[Love in the Time of Cholera](#) Jul 26 2019 Nobel prize winner and author of *One Hundred Years of Solitude* Gabriel Garcia Marquez tells a tale of an unrequited love that outlasts all rivals in his masterpiece *Love in the Time of Cholera*. 'It was inevitable: the scent of bitter almonds always reminded him of the fate of unrequited love' Fifty-one years, nine months and four days have passed since Fermina Daza rebuffed hopeless romantic Florentino Ariza's impassioned advances and married Dr Juvenal Urbino instead. During that half-century, Florentino has fallen into the arms of many delighted women, but has loved none but Fermina. Having sworn his eternal love to her, he lives for the day when he can court her again. When Fermina's husband is killed trying to retrieve his pet parrot from a mango tree, Florentino seizes his chance to declare his enduring love. But can young love find new life in the twilight of their lives? 'The most important writer of fiction in any language' Bill Clinton 'An exquisite writer, wise, compassionate and extremely funny' Sunday Telegraph 'An amazing celebration of the many kinds of love between men and women' The Times

[The Concept of Anxiety: A Simple Psychologically Oriented Deliberation in View of the Dogmatic Problem of Hereditary Sin](#) Sep 07 2020

Presents a translation of the Danish philosopher's 1844 treatise on anxiety, which he claimed could only be overcome through embracing it.

[Fear and Trembling](#) Oct 28 2019 In our time nobody is content to stop with faith but wants to go further. It would perhaps be rash to ask where these people are going, but it is surely a sign of breeding and culture for me to assume that everybody has faith, for otherwise it would be queer for them to be . . . going further. In those old days it was different, then faith was a task for a whole lifetime, because it was assumed that dexterity in faith is not acquired in a few days or weeks. When the tried oldster drew near to his last hour, having fought the good fight and kept the faith, his heart was still young enough not to have forgotten that fear and trembling which chastened the youth, which the man indeed held in check, but which no man quite outgrows. . . except as he might succeed at the earliest opportunity in going further. Where these revered figures arrived, that is the point where everybody in our day begins to go further.

[The Myth of Male Power](#) Sep 27 2019 ...lies understanding. This is what bestselling author Warren Farrell discovered when he took a stand against established views of the male role in society, and pursued a course of study to find out who men really are. Here are the eye-opening, heart-rending, and undeniably enlightening results...

[Paradox Love](#) Oct 01 2022 Grace and Luke are among the lucky few who find love early in life. At seventeen, both are equally certain that their love will last a lifetime. But when that love is cut short by forces beyond their control, Grace must answer the question of just how far she is willing to go to get back to Luke. But this is not the typical romantic tale. And just when you think you know where the story is going, you find yourself drawn into a whole new reality, where the fate of an entire world rests upon the choices of this one girl. Prepare to experience the adventure not only through the eyes of these two lovers, but also through the intertwined experiences of a group of remarkable dogs, as Grace's journey becomes so much more than her singular quest to return to the one she loves.

[Unflappable](#) Jan 30 2020 We all want to be happy. But, sometimes life gets in the way. People lose jobs. Spouses are unfaithful. Kids are hostile. Friends die. Houses burn down. It is a jungle out there. *Unflappable* is a book that helps readers not only survive but embrace these ups and downs of life and learn to stay centered and peaceful regardless of the circumstances. Drawing on the wisdom of the mystics and her NLP (neuro-linguistic programming) training Michaels offers a six-step process for happiness and serenity regardless of how crazy life gets. The Six Steps include: Discover the lay of the land: Look at the inner contours of your life. Decide where you are and where you want to go. Examine the river running through your inner landscape—in all of its inconsistencies and incongruities. Ride the river's rapids: go with the flow. Learn to identify personal challenges on your journey. Learn how to reduce heightened emotional distress. Enjoy the ride. *Unflappable* offers a unique route to a different brand of happiness—one that doesn't depend on outside circumstances, and incorporates a model for conscious living that leads to serenity.

