crippling loss through reporting a series of profiles of people coping with their own intense challenges, whether a life-altering accident, injury, or diagnosis. These were stories of survival and transformation, of people facing devastating situations that changed them in unexpected ways. Smith deftly mixes the stories of these individuals and their families with her own account of how they helped her heal. General John Shalikashvili, once the most powerful member of the American military, taught Carol how to face fear with discipline and endurance. Seth, a young boy with a rare and incurable illness, shed light on the totality of her son's experiences, and in turn helps readers see that the value of a life is not measured in days. *Crossing the River* is a beautiful and profoundly moving book, an unforgettable journey through grief toward hope, and a valuable, illuminating read for anyone coping with loss.

Platte River Jul 18 2021 Available again, an acclaimed collection from an American master that USA Today called “Powerful . . . lyrical, vivid, engaging.” Originally published twenty-five years ago, *Platte River* is one of the early collections that established Rick Bass’s reputation as a master of the short form and one of the best writers of his generation. It contains three novellas of contemporary America, each informed by the mysteries of nature and the heart. Set along borders, both physical and immaterial, all of the novellas combine a spare but radiant naturalism with an outsize aspiration to folklore or myth. In the title story, a former pro linebacker living a simple, isolated life in the Canadian woods just across the border from Montana struggles with his artist girlfriend’s desire to escape. Invited by his best friend from their college football days to give a talk at the school where the friend now teaches, he flies to northern Michigan. In the class the next morning, after a night fishing party on the Platte River, what he learns brings acceptance, and a kind of salvation. In “Mahatma Joe,” a despairing evangelist living in a valley that was once so wild the people would go naked when the Chinook winds blew, announcing winter’s end, throws his fervor into planting a garden along the river, bringing purpose to the young woman who had camped there. “Field Events,” the most comic of the stories, begins when two athlete brothers spy an enormous, muscled man swimming in the river, hauling a canoe loaded with cast iron. Their plan to train him in the discus meets with complications, when the giant and their older sister find in each other the missing part that neither could articulate.
