The Last LieNov 03 2022 Thankfully Alan and Lauren Gregory aren't on the guest list when their affluent new neighbors hold a housewarming party-because the next morning, a rape accusation rocks the town of Boulder. And though Alan discovers he has a most unusual perspective into what truly happened after the party-he may not be able to stop crucial witnesses-and people close to him-from being murdered...

**The Gluten Lie**Feb 11 2021 An incendiary work of science journalism debunking the myths that dominate the American diet and showing readers how to stop feeling guilty and start loving their food again—sure to ignite controversy over our obsession with what it means to eat right. FREE YOURSELF FROM ANXIETY ABOUT WHAT YOU EAT Gluten. Salt. Sugar. Fat. These are the villains of the American diet—or so a host of doctors and nutritionists would have you believe. But the science is far from settled and we are racing to eliminate wheat and corn syrup from our diets because we've been lied to. The truth is that almost all of us can put the buns back on our burgers and be just fine. Remember when butter was the enemy? Now it's good for you. You may have lived through times when the Atkins Diet was good, then bad, then good again: you may have wondered why all your friends cut down on salt or went Paleo; and you might even be thinking about cutting out wheat products from your own diet. For readers suffering from dietary whiplash, The Gluten Lie is the answer. Scientists and physicians shockingly little about proper nutrition that they didn't know a thousand years ago, even though Americans spend billions of dollars and countless hours obsessing over "eating right." In this groundbreaking work, Alan Levinovitz takes on bestselling physicians and dietitians, exposing the myths behind how we come to believe which foods are good and which are bad—and pointing the way to a truly healthful life, free from anxiety about what we eat.

**Compound Fracture**Nov 22 2021 For more than twenty years, in nearly a score of bestselling crime novels, Stephen White's stories of Boulder psychologist Alan Gregory have captivated millions of readers. Now Compound Fracture provides a riveting last chapter to the series. Nothing is as it seems to Alan, as unexpected threats and intimate betrayals force him to revisit a cruel ethical dilemma that turned his life upside down as a young psychologist. He has to judge whether the people reentering his life after long absences are friends or foes. He has to make sense of echoes of distant tragedies while he decides if there is anyone he can really trust. And as clock ticks down, he must solve a deadly mystery in Eldorado Springs that has been brewing for more than a decade...

**What It's Like to Be a Dog**Nov 30 2019 What does your dog really think about you? To find out, Gregory Berns became the first neuroscientist to persuade dogs to lie in an MRI machine wide awake. Now we know more about our best friends than ever before—how varying capacities for self-control and different value systems set them apart as individuals, and how deeply they understand the words we speak to them. Berns' discoveries have profound implications for how we communicate with and treat these beloved animals. But he didn't stop there. Berns also delves into the inner lives of sea lions, bats, dolphins, and even the extinct Tasmanian tiger. His revolutionary explorations are essential reading for animal lovers of all stripes.

**Line of Fire**Jul 19 2021 When authorities reopen their investigation into the suicide of a woman named J. Winter Brown, Boulder psychologist Alan Gregory and his equally culpable friend Sam Purdy inadvertently disclose details of their involvement in her death. Now, the trail that leads back to Alan and Sam, once cold, has turned white-hot. With his vulnerability mounting daily, Alan begins to fear that a mesmerizing new patient may be the catalyst that can cause everything he treasures—his marriage, family, friendship, and future—to implode. As the authorities close in, the story hurtles toward a conclusion that will set the stage for the most unexpected of deaths—the final act of the Alan Gregory saga.

**The Siege**Feb 23 2022 New York Times bestselling author of Dead Time Disgraced Boulder detective Sam Purdy, FBI counter-terrorism specialist Christopher Poe, and CIA analyst Deirdre Drake are drawn to Yale University to investigate the disappearances of several students—including the sons of both the Secretary of the Army and a Supreme Court Justice. An unseen enemy is playing by no rules, making no demands, somehow anticipating every FBI move—and executing hostages, one by one...