[Texts from Dog](#) Jan 12 2021 He's a dog with a phone. . . My dog sends me texts. Yeah. It's weird. When October Jones figured out he could send text messages to himself on his mobile phone, he naturally decided that the best use of this discovery was to send passive-aggressive messages to himself under the guise of his bulldog. And so the exasperating, slightly delusional, and utterly endearing Dog and his alter-ego, BatDog, were born. *Texts from Dog* features Dog's attempts to keep the neighborhood safe from the likes of Mr. Postman and his arch-nemesis Cat-Cat—he has managed to only smash three TVs and a patio door in the process. And in between crime fighting sprees and run-ins with the squirrel mafia, there are romantic interludes with pillows, fetch sessions gone terribly awry, and the abusive banter only a bromance between man and his text-savvy dog can spawn. For those of us who have ever had a conversation with a pet in our heads, *Texts from Dog* will make you laugh out loud and perhaps even make you think twice about leaving your pet home alone for the day.

[404 Not Found](#) Oct 21 2021 Co-creator of the wildly popular Exploding Kittens card game and #1 New York Times best-selling author of *How to Tell If Your Cat Is Plotting to Kill You*, *The Oatmeal*, aka Matthew Inman, presents an adult coloring adventure book filled with mantis shrimp, angler fish, bear-o-dactyls, space cats, and other fantastical creatures from the wonderland of *The Oatmeal*. Create your own *Oatmeal* masterpieces in *404 Not Found*. In cozy Robot City, all robots are tucked in and accounted for, but #404 is missing. Is he searching for the city of Atlantis...or was he attacked by the shrimp known as mantis? Did he leave this worldly place...and find an evil race of cats from space? A fun, kid-friendly, safe-for-work coloring book, *404 Not Found* is a magical story poem adventure to color and enjoy. A robot dot-to-dot and hidden objects throughout round out the fun! Relax and let your mind float as you color your way through enchanted lands with wondrous creatures from

the brilliant mind of *The Oatmeal*.

True to Our Feelings Apr 14 2021 We live our lives through our emotions, writes Robert Solomon, and it is our emotions that give our lives meaning. What interests or fascinates us, who we love, what angers us, what moves us, what bores us—all of this defines us, gives us character, constitutes who we are. In *True to Our Feelings*, Solomon illuminates the rich life of the emotions—why we don't really understand them, what they really are, and how they make us human and give meaning to life. Emotions have recently become a highly fashionable area of research in the sciences, with brain imaging uncovering valuable clues as to how we experience our feelings. But while Solomon provides a guide to this cutting-edge research, as well as to what others—philosophers and psychologists—have said on the subject, he also emphasizes the personal and ethical character of our emotions. He shows that emotions are not something that happen to us, nor are they irrational in the literal sense—rather, they are judgements we make about the world, and they are strategies for living in it. Fear, anger, love, guilt, jealousy, compassion—they are all essential to our values, to living happily, healthily, and well. Solomon highlights some of the dramatic ways that emotions fit into our ethics and our sense of the good life, how we can make our emotional lives more coherent with our values and be more 'true to our feelings' and cultivate emotional integrity.

Super Chill Aug 26 2019 Adam's comics deal with weightier topics like seasonal affective disorder and struggles with self-esteem, while also touching on the silly and absurd—like his brief, but intense obsession with crystals. With a bright, positive outlook and a sense of humor, *Super Chill* tells a story that is both highly relatable and intensely personal.

How to Tell If Your Cat Is Plotting to Kill You Nov 21 2021 Jesus Rollerblading Christ—another helping of *The Oatmeal*! Mrow, MOAR kitty comics. Mr. Oats delivers a sidesplitting serving of cat humor in his new book, *How to Tell If Your Cat Is Plotting to Kill You*. If your cat is kneading you, that's not a sign of affection. Your cat is actually checking your internal organs for weakness. If your cat brings you a dead animal, this isn't a gift. It's a warning. *How to Tell If Your Cat Is Plotting to Kill You* is a hilarious, brilliant offering of comics, facts, and instructional guides about crazy cat behaviors from the creative wonderland at *TheOatmeal.com*. *How to Tell If Your Cat Is Plotting to Kill You* presents fan favorites, such as "Cat vs. Internet," "How to Pet a Kitty," and "The Bobcats," plus 17 brand-new, never-before-seen cat-themed comic strips. This *Oatmeal* collection is a must-have for cat-lovers from Mr. Oats!

