The Making of a Manager Jan 15 2021 No idea what you're doing? No problem. Good managers are made, not born. Top tech executive Julie Zhuo remembers the moment when she was asked to lead a team. She felt like she'd won the golden ticket, until reality came crashing in. She was just 25 and had barely any experience being managed, let alone managing others. Her co-workers became her employees overnight, and she faced a series of anxiety-inducing firsts, including agonising over whether to hire an interviewee; seeking the respect of reports who were cleverer than her; and having to fire someone she liked. Like most first-time managers, she wasn't given any formal training, and had no resources to turn to for help. It took her years to find her way, but now she's offering you the short-cut to success. This is the book she wishes she had on day one. Here, she offers practical, accessible advice like: · Don't hide thorny problems from your own manager; you're better off seeking help quickly and honestly · Before you fire someone for failure to collaborate, figure out if the problem is temperamental or just a lack of training or coaching · Don't offer critical feedback in a 'compliment sandwich' – there's a better way! Whether you're new to the job, a veteran leader, or looking to be promoted, this is the handbook you need to be the kind of manager you've always wanted.

Lord of the Flies Jan 03 2020 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Answers for each lesson are included; passages are given full-sentence answers and puzzle/hidden message exercises are reproduced with the correct answers filled in. Paperback.

The Paradox of Choice Apr 17 2021 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

Math, Grade 3 Feb 02 2020 Test with success using the *Spectrum Math* workbook! This book helps students in grade 3 apply essential math skills to everyday life. The lessons focus on multiplication and division, fractions, decimals, percents, measurements, and graphs, and the activi

appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

Pinocchio, the Tale of a Puppet May 19 2021 Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

Wordly Wise 3000, Book 6 Sep 22 2021

Nineteen Eighty-Four Feb 25 2022 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Stages of Reading Development Aug 29 2019 Examines the basic stages in a child's development of reading skills and suggests methods for aiding this learning process in school and at home

The Tyranny of Merit Mar 17 2021 A TLS, GUARDIAN AND NEW STATESMAN BOOK OF THE YEAR 2020 The new bestseller from the acclaimed author of *Justice* and one of the world's most popular philosophers "Astute, insightful, and empathetic...A crucial book for this moment" Tara Westover, author of *Educated* These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favour of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the promise that "you can make it if you try". And the consequence is a brew of anger and frustration that has fuelled populist protest, with the triumph of Brexit and election of Donald Trump. Michael J. Sandel argues that to overcome the polarized politics of our time, we must rethink the attitudes toward success and failure that have accompanied globalisation and rising inequality. Sandel highlights the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind. He offers an alternative way of thinking about success - more attentive to the role of luck in human affairs, more conducive to an ethic of humility, and more hospitable to a politics of the common good.

Aligned to current state standards, Spectrum is your child's path to language arts and math mastery.

Ten Lessons for a Post-Pandemic World Aug 22 2021 From the international bestselling author of *The Post-American World* 'An intelligent, learned and judicious guide for a world already in the making' *The New York Times* Since the end of the Cold War, the world has been shaken to its core three times. 11 September 2001, the financial collapse of 2008 and - most of all - Covid-19. Each was an asymmetric threat, set in motion by something seemingly small, and different from anything the world had experienced before. Lenin is supposed to have said, 'There are decades when nothing happens and weeks when decades happen.' This is one of those times when history has sped up. In this urgent and timely book, Fareed Zakaria, one of the 'top ten global thinkers of the last decade' (*Foreign Policy*), foresees the nature of a post-pandemic world: the political, social, technological and economic consequences that may take years to unfold. In ten surprising, hopeful 'lessons', he writes about the acceleration of natural and biological risks, the obsolescence of the old political categories of right and left, the rise of 'digital life', the future of globalization and an emerging world order split between the United States and China. He invites us to think about how we are truly social animals with community embedded in our nature, and, above all, the degree to which nothing is written - the future is truly in our own hands. *Ten Lessons for a Post-Pandemic World* speaks to past, present and future, and will become an enduring reflection on life in the early twenty-first century.