**Dead Time**Jun 29 2022 A woman from Alan Gregory's past draws him into a deadly mystery in this exhilarating thriller from New York Times bestselling author Stephen White. Colorado psychologist Alan Gregory is struggling to repair his insecure marriage when he makes an unexpected connection with the past. His ex-wife Merideth needs his help. She claims that the surrogate mother of her unborn child has vanished without a trace—a mystery with unnerving connections to the disappearance of another young woman several years earlier at the base of the Grand Canyon. As new demons, old betrayals, and unknown enemies surface, Alan unearths a series of secrets someone will kill to keep buried, and deceptions that will forever change his life.

**Dead at Third**Jun 05 2020 He knows he's more than just another washed-up ex-cop. Solving a murder will help him prove it... A straight-shooter who lives on his boat and likes a drink or two, Henry's frustrated he can't even land work as a dispatcher. And his job running security for a local baseball team is far from his idea of excitement. But it pays the bills. The morning after the season ends, Henry's at his friend's bar with a Bloody Mary in one hand and a phone in the other. He takes a call that could change everything... Turns out a couple of fishermen pulled third baseman Lance Moreau's body from the St. Johns River. And his teammate's been arrested for the murder. The team's owner turns to Henry to help prove the cops have the wrong man. Henry knows working security in an empty ballpark is one thing. But investigating a murder? It won't be easy. Lucky for him he has Alex Jepson on his side. She's beautiful. She's tough. And as Henry likes to say...she's the one with the brains. They're a good match, in more ways than one. Now all they have to do is find the real killer...

**Warning Signs**Jul 31 2022 The murder of Boulder's controversial district attorney becomes all too personal for psychologist Alan Gregory since the dead man had been his wife's boss, but he soon realizes that the killing was only the first step in a deadly scheme of crime and vengeance

**The Best Revenge**Sep 01 2022 Cold honesty, grudging acceptance, and sweet revenge: facing down the demons in small-town New Hampshire.

**Yorkshire Deeds: Volume 1**May 17 2021 Published 1909-55, this ten-volume collection contains abstracts and transcriptions of Yorkshire deeds from the twelfth to the seventeenth century.

**Missing Person**Apr 27 2022 Hannah Grant had volunteered to cover Alan Gregory's practice over the Christmas period, but when he and another colleague called at her office they discovered her body, the cause of death not clear. Then on Christmas Day itself a fourteen-year-old girl is reported missing - eight years to the day after another missing child had been discovered murdered - a girl who had she lived would have been fourteen. Then it emerges that the parents of the latest missing girl had been treated by Alan some years ago, and recently the girl herself had consulted Hannah. Could any of these tangential connections prove to be links to both deaths and the missing girl, or are they mere coincidences? And should Alan break the seal of patient/doctor confidentiality if the few strands of knowledge he has can throw light on any of these mysteries?

**Diana**Aug 20 2021 Was Diana murdered? Was the British Royal family involved? Was she pregnant and engaged to Dad? Did the paparazzi or 'a blinding white flash' cause the crash? Was driver Henri Paul really drunk or were his blood tests switched? Since Princess Diana died in Paris on 31 August 1997 there have been more questions than answers about the crash that killed her, despite lengthy official French and British investigations. This authoritative and up-to-date study into the death of Diana, Princess of Wales, which includes unique access to Diana's close friends and bodyguards, French and British detectives who probed the crash, and the official French investigation's dossier into the crash.

**The Cardinal of the Kremlin**Aug 27 2019 In this electrifying #1 New York Times bestselling thriller from Tom Clancy, a silent war between the USA and Russia will decide the fate of the world—and Jack Ryan is behind enemy lines. Two men possess vital data on Russia's Star Wars missile defense system. One of them is CARDINAL—America's highest agent in the Kremlin—and he's about to be terminated by the KGB. The other is the one American who can save CARDINAL and lead the world to the brink of peace...or war.

**Business Model Generation**Jul 20 2020 Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model—or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

**The Ark of Speech**Mar 03 2020 The Ark of Speech investigates the interplay of speech and silence in the dialogue between God and human beings, and human beings and the world. Ranging from the Old Testament and its depiction of God's creative word to the New Testament and its focus on the life and words of Jesus as the Word of the Father, the book shows how important it is for the believer to listen to God and to others in silence and devotion.