If My Dogs Were a Pair of Middle-Aged Men Apr 26 2022 In *If My Dogs Were a Pair of Middle-Aged Men*, Matthew Inman imagines, to hilarious effect, what life would be like if his dogs were a couple of old men running around his house. The result is a pitch-perfect gift for any dog owner.

The Coming Community May 04 2020 Unquestionably an influential thinker in Italy today, Giorgio Agamben has contributed to some of the most vital philosophical debates of our time. "The Coming Community" is an indispensable addition to the body of his work. How can we conceive a human community that lays no claim to identity - being American, being Muslim, being communist? How can a community be formed of singularities that refuse any criteria of belonging? Agamben draws on an eclectic and exciting set of sources to explore the status of human subjectivities outside of general identity. From St Thomas' analysis of halos to a stocking commercial shown in French cinemas, and from the Talmud's warning about entering paradise to the power of the multitude in Tiananmen Square, Agamben tracks down the singular subjectivity that is coming in the contemporary world and shaping the world to come. Agamben develops the concept of community and the social implications of his philosophical thought. "The Coming Community" offers both a philosophical mediation and the beginnings of a new foundation for ethics, one grounded beyond subjectivity, ideology, and the concepts of good and evil. Agamben's exploration is, in part, a contemporary and creative response to the work of Heidegger, Wittgenstein, Blanchot, Jean-Luc Nancy, and, more historically, Plato, Spinoza, and medieval scholars and theorists of Judeo-Christian scriptures. This volume is the first in a new series that encourages transdisciplinary exploration and destabilizes traditional boundaries between disciplines, nations, genders, races, humans, and machines. Giorgio Agamben currently teaches philosophy at the *College International de Philosophie* in Paris and at the *University of Macerata (Italy)*. He is the author of "Language and Death" (Minnesota, 1991) and "Stanzas" (Minnesota, 1992). This book is intended for those in the fields of cultural theory, literary theory, philosophy.

Paradox of Love Nov 29 2019 This book entails a young man in the names of Mpiima who had an ugly past; time came when he became a Christian and he was transformed into a man of God, however, his past hunted him when he found the love of his life in the names of Nabisaawa, however, at the end of the day, God caused situations to work in Mpiima's favor and the story ended when he was a winner. He won the love of his life.

The Passion Paradox Mar 02 2020 LOVE/SEX/MARRIAGE

The Four Loves Jun 24 2019 "The Four Loves" by C. S. Lewis. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Emotions Explained with Buff Dudes Oct 09 2020 "You know how, since the dawn of humanity, great philosophers and poets have dedicated their entire lives to exploring concepts like love, life itself, logic, and sorrow? Well, those great philosophers and poets are dead now, so I win." — Shen *Emotions Explained With Buff Dudes* is your fully illustrated guide to the hyper-conflicted, tragicomic feelings of our age. Featuring the resilient, shaggy-haired Shen, this debut collection of Owlurd Comix is a tale of triumph and survival — of getting your ass kicked by sleep deprivation and student loans, but never losing hope. Most of all, it's an amusing, instructive journey through a vast array of emotions, including those best explained with dudes who are buff.

The Art of Loving Mar 14 2021 The landmark bestseller that changed the way we think about love: "Every line is packed with common sense, compassion, and realism" (Fortune). *The Art of Loving* is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, *The Art of Loving* is a modern classic about taking care of ourselves through relationships with others by the *New York Times*—bestselling author of *To Have or To Be?* and *Escape from Freedom*. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

