**Ondine Quartet Companion Works (#0.5, #2.1, #2.2, #2.5)** Nov 01 2022 A collection of shorter works each centering around a character from the Ondine Quartet series. Originally published as digital novellas, Ondine, Chevalier, and Warrior Prince are now in a single collection and available in print for the first time. This collection also includes *The Gift*, a bonus short story set within the

Billow (Book 2) timeline. ONDINE Rebellious and headstrong, sixteen-year-old Kendra Irisavie doesn't have much respect for authority. An ondine with the powerful gift of Virtue, she uses her tough attitude and Empath magic to navigate through high school and keep others away. Because being an ondine also means keeping secrets. Kendra and her mother are Rogue water elementals in the middle of an ancient war. They hide among humans, their survival constantly threatened by monstrous Aquidae demons. Along with a rigorous training regimen to mold Kendra into a lethal fighter, her mother has instituted four rules to keep her safe. Trust no one. Relationships are weaknesses. Emotional attachments are dangerous. Be responsible only for yourself. But when Kendra witnesses a classmate in trouble, she intervenes and her decision to break the rules comes at a price. Sometimes, humans could be more dangerous than demons. Ondine is a short prequel novella for the young adult urban / paranormal fantasy series, the Ondine Quartet.

CHEVALIER "What I did wasn't about staying within the lines. It was about crossing them." New York poses an unknown challenge to Julian LeVeque and Kendra Irisavie. Determined to help elementals gain traction in the war, they partner in the covert investigation of the elusive Shadow and plunge into the complex depths of the city. But when the First Lieutenant and sondaleur finally cross paths with the world of Manhattan's Aquidae, they find more than they bargained for. Chevalier is a short novelette set within the Ondine Quartet world and is from Julian's point of view. The events in this work take place between Billow (book two) and Crest (book three).

WARRIOR PRINCE "Her beauty was as startling as a wildflower in an urban concrete jungle. It exploded around her, a vibrant, fiery wash of color amid a world of grey. A life straining to be free." This is not a short story, novella, or stand alone. It is a collection of scenes from Tristan's point of view and is meant to be a companion work to the Ondine Quartet series. Warrior Prince features seventeen scenes from Whirl (book 1) and Billow (book 2). Seven are extra scenes that do not appear in previous books.

Juan-les-Pins, the French Riviera, 1936: Ondine is a sixteen-year old girl working at her family's cafe when she is called upon to cook for Picasso, who has secretly rented a nearby villa. Picasso is successful, powerful, virile - yet he is also a man beset by his own demons, and he's at a great crossroads in his personal and professional life. The spirited Ondine is just beginning to discover her own talents and appetites, and she quickly blossoms in many ways from her encounter with Picasso - each inspires the other. New York, 2016: Celine, Ondine's American granddaughter, decides to embark on a journey to the French Riviera in a quixotic quest to do what her fragile mother Julie is no longer able to do - that is, to find out what really happened when her grandmother Ondine crossed paths with the great Picasso ... and possibly recover a lost family treasure. To carry out her quest, Celine takes her mother's place in a cooking class at an elegant Provencal farmhouse, run by Gil, a mercurial English master chef who is wildly talented but doesn't suffer fools and has demons of his own. **Claiming Diaspora** Jun 03 2020 Framed by a century and a half of racialized Chinese American musical experiences, *Claiming Diaspora* explores the thriving contemporary musical culture of Asian/Chinese America. Ranging from traditional operas to modern instrumental music, from ethnic media networks to popular music, from Asian American jazz to the work of recent avant-garde composers, author Su Zheng reveals the rich and diverse musical activities among Chinese Americans and tells of the struggles of Chinese Americans to gain a foothold in the American cultural terrain. She not only tells their stories, but also examines the dynamics of the diasporic connections of this musical culture, revealing how Chinese American musical activities both reflect and contribute to local, national, and transnational cultural politics, and challenging us to take a fresh look at the increasingly plural and complex nature of American cultural identity.

**"Kaija Saariaho: Visions, Narratives, Dialogues "** Nov 20 2021 Kaija Saariaho is internationally recognized as a leading figure in contemporary music, enjoying a well-deserved reputation for works that are both creatively original and of considerable appeal. Her music communicates with a refreshingly broad audience, and this special achievement deserves careful consideration. In the first symposium book in English to be dedicated exclusively to this single figure, scholars from both the UK and Saariaho's native Finland bring a range of perspectives to her richly varied output. Uncovering the compositional, historical, cultural and sociological issues that have resulted in such critical acclaim lies at the heart of this collection of essays. Saariaho's approach to composition is an interdisciplinary one; it embraces a number of art forms - visual, literary and musical - in works that explore a creative dialogue between image, continuity and time. While such diversity is readily accommodated in a multi-authored collection, the consistency of an underlying compositional identity and integrity is also an important trait. The grouping of these essays into three strands - 'visions', 'narratives' and 'dialogues' - reflects the wide range of Saariaho's creative preoccupations while subscribing to a carefully structured succession of commentaries.

*Surprised by Beauty* Aug 18 2021 The best music of the 20th century "developed our capacity for feeling, deepened our compassion, and furthered our quest for and understanding of what Aristotle called 'the perfect end of life' ". — from the Foreword by NPR music critic Ted Libbey The single greatest crisis of the 20th century was the loss of faith. Noise—and its acceptance as music—was the product of the resulting spiritual confusion and, in its turn, became the further cause of its spread. Likewise, the recovery of modern music, the theme to which this book is dedicated, stems from a spiritual recovery. This is made explicitly clear by the composers whose interviews with the author are collected in this book. Robert Reilly spells out the nature of the crisis and its solution in sections that serve as bookends to the chapters on individual composers. He does not contend that all of these composers underwent and recovered from the central crisis he describes, but they all lived and worked within its broader context, and soldiered on, writing beautiful music. For this, they suffered ridicule and neglect, and he believes their rehabilitation will change the reputation of modern music. It is the spirit of music that this book is most about, and in his efforts to discern it, Reilly has discovered many treasures. The purpose of this book is to share them, to entice you to listen—because beauty is contagious. English conductor John Eliot Gardiner writes that experiencing Bach's masterpieces "is a way of fully realizing the scale and scope of what it is to be human". The reader may be surprised by how many works of the 20th and 21st centuries of which this is also true. The book includes 100s of CD recommendations, which will be regularly updated on the website for the book: [www.SurprisedByBeauty.org](http://www.SurprisedByBeauty.org).