**Proving Darwin**Jul 27 2019 Groundbreaking mathematician Gregory Chaitin gives us the first book to posit that we can prove how Darwin's theory of evolution works on a mathematical level. For years it has been received wisdom among most scientists that, just as Darwin claimed, all of the Earth's life-forms evolved by blind chance. But does Darwin's theory function on a purely mathematical level? Has there been enough time for evolution to produce the remarkable biological diversity we see around us? It's a question no one has yet answered—in fact, no one has even attempted to answer it until now. In this illuminating and provocative book, Gregory Chaitin argues that we can't be sure evolution makes sense without a mathematical theory. He elucidates the mathematical scheme he's developed that can explain life itself, and examines the works of mathematical pioneers John von Neumann and Alan Turing through the lens of biology. Chaitin presents an accessible introduction to metabiology, a new way of thinking about biological science that highlights the mathematical structures underpinning the biological world. Fascinating and thought-provoking, Proving Darwin makes clear how biology may have found its greatest ally in mathematics.

**Compound Fracture**Apr 15 2021 Psychologist Alan Gregory discovers that the obstacles threatening his personal and professional arenas are being orchestrated by unrecognized enemies who force him to reconsider what he has long believed about trust and love.

**Homintern**Sep 20 2021 Woods identifies the ways in which homosexuality has helped shape Western culture. Extending from the trials of Oscar Wilde to the gay liberation era, this book examines a period in which increased visibility made acceptance of homosexuality one of the measures of modernity. Woods looks at the informal networks of gay people in the arts and other creative fields. Uneasily called "the Homintern" by those suspicious of international homosexual conspiracy, such networks connected gay writers, actors, artists, musicians, dancers, filmmakers, politicians, and spies. While providing some defense against dominant heterosexual exclusion, the grouping brought solidarity, celebrated talent, and, in doing so, invigorated the majority culture. Traveling from Harlem in the 1910s to 1920s Paris, 1930s Berlin, 1950s New York and beyond, this book presents a portrait of twentieth-century gay culture and the men and women who both redefined themselves and changed history.

**The Best Revenge**Oct 10 2020 In a riveting new novel of psychological suspense, Stephen White shines a brilliant light on the darkness that hides just beneath the surface of ordinary lives, on the fears that cripple us and the prisons we create—prisons of the body, mind, and spirit. A thriller of runaway tension, taps into our most closely guarded fears, taking us on a harrowing journey into a realm of terror and pain, of love gone wrong and vengeance gone mad. Psychologist Alan Gregory is living through a season of discontent. With a new daughter, a wonderful wife, and a prospering career, he has little to complain about and lots of regrets: past cases that won't let him go, patients who don't get better, and a growing unease with keeping secrets. But Gregory has two new patients who will drag him out of his introspection—and dare him to enter a storm of injustice and revenge. FBI special agent Kelda James is a hero, a woman who as a rookie agent made a choice, drew her gun, and saved a life, taking another. Now Kelda is hiding from the world a secret pain that is gradually crippling her body—and she has turned to Alan Gregory to help free her from the prison of her pain. Then Kelda refers a patient to Gregory, who is terrifyingly dangerous to them both. Tom Clone served thirteen years on Colorado's death row for a crime he claimed he didn't commit—until an FBI agent dug up evidence that set him free. The agent's name: Kelda James. With both Kelda and Clone telling him their innermost secrets, Alan Gregory becomes the one person who can piece together an extraordinary puzzle—of two unsolved violent deaths of vulnerable women, of a man who may be innocent or may be very lucky, and of the strange, fatal attraction between two people trapped in a horrific plot to get revenge. A thriller that delivers a stunning body-blow of a surprise ending, captures lives colliding at unpredictable angles, probing the dangerous lies people tell to each other and themselves. In this astonishing work by a novelist at the height of his powers, Stephen White brilliantly blends thrilling action and breakneck pacing with unrivaled insight into the human mind, heart, and psyche.