The Plant Paradox Sep 19 2021 "I read this book... it worked. My autoimmune disease is gone and I'm 37 pounds lighter in my pleather." — Kelly Clarkson Most of us have heard of gluten—a protein found in wheat that causes widespread inflammation in the body. Americans spend billions of dollars on gluten-free diets in an effort to protect their health. But what if we've been missing the root of the problem? In *The Plant Paradox*, renowned cardiologist Dr. Steven Gundry reveals that gluten is just one variety of a common, and highly toxic, plant-based protein called lectin. Lectins are found not only in grains like wheat but also in the "gluten-free" foods most of us commonly regard as healthy, including many fruits, vegetables, nuts, beans, and conventional dairy products. These proteins, which are found in the seeds, grains, skins, rinds, and leaves of plants, are designed by nature to protect them from predators (including humans). Once ingested, they incite a kind of chemical

warfare in our bodies, causing inflammatory reactions that can lead to weight gain and serious health conditions. At his waitlist-only clinics in California, Dr. Gundry has successfully treated tens of thousands of patients suffering from autoimmune disorders, diabetes, leaky gut syndrome, heart disease, and neurodegenerative diseases with a protocol that detoxes the cells, repairs the gut, and nourishes the body. Now, in *The Plant Paradox*, he shares this clinically proven program with readers around the world. The simple (and daunting) fact is, lectins are everywhere. Thankfully, Dr. Gundry offers simple hacks we easily can employ to avoid them, including: Peel your veggies. Most of the lectins are contained in the skin and seeds of plants; simply peeling and de-seeding vegetables (like tomatoes and peppers) reduces their lectin content. Shop for fruit in season. Fruit contain fewer lectins when ripe, so eating apples, berries, and other lectin-containing fruits at the peak of ripeness helps minimize your lectin consumption. Swap your brown rice for white. Whole grains and seeds with hard outer coatings are designed by nature to cause digestive distress—and are full of lectins. With a full list of lectin-containing foods and simple substitutes for each, a step-by-step detox and eating plan, and delicious lectin-free recipes, *The Plant Paradox* illuminates the hidden dangers lurking in your salad bowl—and shows you how to eat whole foods in a whole new way.

A Problematic Paradox Jul 18 2021 *Guardians of the Galaxy* meets *The Hitchhiker's Guide to the Galaxy* in this wild, warm-hearted, and hilarious sci-fi debut about a brainy young girl who is recruited for a very special boarding school. "It's like Harry Potter, but with science instead of magic. Nikola is exactly the smart female protagonist that the sci-fi genre needs." --HelloGiggles Nikola Kross has given up on living in harmony with classmates and exasperated teachers: she prefers dabbling in experimental chemistry to fitting in. But when her life is axially inverted by a gang of extraterrestrials who kidnap her dad and attempt to recruit her into their service, she discovers he's been keeping a world of secrets from her—including the school for geniuses where she's sent for refuge, a place where classes like Practical Quantum Mechanics are the norm and where students use wormholes to commute to class. For Nikola, the hard part isn't school, it's making friends, especially when the student body isn't (entirely) human. But the most puzzling paradox of all is Nikola herself, who has certain abilities that no one understands—abilities that put her whole school in greater danger than she could have imagined. "A glorious cacophony of wildly inventive gadgets, gags, and action." --Kirkus Reviews, starred review "An amazing and often hilarious world that feels like a blend of *A Series of Unfortunate Events* and *Harry Potter*, but with futuristic inventions rather than magic." --School Library Connection, starred review "Smart, energetic, and original . . . Readers will willingly jump with Nikola into the nearest wormhole and next adventure." --School Library Journal *The Terrible and Wonderful Reasons Why I Run Long Distances* May 16 2021 This is not just a book about running. It's a book about cupcakes. It's a book about suffering. It's a book about gluttony, vanity, bliss, electrical storms, ranch dressing, and Godzilla. It's a book about all the terrible and wonderful reasons we wake up each day and propel our bodies through rain, shine, heaven, and hell. From #1 New York Times best-selling author, Matthew Inman, AKA *The Oatmeal*, comes this hilarious, beautiful, poignant collection of comics and stories about running, eating, and one cartoonist's reasons for jogging across mountains until his toenails fall off. Containing over 70 pages of never-before-seen material, including "A Lazy Cartoonist's Guide to Becoming a Runner" and "The Blerch's Guide to Dieting," this book also comes with Blerch race stickers.

