Empress of the Seven Hills 05 2022 A tale of love, power and intrigue from the New York Times and USA Today bestselling author of The Alice Network and The Diamond Eye. Powerful, prosperous, and expanding ever farther into the untamed world, the Roman Empire has reached its peak under the rule of the beloved Emperor Trajan. But neither reign can last forever... Brash and headstrong, Vix is a celebrated ex-gliadiator returned to Rome to make his fortune

sinuous, elusive Sabina is a senator's daughter who craves adventure. Sometimes lovers, sometimes enemies, Vix are united by their devotion to Trajan. But others are already maneuvering in the shadows. Trajan's ambitious Emperor has her own plans for Sabina. And the aristocratic politician Hadrian—who is both the Empress's ruthless protégé and her mortal enemy—has ambitions he confesses to no one, ambitions rooted in a secret prophecy. When Trajan falls, she will be caught in a deadly whirlwind that may seal their fates, and that of the entire Roman Empire...

Gardens of the Roman World Aug 29 2019 Romans loved their gardens, whether they were the grand gardens of imperial country estates or the small private spaces tucked behind city houses. They treasured gardens both as places for relaxation and as plots to grow ornamental plants as well as fruits and vegetables. The soothing sound of bubbling fountains added further to the pleasures of life in the garden. Romans constructed gardens in every corner of their empire, from North Africa and from Portugal to Asia Minor. Long after their empire collapsed, the gardens they had so carefully planted continued to exert influence in the farflung corners of their former world. This book describes the varied gardens throughout the empire, from the humblest to the most lavish, including such well-known places as Hadrian's Villa at Tivoli and the gardens of Pompeii and Herculaneum. The continued influence of Roman gardens is traced through the medieval, and Renaissance gardens to the present day. Many of the lavish illustrations were commissioned for the book.

The History of Rome (Complete Edition: Volumes 1-5) 2019 The History of Rome is a five volume history of ancient Rome written by Theodor Mommsen, dealing mainly with the Roman Republic. First volume deals with the Roman origin and covers the period anterior to the abolition of the Monarchy. Second volume depicts events from the abolition of the monarchy in Rome to the union of Italy. Third volume deals with the Punic Wars and the subjugation of Carthage and the Greek East. Volume four covers the Revolution, dealing with the Gracchi, Marius, Drusus, and Sulla. Final volume covers the transition from Republic to Empire and the establishment of the military monarchy during the reign of Julius Caesar.

Thermae Romae, Vol. I Nov 24 2021 Though he has been trapped in the twenty-first century for several weeks, Lucius is amazed at the wondrous innovations of the flat-faced people, and meeting Satsuki has given him an even greater understanding of the things he has seen - not to mention an undeniable flutter in his heart. But despite his curiosity, Lucius worries at the amount of time that has passed since he left Rome. The political atmosphere was already tense after the death of the emperor's heir, and Lucius fears what may befall Rome and the ailing Hadrian in his absence. Matters are no less precarious in the hot-springs town of Ito. With aggressive developers bullying the established bathhouse, Lucius may be called upon to save the sacred appreciation for the bath both in the past and in the present in this final volume. THERMAE ROMAE!

The Foundation of Rome [Sep 03 2022](#) Augusto Frascchetti describes the legends surrounding the origins, foundation, early history of Rome, the significance the Romans attached to the legends of their origins, and the uses to which they were put. Between 1000 BC and 650 BC a cluster of small, isolated groups of thatched huts on the Roman hills became an extensive and complex city, its monumental buildings and large public spaces evidence of power and wealth. Two foundation legends accounted for this shift, one featuring the Trojan fugitive Aeneas and the other the wolf-reared twins Romulus and Remus. Both played a significant role in Roman thought and identity, preoccupying generations of Roman historians and providing an important theme in Roman poetry. In the last two centuries the foundation era of Rome has been the subject of extensive investigations by archaeologists. These have revealed much that was previously a mystery and have allowed us to piece together a coherent account of the early history of the city. Professor Frascchetti considers this evidence to the degree to which it supports or undermines the legends, Roman documentary accounts, and the work of modern historians. He reveals what now seems the most probable history of Rome's origins and rise to regional pre-eminence.

[Ancient Rome from the Earliest Times Down to 476 AD](#) 2021

Propertius in [Love](#) [May 07 2020](#) These ardent, even obsessed, poems about erotic passion are among the brightest jewels of the crown of Latin literature. Written by Propertius, Rome's greatest poet of love, who was born around 50 b.c. and was a contemporary of Ovid, these elegies tell of Propertius' tormented relationship with a woman he calls "Cynthia." This connection was sometimes blissful, more often agonizing, but as the poet came to recognize, it went beyond passion to become the defining event of his life. Whether or not it was Propertius' explicit intention, these elegies extend to the realm of desire, and of the human condition itself.