**Why Should the Devil Have All the Good Music**th 25 2019 The riveting, untold story of the "Father of Christian Rock" and the conflicts that launched a billion-dollar industry at the dawn of America's culture wars. In 1969, in Capitol Records' Hollywood studio, a blonde-haired troubadour named Larry Norman laid track for an album that would launch a new genre of music and one of the strangest, most interesting careers in modern rock. Having spent the bulk of the 1960s playing on bills with acts like the Who, Janis Joplin, and the Doors, Norman decided that he wanted to sing about the most countercultural subject of all: Jesus. Billboard called Norman "the most important songwriter since Paul Simon," and his music would go on to inspire members of bands as diverse as U2, The Pixies, Guns N' Roses, and more. To a young generation of Christians who wanted a way to be different in the American cultural scene, Larry was a godsend—spinning songs about one's eternal soul as deftly as he did ones critiquing consumerism, middle-class values, and the Vietnam War. To the religious establishment, however, he was a thorn in the side; and to secular music fans, he was an enigma, constantly offering up Jesus to problems they didn't think were problems. Paul McCartney himself once told Larry, "You could be famous if you'd just dropped the God stuff," a statement that would foreshadow Norman's ultimate demise. In Why Should the Devil Have All the Good Music?, Gregory Alan Thornbury draws on unparalleled access to Norman's personal papers and archives to narrate the conflicts that defined the singer's life, as he crisscrossed the developing fault lines between Evangelicalism and mainstream American culture—friction that continues to this day. What emerges is a twisty, engrossing story about ambition, art, friendship, betrayal, and the turns one's life can take when you believe God is on your side.

**The Thin Blue Lie**Oct 22 2021 When Greg Dillon is assigned to a federal fugitive task force in Connecticut, he inadvertently uncovers a pattern of misconduct and falsified affidavits. After reporting his concerns to the politician connected but incompetent chief state's attorney, the whistleblower finds himself a target of reprisal. Investigated, transferred, demoted, and threatened, Dillon hires an attorney, and—with the assistance of legendary whistleblower Frank Serpico—takes on both the state of Connecticut and the Department of Justice in federal court, resulting in an explosive verdict and a significant court ruling. 10 percent of the author's profits will be donated to Shepherds.

**Science Fiction Theory**Mar 15 2021 Explores the sublime in Christian theology and science fiction.

**Sexual Dissidence**Jan 01 2020 Why is homosexuality socially marginal yet symbolically central? Why, in other words, is it so strangely integral to the very societies which obsessively denounce it, and why is it history - history rather than human nature - which has produced this paradoxical position? These are just some of the questions explored in this wide-ranging study of sexual dissidence which returns to the early modern period in order to fo

question, and develop issues of postmodernity. In the process it brilliantly links writers as diverse as Shakespeare, Gide, Wilde, and Genet, and cultural critics as different as St. Augustine, Freud, Fanon, Foucault, and Monique Wittig. So Freud's theory of perversion is discovered to be more challenging than either his critics or his advocates usually allow, especially when approached via the earlier period's archetypal pervers, the religious heretic and the wayward woman, Satan and Eve. The book further shows how the literature, histories, and sub-cultures of sexual and gender dissidence prove remarkably illuminating for current debates in literary theory, psychoanalysis, and cultural materialism. It includes chapters on transgression and its containment, contemporary theories of sexual difference, homophobia, the gay sensibility, transvestite literature in the culture and theatre of Renaissance England, homosexuality, and race.

**Inconvenient Facts** Aug 08 2020 "Well researched, clearly written, beautifully presented and, above all, fact-packed books such as Inconvenient Facts are absolutely essential to the very survival of democracy, to the restoration of true science, and to the ultimate triumph of objective truth."—Christopher Monckton, Viscount of Brenchley

**Education, Justice, and Democracy** Sep 08 2020 Education is a contested topic, and not just politically. For years scholars have approached it from two different points of view: one empirical, focused on explanations for student and school success and failure, and the other philosophical, focused on education's value and purpose within the larger society. Rarely have these separate approaches been brought into the same conversation. Education, Justice, and Democracy does just that, offering an intensive discussion by highly respected scholars across empirical and philosophical disciplines. The contributors explore how the institutions and practices of education can support democracy, by creating the conditions for equal citizenship and egalitarian empowerment, and how they can advance justice, by securing social mobility and cultivating the talents and interests of every individual. The authors evaluate constraints on achieving the goals of democracy and justice in the educational arena and identify strategies that we can employ to work through or around those constraints. More than a thorough compendium on a timely and contested topic, Education, Justice, and Democracy exhibits an entirely new, more deeply composed way of thinking about education as a whole and its importance to a good society.