A Brief History of the Paradox May 28 2022 Can God create a stone too heavy for him to lift? Can time have a beginning? Which came first, the chicken or the egg? Riddles, paradoxes, conundrums—for millennia the human mind has found such knotty logical problems both perplexing and irresistible. Now Roy Sorensen offers the first narrative history of paradoxes, a fascinating and eye-opening account that extends from the ancient Greeks, through the Middle Ages, the Enlightenment, and into the twentieth century. When Augustine asked what God was doing before He made the world, he was told: "Preparing hell for people who ask questions like that." *A Brief History of the Paradox* takes a close look at "questions like that" and the philosophers who have asked them, beginning with the folk riddles that inspired Anaximander to erect the first metaphysical system and ending with such thinkers as Lewis Carroll, Ludwig Wittgenstein, and W.V. Quine. Organized chronologically, the book is divided into twenty-four chapters, each of which pairs a philosopher with a major paradox, allowing for extended consideration and putting a human face on the strategies that have been taken toward these puzzles. Readers get to follow the minds of Zeno, Socrates, Aquinas, Ockham, Pascal, Kant, Hegel, and many other major philosophers deep inside the tangles of paradox, looking for, and sometimes finding, a way out. Filled with illuminating anecdotes and vividly written, *A Brief History of the Paradox* will appeal to anyone who finds trying to answer unanswerable questions a paradoxically pleasant endeavor.

The Chimp Paradox Aug 31 2022 "An incredibly powerful mind management model that can help a person become happier, more confident, and a healthier more successful person"--Cover.

Everything I Know About Love Aug 07 2020 THE SUNDAY TIMES BESTSELLER NOW A MAJOR BBC ONE TV SERIES 'There is no writer quite like Dolly Alderton working today and very soon the world will know it' Lisa Taddeo, author *Three Women* 'The book we will thrust into our friends' hands. Alderton feels like a best friend and your older sister all rolled into one and her pages wrap around you like a warm hug' Evening Standard Award-winning journalist Dolly Alderton survived her twenties (just about) and in *Everything I Know About Love*, she gives an unflinching account of the bad dates and squalid flat-shares, the heartaches and humiliations, and most importantly, the unbreakable female friendships that helped her to hold it all together. Glittering with wit, heart and humour, this is a book to press into the hands of every woman who has ever been there or is about to find themselves taking that first step towards the rest of their lives. 'Alderton is Nora Ephron for the millennial generation' Elizabeth Day 'Steeped in furiously funny accounts of one-night stands, ill-advised late-night taxi journeys up the M1, grubby flat-shares and the beauty of female friendships, as Alderton joyfully booze-cruises her way through her twenties' Metro 'Deeply funny, sometimes shocking, and admirably open-hearted and optimistic' Daily Telegraph 'A sensitive, astute and funny account of growing up millennial' Observer 'I loved its truth, self awareness, humour and most of all, its heart-spilling generosity' Sophie Dahl 'Alderton proves a razor-sharp observer of the shifting dynamics of long term female friendship' Mail on Sunday 'It's so full of life and laughs - I gobbled up this book. Alderton has built something beautiful and true out of many fragments of daftness' Amy Liptrot *Winner of Autobiography of the Year at the National Book Awards 2018* *A Waterstones Paperback of the Year 2019* *A Sunday Times paperback of the year 2019* *Selected for Stylist's The Decade's 15 Best Books by Remarkable Women*

5 Very Good Reasons to Punch a Dolphin in the Mouth (And Other Useful Guides) Jul 30 2022 In Matthew Inman's New York Times best selling *5 Very Good Reasons to Punch a Dolphin in the Mouth (And Other Useful Guides)*, samurai sword-wielding kittens and hamsters that love .50-caliber machine guns commingle with a cracked out Tyrannosaurus that is extremely hard to potty train. Bacon is better than true love and you may awake in the middle of the night to find your nephew nibbling on your toes. Inman creates these quirky scenes for *theoatmeal.com*, which launched in July 2009 and already has more than 82 million page views. In fact, every 15 to 30 seconds, someone Googles one of *theoatmeal.com*'s creations. Now, 60 of Inman's comic illustrations and life-bending guides are presented in full-color inside *5 Very Good Reasons to Punch a Dolphin in the Mouth (And Other Useful Guides)*. Consider such handy advice as: 4 Reasons to Carry a Shovel at All Times, 6 Types of Crappy Hugs, 8 Ways to Tell if Your Loved One Plans to Eat You, 17 Things Worth Knowing About Your Cat, and 20 Things Worth Knowing About Beer.

