*In Pursuit of Beauty* Jan 01 2020 "This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s, but also helped set the course of such later developments in the United States as the Arts and Crafts movement, the indigenous interpretation of Art Nouveau, and even the rise of modernism. In fact, the early history of the Metropolitan--its founding, its sponsorship of a school of industrial design, and its display of decorative works--is inextricably tied to the Aesthetic movement and its educational goals. "In Pursuit of Beauty: Americans and the Aesthetic Movement" comprised some 175 objects including furniture, metalwork, stained glass, ceramics, textiles, wallpaper, painting, and sculpture. Some of these had rarely been displayed; others, although familiar, were being shown in new and even startling contexts. The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity"--From publisher's description.

It's 2032, and in this near-future America, all citizens are chipped and everyone is tracked. It's almost impossible to survive as an undocumented immigrant, but that's exactly what sixteen-year-old Vali is doing. She and her family have carved out a stable, happy life in small-town Vermont, but when Vali's mother's counterfeit chip starts malfunctioning and the Deportation Forces raid their town, they are forced to flee. Now on the run, Vali and her family are desperately trying to make it to her tía Luna's in California, a sanctuary state that is currently being walled off from the rest of the country. But when Vali's mother is detained before their journey even really begins, Vali must carry on with her younger brother across the country to make it to safety before it's too late. Gripping and urgent, co-authors Paola Mendoza and Abby Sher have crafted a narrative that is as haunting as it is hopeful in envisioning a future where everyone can find sanctuary.

**Amen, Amen, Amen** Nov 03 2022 Until the age of ten, Abby Sher was a happy child in a fun-loving, musical family. But when her father and favorite aunt pass away, Abby fills the void of her loss with rituals: kissing her father's picture over and over each night, washing her hands, counting her steps, and collecting sharp objects that she thinks could harm innocent pedestrians. Then she begins to pray. At first she repeats the few phrases she remembers from synagogue, but by the time she is in high school, Abby is spending hours locked in her closet, urgently reciting a series of incantations and pleas. If she doesn't, she is sure someone else will die, too. The patterns from which she cannot deviate become her shelter and her obsession. In college Abby is diagnosed with obsessive-compulsive disorder, and while she accepts this as an explanation for the counting and kissing and collecting, she resists labeling her fiercest obsession, certain that her prayers and her relationship with G-d are not an illness but the cure. She also discovers a new passion: performing comedy. She is never happier than when she dons a wig and makes people laugh. Offstage, however, she remains unable to confront the fears that drive her. She descends into darker compulsions, starving and cutting herself, measuring every calorie and incision. It is only when her earliest, deepest fear is realized that Abby is forced to examine and redefine the terms of her faith and her future. Amen, Amen, Amen is an elegy honoring a mother, father, and beloved aunt who filled a child with music and their own blend of neuroticism. It is an adventure, full of fast cars, unsolved crimes, and close calls. It is part detective story, part love story, about Abby's hunt for answers and someone to guide her to them. It is a young woman's radiant and heartbreaking account of struggling to recognize the bounds and boundlessness of obsession and devotion.