**This Lie Will Kill You** Dec 12 2020 "Will keep readers on edge from start to finish." —Kirkus Reviews Tell the truth. Or face the consequences. Clue meets Riverdale in this page-turning thriller that exposes the lies five teens tell about a deadly night one year ago. One year ago, there was a party. At the party, someone died. Five teens each played a part and up until now, no one has told the truth. But tonight, the five survivors arrive at an isolated mansion in the hills, expecting to compete in a contest with a \$50,000 grand prize. Of course... some things are too good to be true. Now, they realize they've been lured together by a person bent on revenge, a person who stop at nothing to uncover what actually happened on that deadly night, one year ago. Five arrived, but not all can leave. Will the truth set them free? Or will their lies destroy them all?

**The Vanished** Mar Jun 17 2021 Hunting down a killer and master illusionist whose first of several brutal murders took place at a prestigious New York music school, investigator Lincoln Rhyme and his protégé, Amelia Sachs, work together to prevent a terrifying act of vengeance.

**Book of Alan** Nov 10 2020 My account of God's creation of the materials that make up the universe, the galaxies, the stars, the planets, and all the creatures of the Earth, including you. An evolution of the universe, stars, planets, and mankind into humanity. The true plan for humanity with the guidance from God and correctly utilizing the gift of reason given to mankind, creature, to become a true intellectual human species. The guardians of the planet and hopefully other planets within the universe. Humanity can be a true part of the universe and the recipients of the wealth of material and knowledge out there to use in humanity's continued the pursuit of greatness. God's sight: You can stay as a part of mankind and remain on this planet until it perishes or get closer to God and be a part of the greatest discovery in history. There is a true God, there is a true human, and humanity is a part of everything, even after death.

**Critical Conditions** Oct 02 2022 From New York Times bestselling author Stephen White comes the sixth suspense thriller featuring psychologist Dr. Alan Gregory. Summoned to the hospital to learn the motives behind a teenage girl's suicide attempt, Alan discovers that the girl's young stepsister lies near death in another hospital with a heart disease. Denied an experimental new treatment that could save her life by her parent's managed-care provider, the stepsister has become a symbol of a health care system more concerned with costs than with the lives of its patients. And when a wealthy executive of the family's HMO is found dead, Alan and Denver detective Sam Pendergast uncover the truth that links the teenage girl to his death, and the truth behind a family willing to kill in the name of love...and revenge.

**The Other Boleyn Girl** (Movie Tie-In) Dec 24 2021 The daughters of a ruthlessly ambitious family, Mary and Anne Boleyn are sent to the court of Henry VIII to attract the attention of the king, who first takes Mary as his mistress in which role she bears him an illegitimate son, and then Anne as his wife. Reprint. 250,000 first printing. (A Columbia Pictures film, written by Peter Morgan, directed by Justin Chadwick, releasing Fall 2007, starring Natalie Portman, Scarlett Johansson, Eric Bana, and others) (Historical Fiction)

**Strategic Management** Sep 28 2019

**Sickened** Apr 03 2020 A young girl is perched on the cold chrome of yet another doctor's examining table, missing yet another day of school. Just twelve, she's tall, skinny, and weak. It's four o'clock, and she hasn't been allowed to eat anything all day. Her mother, on the other hand, seems curiously excited. She's about to suggest open-heart surgery on her child to "get to the bottom of this." She checks her teeth for lipstick and, as the doctor enters, she shoots the girl a warning glance. This child will not ruin her plans. Sickened From early childhood, Julie Gregory was continually X-rayed, medicated, and operated on—in the vain pursuit of an illness that was created in her mother's mind. Munchausen by proxy (MBP) is the world's most hidden and dangerous form of child abuse, in which the caretaker—almost always the mother—invents or induces symptoms in her child because she craves the attention of medical professionals. Many MBP children die, but Julie Gregory not only survived, she escaped the powerful orbit of her mother's madness and rebuilt her identity as a vibrant, healthy young woman. Sickened is a remarkable memoir that speaks in an original and distinctive Midwestern voice, rising to indelible scenes in prose of scathing beauty and fierce humor. Punctuated with Julie's actual medical records, it re-creates the bizarre cocoon of her family's isolated double-wide trailer, their wild shopping sprees and gun-waving confrontations, the astonishing naivete of medical professionals and social workers. It also exposes the twisted bonds of terror a love that roped Julie's family together—including the love that made a child willing to sacrifice herself to win her mother's happiness. The realization that the sickness lay in her mother, not in herself, would not come to Julie until adulthood. But when it did, it would strike like lightning. Through her painful metamorphosis, she discovered the courage to save her own life—and, ultimately, the life of the girl her mother had found to replace her. Sickened takes us to new places in the human heart and spirit. It is an unforgettable story, unforgettably told. "From the Hardcover edition."