Nicomachean Ethics Jul 06 2020 *Nicomachean Ethics* Aristotle - *The Nicomachean Ethics* is one of Aristotle's most widely read and influential

works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the *Ethics* that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's *Ethics* in his political philosophy as a whole. The *Nicomachean Ethics* has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

The Survival Paradox: Reversing the Hidden Cause of Aging and Chronic Disease Jun 04 2020 Cancer. Organ failure. Accelerated aging. Can a single "survival molecule" fuel our most deadly and devastating health concerns? The truth is, the very biochemical mechanisms the body uses to survive are actually making us sick. This is the survival paradox. When our body's survival response is triggered, there is a cost: pain, inflammation, and life-threatening disease. But there is a way to overcome it. Drawing on inspirational healing stories and cutting-edge research, integrative medicine expert Dr. Isaac Eliaz presents a roadmap to master your biochemistry and overcome this paradox. The result? Healing and transformation on every level: physical, mental, and emotional. The *Survival Paradox* offers a groundbreaking new perspective in medicine—and the key to unlocking your infinite healing potential.

Fringe - The Zodiac Paradox (Novel #1) Nov 09 2020 Critically acclaimed *Fringe* explores new cases with endless impossibilities. Set in Boston, the FBI's *Fringe* Division started when Special Agent Olivia Dunham enlisted institutionalized "fringe" scientist Walter Bishop and his globe-trotting, jack-of-all-trades son, Peter, to help in investigations that defy all human logic - and the laws of nature. The first in an all-new series of tie-in novels!

The Profit Paradox Jun 16 2021 "A book on why most things are more expensive or lower quality, and why we're all still working long hours for the same or lower wages. Does it ever seem like most things you buy are more expensive or not as good as they once were, or both? Does it ever seem odd that, despite having access to much better communication and cheaper transportation, we're all working just as many hours and for the same wages as workers decades ago? Well, we now know you're not wrong to wonder about these things. In recent years, economists have been documenting how most of the gains from technology and globalization have been going to an increasingly concentrated number of huge businesses, at the expense of consumers and workers. Prices are higher and wages are lower. The reason is market power. One of the first to authoritatively document the rise of market power was Jan Eeckhout. In this book, he will explain for a general audience how large firms have faced increasingly little competition, allowing them to charge higher prices than they otherwise could. And how we, as consumers, pay more for many goods and services—"everything from a bottle of beer to a flight to Houston to our grandmother's prosthetic hip." As a result, business profits have soared since 1980, and just a few "mega firms" dominate the marketplace. Eeckhout shows how the rise in market power has had radically negative effects on work and the lives of workers—trends that, if not reversed, may cause historical corrections in the form of wars and market collapse. Drawing on a wealth of research and the stories of working people, *The Profit Paradox* will explain in clear language the rise of market power, how it could change the world further if left unaddressed, and how we can tackle the problem"--

My Dog: The Paradox Nov 02 2022 The newest collection of the popular web comic, *The Oatmeal*.

The Stupidity Paradox Dec 23 2021 Functional stupidity can be catastrophic. It can cause organisational collapse, financial meltdown and technical disaster. And there are countless, more everyday examples of organisations accepting the dubious, the absurd and the downright idiotic, from unsustainable management fads to the cult of leadership or an over-reliance on brand and image. And yet a dose of stupidity can be useful and produce good, short-term results: it can nurture harmony, encourage people to get on with the job and drive success. This is the stupidity paradox. *The Stupidity Paradox* tackles head-on the pros and cons of functional stupidity. You'll discover what makes a workplace mindless, why being stupid might be a good thing in the short term but a disaster in the longer term, and how to make your workplace a little less stupid by challenging thoughtless conformity. It shows how harmony and action in the workplace can be balanced with a culture of questioning and challenge. The book is a wake-up call for smart organisations and smarter people. It encourages us to use our intelligence fully for the sake of personal satisfaction, organisational success and the flourishing of society as a whole.

The Contact Paradox Aug 19 2021 In *The Contact Paradox*, space journalist Keith Cooper tackles some of the myths and assumptions that underlie SETI—the Search for Extraterrestrial Intelligence.