Power Maths Year 6 Textbook 6A Nov 12 2020 The whole-class mastery approach that works for every child. Underpinned by the most effective teaching practices, and created by a team of mastery experts led by Series Editor Tony Staneff, Power Maths is designed to make the whole-class mastery teaching approach work for you, your children and your school. The powerful lesson structure of Power Maths comes to life through the high-quality textbooks. They provide a coherent structure through the curriculum and support children on their journey to deeper understanding. The textbooks set out the core learning objectives for the whole class. 'Discover', 'Share' and 'Think Together' sections help promote discussion and ensure mathematical ideas are introduced to children in a logical way to support conceptual understanding. Engaging contexts for problem solving help children to discover patterns and concepts for themselves in a meaningful way. Clear mathematical structures and representations (using the Concrete-Pictorial-Abstract approach) ensure children make connections and grasp concepts. Lovable characters prompt and question children to promote reasoning skills and help to build a growth mindset.

The Room on the Roof Jun 19 2021 *The Room on the Roof* is a timeless coming-of-age novel that will resonate with a whole new generation of readers. Written by renowned author Ruskin Bond when he was just seventeen, it is the story of Rusty, a teenage Anglo-Indian boy who is orphaned and has to live with his English guardian in the stifling European quarter of Dehra Dun. Unhappy with the strict ways of his guardian, Rusty runs away from home to live with his Indian friends into the dream-bright world of the bazaar, Hindu festivals and all manner of Indian life. Rusty is enthralled, and is lost forever to the prim proprieties of the claustrophobic European community.

Wordly Wise, Book 3 Nov 24 2021

Wordly Wise 3000 Book 7 May 07 2020 A solid vocabulary is crucial for testing, writing, and the precise communication required by daily life. Using a contextual approach, Wordly Wise 3000 students are taught to say unfamiliar words and identify any possible similarities to other words, use the word in context, break the word down into parts, and finally look it up. Three thousand carefully selected words taken from literature, textbooks, and SAT-prep books form the backbone of this vocabulary series. Each lesson begins with a Word List that includes pronunciations, parts of speech, and concise definitions, and uses each word in an interesting, contextual, sentence. Wordly Wise 3000, Book 7 is made up of 20 lessons with 15 words in each lesson. In Book 7, vocabulary instruction focuses on preparing students with strategies to unlock the meaning of words they will encounter in content area texts, literature, and high-stakes tests. Comprehension of the vocabulary words is facilitated and reinforced through Greek and Latin word studies with an emphasis on prefixes, suffixes, parts of speech, synonyms, antonyms, and analogies. This third edition features the same word lists as the second edition, however, the passages and questions that follow the passages have been updated and assigned measures from The Lexile Framework for Reading. Wordly Wise 3000, 3rd Edition is not compatible with 2nd Edition teacher's guides and resources. Wordly Wise 3000, Book 7 contains 20 lessons; words taught in book 7 include: flabbergast, formidable, grueling, illustrious, lavish, maneuver, naive, perturb, replenish, smolder, ungainly, vulnerable and more. 216 two-tone pages, softcover.

Wordly Wise, Book 9 Oct 24 2021

Book of Songs (Shi-Jing) Jul 09 2020 The Book of Songs (or Shi-jing), the oldest existing anthology of Chinese poetry, comprises 305 works created over centuries. Some feature lyrics in simple language that reflects the common people, addressing love and courtship, political satire, and protest. Others focus on court life and dynasties; nearly all rhyme. This stunning dual-language edition features 32 beautiful verses, including "Se Miu," about a man exhaustedly working for the king, and "Odes Of Yong (Bo Zhou)," a melancholy love poem.

600 Essential Words for the TOEIC Test Dec 14 2020 This valuable book, designed to help students preparing for the Test of English for International Communications, is available in a new, updated edition that now includes a compact disc to provide vital help in pronunciation and listening comprehension. Students are presented with American-style English vocabulary as it is used in the context of business, industry, and technology. Short follow-up quizzes at the end of each section test students' learning progress.