**Kill Me** May 29 2022 Dr. Alan Gregory confronts the case of a man who, having survived a near-fatal accident, makes an agreement with a shadowy organization that ends the lives of clients who do not want to be a burden on the event of dire illnesses or injuries. Reprint.

**Wisdom of Insecurity** Jan 31 2020 'A revelatory classic' Maria Popova 'A spiritual polymath, the first and possibly greatest' Deepak Chopra What we have forgotten is that thoughts and words are conventions, and that it is faith that takes conventions too seriously. Too often we fall into the trap of anticipating the future while lamenting the past and in the midst of this negative loop we forget how to live in the now. In this iconic and prescient text, pioneer scholar Alan Watts shows us how, in an age of unprecedented anxiety, we must embrace the present in order to live a fulfilling life.

**The Evangelical Universalists** Oct 29 2019 -Can an orthodox Christian, committed to the historic faith of the church and the authority of the Bible, be a universalist? -Is it possible to believe that salvation is found only by grace through faith in Christ, and yet to maintain that in the end all people will be saved? -Can one believe passionately in mission if one does not think that anyone will be lost forever? -Could universalism be consistent with the teachings of the Bible? Gregory MacDonald argues that the answer is yes to all of these questions. Weaving together philosophical, theological, and biblical considerations, MacDonald seeks to show that being a committed universalist is consistent with the central teachings of the biblical texts and of historic Christian theology. This second edition contains a new preface providing the backstory of the book, two extensive new appendices, a study guide, and a Scripture index.

**Fletch** May 05 2020 Fletch, investigative reporter extraordinaire, can't be bothered with deadlines or expense-account budgets when it comes to getting his story. Working undercover at the beach to dig up a drug-trafficking scheme for his next blockbuster piece, Fletch is invited into a much deeper narrative. Alan Stanwyk, CEO of Collins Aviation and all-around family man, mistakes the reporter for a strung-out vagabond and asks him for a favor. He and his wife escape to Brazil with \$50,000. Intrigued, Fletch can't help but dig into this suspicious deal he's being offered. Dodging the shady beach police as his case begins to break open, and with his temperamental editor Clara pushing for his article, he soon discovers that Stanwyk has a lot to hide and this plan is anything but what it seems.

**Privileged Information** Jan 13 2021 Psychologist Alan Gregory becomes the prime suspect in a murder investigation when one of his female patients is found dead with a diary describing her bizarre sexual infatuation with him, and as more patients turn up murdered, Dr. Gregory races against time to clear his name. Reprint.

**The Best Revenge** Jan 25 2022 In a riveting new novel of psychological suspense, Stephen White shines a brilliant light on the darkness that hides just beneath the surface of ordinary lives, on the fears that cripple us and the prisons we create—prisons of the body, mind, and spirit. A thriller of runaway tension, taps into our most closely guarded fears, taking us on a harrowing journey into a realm of terror and pain, of love gone wrong and vengeance gone mad. In this astonishing work by a novelist at the height of his powers, Stephen White brilliantly blends thrilling action and breakneck pacing with unrivaled insight into the human mind, heart, and psyche.

**The First Stone** Mar 27 2022 In the autumn of 1992, two young women students at Melbourne University went to the police claiming that they had been indecently assaulted at a party. The man they accused was the head of their co-ed residential college. The shock of these charges split the community and painfully focused the debate about sex and power. 'This is writing of great boldness and it will wring the heart... an intense, eloquent and enthralling work...' - AUSTRALIAN 'This was never going to be an easy book to write, its pages are bathed in anguish and self-doubt, but suffused also with a white-hot anger...' - GOOD WEEKEND 'Travelling with Garner along the complex paths of this sad story is, strangely enough, enjoyable. The First Stone [is] a book worth reading for its writing...' - SYDNEY MORNING HERALD '... Garner has ensured one thing: the debate about sexual harassment... will now have a very public airing. And it will have it in the language of experience to which all women and men have access...' - AGE