The Paradox of Love Jun 28 2022 Drawing on history, politics, psychology and pop culture, the author traces the roots of sexual liberation to explain love's supreme paradox, and concludes that love's messiness, surprises and paradoxes are not merely the sources of its pain—but also of its pleasure.

How to Be Perfectly Unhappy Feb 10 2021 In *How To Be Perfectly Unhappy*, Inman explores the surprising benefits of forgetting about "happiness," and embracing instead the meaningful activities that keep us busy and interested and fascinated.

Lumière Dec 11 2020 Even in a land of eternal twilight, secrets can't stay in the dark forever. Seventeen-year-old Eyelet Elsworth has only one hope left: finding her late father's most prized invention, the *Illuminator*. It's been missing since the day of the mysterious flash—a day that saw the sun wiped out forever over England. But living in darkness is nothing new to Eyelet. She's hidden her secret affliction all of her life—a life that would be in danger if superstitious townspeople ever guessed the truth. And after her mother is accused and executed for a crime that she didn't commit, the now-orphaned Eyelet has no choice but to track down the machine that was created with the sole purpose of being her cure. Alone and on the run, she finally discovers the *Illuminator*—only to see a young man hauling it off. Determined to follow the thief and recover the machine, she ventures into the deepest, darkest, most dangerous part of her twisted world. Revised edition: This edition of *Lumière* includes editorial revisions.

The Power Paradox Jan 24 2022 A revolutionary rethinking of everything we know about power It shapes every interaction we have, whether we're trying to get a two-year-old to eat green vegetables or ask for a promotion at work. But how do we really gain power? And what does it do to us? As renowned psychologist Dacher Keltner reveals, the new science of power shows that our Machiavellian view of status is wrong. Influence comes not to those who are ruthless, but to those with socially intelligence and empathy. Yet, ironically, the seductions of success lead us to lose those very qualities that made us powerful in the first place. Keltner draws on fascinating case studies to illuminate this 'power paradox', revealing how it shapes not just companies and elections but everyday relationships. As his myth-busting research shows, power - and powerlessness - distorts our behaviour, affecting whether or not we will have an affair, break the law, drive recklessly or find our purpose in life. In twenty original 'power principles', Keltner shows how we can retain power by maintaining a focus on others. By redefining power as the ability to do good, *The Power Paradox* turns everything we know about influence, status and inequality upside down.

The Love Paradox Mar 26 2022 This book transforms! It surprises you. It intrigues you. Most of all it frees you! This is your invitation to value your self the way God values you, then discover the delightful impact it has on everyone else. You will experience how a Biblical love of self

enhances your relationships. At first, *The Love Paradox* may seem absurd, but on reflection, it will actually produce a deep sense of satisfaction. Come on! Take the journey from what seems ridiculous to what is profoundly true. Lead others by loving your self. Join in the conversation at KarlGalik.com to explore the relationship between your personal well-being and its influence on your mission. Rev. Dr. Karl Galik Karl is a nationally recognized speaker, author and leadership coach specializing in the connection between personal well-being and success in life. His universal message has impacted a wide range of people including medical professionals, entrepreneurs, clergy and stay-at-home parents. He is a pastor with a Master's of Divinity and 29 years of pastoral experience. He has a second Master's in Marriage and Family Therapy as well as a Doctor of Ministry in Leadership. Karl has been married to Marilouise for over 35 years. Together they have three married children and four grandchildren.

The Four Loves Apr 02 2020 A repackaged edition of the revered author's classic work that examines the four types of human love: affection, friendship, erotic love, and the love of God—part of the *C. S. Lewis Signature Classics* series. C.S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Eros, passionate love; charity, the greatest and least selfish. Throughout this compassionate and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God.

The One I Love (Drama): Paradox of Love Dec 31 2019 This book is a play which entails a young man in the names of Mpiima, who had an ugly history, time came when he converted and he was transformed into a man of God, however, his history hunted him when he found the love of his life in the names of Nabisaawa, however, at the end of the day, God caused situations to move in Mpiima's favor and the story ended when he was a winner. He won the love of his life.
